BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL,
CALCUTTA.

PRESENT:

1. MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

APPEARANCES:

the Company: Shri P. R. Mookherjee, M.A., I.L.B.

the Union: Shri Patit Paban Pathak.

By order No. 714Dis./D/11L-3/54, dated Calcutta, the 15th February 1954, the Government of West Bengal, Department of Labour, acting under sections 7 and 10 of the Industrial Disputes Act, 1947, appointed to constitute an Industrial Tribunal and referred to me the abovementioned dispute for adjudication regarding the matters specified in the schedule to the order of reference.

SCHEDULE.

1. Increment.
2. Bonus.
3. Pay for the period of strike from 10th October 1953 to 12th November 1953, including pay for festival holidays falling in this period.

AWARD.**Issue No. 1—Increment.**

The workmen contend that the minimum wages including allowance which this Company pays to a worker are Rs. 43-14 per month consisting of 26 days and that this is a very poor figure. They therefore, pray for an increment of 25 per cent. to all category of workmen so that the lowest level after the increment may be Rs. 55 per month including dearness allowance and the workmen also pray that this increment should have retrospective effect from 28th August 1953, i.e., the date of submission of the bill of demands.

The Company's contention is that since 1952-53 the business has been incurring loss heavily and therefore it had to curtail its production and also to retrench some hands and that increment of wages is not the thing warranted. According to the Company's chart, Ext. D, minimum wages including dearness allowance which the Company at present pays are Rs. 47-8-6 and the next higher grade (figure) is Rs. 51-3. The figures relate to the labourer category, i.e., unskilled worker. I have been shown any Award or agreement or any wage scale of any business concern where the minimum wages including dearness allowance are Rs. 50. Therefore I cannot agree that Rs. 47-8-6 including dearness allowance are fair wages to an unskilled worker. This Company cannot pay less than what the Engineering Tribunal of 1948 had awarded to an unskilled labourer. At least the Company should pay Rs. 51-3 including dearness allowance to the labourers who are now being paid Rs. 47-8-6. For this little increment in the wages, the Company should not raise a grievance under the plea of financial inability or loss in the business. Minimum wages cannot depend upon the employer's capacity to pay. As Mr. Richardson in his book on Minimum Wages says that:

"The criterion of capacity to pay is not a relative factor for the purpose of deciding the living wage."

I use the expression "minimum wage" as distinguished from the "living wage". The Fair Wage Committee, 1949, classified wages under three heads—

- (1) Minimum Wages.
- (2) Fair Wages.
- (3) Living Wages.

Here Rs. 47-8-6 per month including dearness allowance represent minimum wages, but fair wages. It has been held by the Appellate Tribunal in many cases that:

"capacity to pay is not to be taken into consideration in fixing minimum wages".

I cannot recommend increment to all categories of workmen nor to the unskilled labourers who are at present getting Rs. 51-3 per month or more but the unskilled workers who are at present getting only Rs. 47-8-6 including dearness allowance per month are to be paid Rs. 51-3 per month with effect from the date on which this award will be published in the *Calcutta Gazette*.

Issue No. 2—Bonus.

It is admitted that originally this business was a partnership one. When it was converted into a private limited Company, and it is also admitted that the Company paid bonus to the workmen every year since 1949-50 to 1952-53. Ext. C may be referred to in this connexion. The Com

that it did not stop paying bonus even in the years of loss, i.e., 1952-53. The contention of the Company is that in those two years the Company paid bonus as a gesture of goodwill. The workmen claim that bonus is a service condition. There is no express agreement to that effect. The past practice is the only circumstantial evidence on this point. It is admitted that the Company paid the bonus every year at the Pujas and that the year commences from July and ends in June. It comes up to this that the Company paid the bonus in the years 1949-50 and 1950-51 and also in the years of loss, viz., 1951-52 and 1953-54 the Company did not pay any bonus and that is the reference. The circumstances are such that the Company's contention cannot be ruled out. So I am not in a position to hold that bonus is a service condition in this Company. As there has been no profit or in 1952-53, the Company is not liable to pay any bonus during the year 1953.

3.—Pay for the period of strike from 10th October 1953 to 12th November 1953 including pay for festival holidays falling in this period.

The workmen claim their wages for the above strike period and they contend that the strike was the effect of Company's refusal to pay bonus as claimed. The Company argues that if the claim for bonus be negatived by the Tribunal it cannot award wages for the strike period because the strike must be held to be unjustified. In the present case there was no provision of the law, so the strike cannot be held to be illegal but at the same time it cannot be said to be unjustified because the subject-matter (over which the strike was staged, viz., bonus) has failed in this reference case. My attention has been drawn to the Union representative to 1953 L.A.C., page 86—

"I do not think that it would be proper to judge from the result of adjudication of demands whether a strike was justified or not. It cannot be said to be unjustified unless the reasons for it are absolutely perverse and unsustainable."

I fully agree with this proposition of law. Now the question is whether the strike in question was justified, in other words, whether there was a reasonable cause for staging the strike. It appears from the evidence that the Union wanted to have negotiation with the Company for bonus but the Company wrote to the Union on the 15th October 1953 (Ext. 10) that the Managing Agents "would not be in a position to consider the charter of demands until some time next". In the circumstances I cannot hold that the strike was unjustified, particularly as the Union was claiming that the bonus was a service condition payable irrespective of any profit and loss whereas the Company's contention was that it was not a service condition and that the Company's practice was to pay bonus in the years of loss also simply as a gesture of goodwill. The strike generally depends upon lawfulness of purpose. The next question would be whether the workmen taking part in the strike are to get wages for the strike period. The Company contends that this strike was staged during the puja time and as a result thereof the Company lost opportunity to make some profit at that opportune moment of the year. It is no material before me to hold that the Company was guilty of unfair practice in that it did not finally dispose of the demand of the Union and that on the other hand it postponed its consideration. It may be that the Company was thinking if there was any possibility of profit in the half-year and therefore it postponed the consideration of the Union's demand for bonus. In these circumstances, I think the principle "no work,

no pay" is to be invoked. Therefore, my finding is that the stri^{*} entitled to get wages for the strike period in question.

ANNEXURE.

In the matter of an application for interim relief by the employees Messrs. Bengal Bone Mills, Managing Agents: Messrs. S. Curle and Co., arising out of the dispute between the said Company and the employees referred to this Tribunal under Government Order No. 2227 Dis./D/11L-130/54, dated the 26th April 1954, for adjudication.

Order No. 9, dated 24th March 1955.

(Interim Award.)

From the written statement of both sides, it has emerged that the Company was paying Rs. 36 as basic pay and Rs. 7 as cash dearness allowance and Rs. 10 as food concessions per month. Out of this last mentioned sum Rs. 6 has been commuted as dearness allowance at the instance of the Union. So the resultant position was Rs. 36 as basic pay, Rs. 13 as cash dearness allowance and Rs. 4 as food concession per month, the total wages being Rs. 53 per mensem. Now since the 1st September 1954, this food concession has been withheld, because the rationing system has been discontinued by the Government.

The Company contends that the Union wanted the ration shop to be discontinued and now after this has been done, it cannot claim money value of the food concession. Besides the Company has added Rs. 2 to the basic wage and lately Re. 1 more. As the bone mills are passing through a crisis and as the dearness allowance matter forms one of the issues before the Tribunal, the commuted value of the food concession it is urged should not be allowed as an interim relief. I am not impressed by all this argument. If the rationing system has been abrogated, that can never be invoked to the sole benefit of the Company. Why should the workmen suffer? Besides this is allowed, the workmen will get Rs. 4 less than Rs. 53 which is the admitted total wage of the workmen. If the basic wage has been enhanced that will be considered during the trial. But that can never justify the reduction of the dearness allowance, the workmen had been getting so long. So I award Rs. 4 per month to be given to each workman as commuted value of the food concession with effect from 1st September 1954 up to March 1955 as an interim relief and thereafter till the final award. This should be paid within 15 days from this day.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For employee: Shri Sitaram Roy Chowdhury himself.

For employer: Shri V. S. Rastogi, Labour Officer of the Company.

AWARD.

By order No. 4020Dis./D/11L-27/54, dated the 18th August 1954, Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Soorajmull Nagarmull, 8, Dalhousie Square (East), Calcutta-1, and one of their employees, Shri Sitaram Roy Choudhury, 5, Chandra Nath Chatterjee Street, Bhowanipore, Calcutta-25, represented by himself, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, by order No. 592Dis./D/12L-5/52, dated the 23rd February 1953.

After usual summons the parties entered appearance and filed their pleadings. The pleadings were completed on 15th November 1954. The parties were thereafter directed to file their lists of documents. The matter was then heard on 28th February 1955.

The matter of dispute as stated in the schedule to the order of reference is as follows:—

That compensation Shri Sitaram Roy Choudhury is entitled to get for loss of his job?

Workman, Shri Sitaram Roy Choudhury served in this concern as a bearer. His case, briefly stated, is as follows. He had joined the concern as a temporary hand in February 1952 and on completion of 6

months' service he was made permanent on 1st August 1952 when a ment was obtained from him. Then in February 1953 he and 19 other employees were fined Rs. 20 by the employer for slight negligence whereupon he and other workmen concerned declined to take salary month by way of protest against such imposition of heavy fine. The e then reduced the amount of fine to Rs. 5. As he and the other workmen concerned were helpless due to poverty, they had no option than to ac salary less fine of Rs. 5. The employer took him (Shri Sitaram Roy Choudhury) to be the leader of the agitation in connection with protest the imposition of fine. Thus having been displeased the employer d him from service without notice and without charge-sheet on 13th May. Hence the dispute. The workman prays for reinstatement as also for sation.

The employer replies as below :

Shri Sitaram Roy Choudhury was appointed temporarily in the room as a bearer on 1st August 1952 on Rs. 50 per month when he si agreement. In February 1953 he was fined Rs. 5 for gross negligence duty. Shri Sitaram Roy Choudhury was all along irregular in his att for which he was occasionally warned verbally but he did not improv workman absented himself without notice from 13th May 1953 onwards never turned up until 10th June 1953 to resume his duties. When i explain his conduct, he could not give any satisfactory explanation long absence without notice. His services were, therefore, dispensed 11th June 1953 and he was informed accordingly.

The workman then approached the Labour Officer, Shri S. K. charyya, in July 1953. Shri Bhattacharyya tried to conciliate but no ment could be reached as the workman insisted on reinstatement to wh Company could not agree. Then Shri Roy Choudhury applied to the Officer stating that he was prepared to settle his case if the Company him Rs. 50. Though Shri Roy Choudhury was not entitled to any : as wages and compensation, the Company agreed to pay to him ex-gratia and settle his case as per their letter, dated 22nd August (Annexure 4). Shri Roy Choudhury, however, did not turn up to se case.

In the circumstances, the employer submits that the dismissal of Sh Choudhury is justified and that there is no case for his reinstatement payment of any compensation to him.

DECISION.

In support of his case the workman has himself deposed (P. W. 1) employer, on the other hand, has examined the Officer-in-charge, Shri Dangri besides proving Exts. A, B to B₆ and C.

I may straightway note that having regard to the issue referred adjudication, claim for reinstatement does not arise and cannot be sust Section 10(4) of the Industrial Disputes Act lays down :

"Where in an order referring an industrial dispute to a Tribunal this section or in a subsequent order, the appropriate Gover has specified the points of dispute for adjudication, the Tri shall confine its adjudication to those points and matters dental thereto."

In the present case, claim for reinstatement cannot be regarded as im tal to the matter referred to for adjudication and cannot, therefore, be tained. The workman, Shri Sitaram Roy Choudhury did not also pre

aim for reinstatement during hearing (*vide* his deposition). The question therefore, for consideration is, what should be the compensation that should be awarded to the workman for loss of his job.

An employee, whether he is employed in an industry or not, can abandon his services, and when he does so, he cannot demand any relief in the shape of compensation or otherwise from his employer for loss of service. Even according to the case of the employer, the workman, Shri Sitaram Roy Choudhury did not abandon his services but when he went to resume duty after absence for some days, his employment was terminated as he had no satisfactory explanation for his absence. So, in any view of the matter, when the workman did not abandon his services, I think he would be entitled to compensation for the loss of his job.

Regarding the manner of termination of employment, the case of the employer seems to me more probable and natural. I, therefore, accept the same. The workman's version that he was dismissed on 13th May 1953 without notice and without any cause is not convincing. The fact that he was admittedly shown as absent in the attendance register from 13th May 1953, would rather support the employer's version of the case. Had he been dismissed on 13th May 1953, he would have marked himself present. The evidence shows that the workman was irregular in attendance. It is, therefore, very likely that he started to absent from 13th May 1953 without notice and intimation as alleged by the employer. Nonetheless, I find no justification on the part of the employer to terminate the employment of the workman on 11th June 1953 in the manner as stated by him. If the workman had absented from 13th May 1953 without notice, he was not liable to be discharged for such absence when admittedly there was no standing order providing automatic termination of employment on account of such absence. In any case, none should be punished without issue of formal charge-sheet and affording opportunity to explain his conduct. So, in all fairness, when Shri Sitaram Roy Choudhury was a monthly salaried workman, he was entitled to one month's notice or one month's salary in lieu of notice for terminating his employment. In this view of the matter I think, he should get one month's salary in lieu of notice as compensation.

Besides the evidence shows that Shri Sitaram Roy Choudhury joined service in this concern in February 1952 and was subsequently confirmed on 1st August 1952 on the basis of the agreement, Ext. C, on a salary of Rs. 5 per month. According to the employer his employment was terminated on 11th June 1953. The workman had thus served for more than one year before his employment was terminated.

Taking all these facts into consideration as also the previous offer and acceptance, I allow, in all, 1½ month's salary as compensation (1 month's salary in lieu of notice and 15 days' salary as gratuity for the period of service) which I think to be fair and equitable. The employer is directed to pay the said amount as soon as the award becomes enforceable.

I award accordingly.

SHRI M. C. BANERJEE, *District Judge, (Retd.), Chairman.*

SHRI S. C. MUKHERJEE, *District Judge, Member.*

For the Company: Shri T. N. Janaki Raman of the I.J.M.A.

For the complainant: The complainant himself.

AWARD.

The Government of West Bengal, in the Department of Labour, by order Nos. 1988Dis./D/71L-48(A)/53, dated 7th April 1954, 3393Dis./D/3A-10/54, dated 12th July 1954 and 3537Dis./D/71L-47/54, dated 21st July 1954, referred the industrial dispute between 100 jute mills in West Bengal, including the Ludlow Jute Co., Ltd., and their workmen to this Tribunal for adjudication. The proceedings arising out of this reference are still pending.

On 29th November 1954 one Monsur Ali Molla, an employee of Messrs. Ludlow Jute Co., Ltd., filed a complaint under section 33A of the Industrial Disputes Act, stating as follows:—

The complainant has put in about 29 years' service in the Department No. 37 of the Ludlow Jute Mills. A small particle of burnt coal dust struck into the sole of the complainant's feet within the Mill precincts and a few days after, the coal globule was extracted, but the portion from where it was extracted became septic. He was all along under the treatment of the Mill Doctor. The above incident occurred in the month of Bhadra 1350 B.S. and the petitioner worked up to the month of Falgun 1360 B.S. He was X-rayed by the Mill Doctor in the month of Falgun 1360 B.S., and the latter reported that the workman's heart had been affected and his sole's wound was not being cured. He was asked to retire on the ground of ill health and was assured that he would be re-employed as soon as he was cured. The complainant protested against this action of the Company and placed himself under the treatment of an outside doctor, and was completely cured in the month of April 1954. The complainant approached the Company for employment by the end of April, 1954, but the Company refused to give him any employment. In the circumstances, he prays for reinstatement to his previous post, or in the alternative, payment of gratuity for 23 years' service.

The Company, in its written statement, states as follows:—

The complaint is not maintainable in law, as it does not disclose any violation of the provisions of section 33 by the Company. The complainant retired from service on 25th February 1954. The proceedings before this Tribunal commenced on 7th April 1954. The Company submits that the complainant is not a workman concerned in the dispute pending before this Tribunal for adjudication. In the circumstances, the Company submits that the application under section 33A filed by the complainant should be rejected on the preliminary objection on the maintainability of the application.

The complainant examined himself as P.W. 1. He states that he fell sick in Bhadra 1360 B.S. and on grounds of ill-health, he was retired on 25th February 1954. Exts. 1 to 3 were marked for the complainant, and Exts. A and B were marked for the Company. Ext. 1 is his service record and Ext. 2 is the payment receipt of his provident fund, and Ext. 3 is his Gratuity receipt. It appears from Exts. A and B that the complainant retired from service on 25th February 1954. The proceedings before this Tribunal commenced on 7th April 1954, i.e., about one and a half month after he was discharged. In the circumstances, we hold that the application under section 33A is not maintainable and is accordingly rejected.

1. By Government order No. 993Dis./D/71-43/53, dated the 24 March 1953, the aforesaid dispute was referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). 3. The issues contained in the schedule to the order of reference stand follows:—

- (1) Whether the dismissal of Jahar Lal Ghosh, Balai Sarkar, Becharam Dhara and Madhusudan Dutta was legal and justified? Whether they are entitled to reinstatement and/or any other relief.
- (2) Whether the workers are entitled to any pay for the period of the lockout.

AWARD.

It is the Union's case that this Company is a very big jute mill employing about 4,000 workers. The Company did not very much like the nominees of the Employees' Union should return to the Works Committee. But in spite of that almost all the nominees of the said Union returned in the election of the Works Committee. This very much annoyed the Company, and it tried to frustrate the said victory. On 23rd January 1953 one Sambhu Das of the Vice Shop Section met with an accident while on duty. He approached the Engineer-in-Charge for redressment of his treatment, but the latter did not take any notice of it. He then approached Jahar Ghosh of the Works Committee for help. Jahar took him to the Medical Officer who, however, was rather indifferent. Jahar then asked the doctor to examine Sambhu more carefully. The doctor then examined Sambhu most reluctantly and sent him to the Walsh Hospital, Serampore, for X-ray examination. Naresh, another mistri, was sent to accompany him. On 24th January 1953 Jahar took the medical certificate from the doctor at about 10 a.m. in the Mill Dispensary. There the Engineer, Abbott, saw them. He had some talk with the doctor. He suddenly turned into a rage. He asked Jahar to go back to his department and mind his work. Thereafter the Engineer returned and dragged Jahar in an unbecomingly manner to the Manager. He was given a charge sheet one hour later. Jahar replied to the charge sheet on 27th January 1953 denying the charges. That very day he was placed under suspension for 4 days, 24th January 1953 to 27th January 1953, without any enquiry being held.

After the mill hours a large number of workers from all departments went to the Manager in a mass deputation resenting against this unjustified suspension. The Manager Mr. Herd asked them to see him the next day after office hours. The workers again went to the Manager on the next day, but were not allowed an interview. So the Union sent a deputation to the Labour Commissioner on 28th January 1953. A deputation signed by six members of the Works Committee was also sent to the management on 29th January 1953. But on 29th January 1953 the Company issued fresh charge sheets against Jahar, Balai Sarkar, Becharam Dhara and Madhusudan Dutta on separate scores. The Labour Commissioner arranged some conferences. The Union also placed a list of their grievances to the Assistant Labour Commissioner on 2nd February 1953. But these conferences brought no tangible results. The Union then made frantic efforts and represented all matters to the Labour Commissioner, but nothing came out. Then on a joint conference on 6th February 1953 over the issue in regard to these four mistries, the Assistant Labour Commissioner found that this did not constitute an industrial dispute and no conciliation was, therefore, necessary. Thereafter on 9th February 1953 the Company dismissed these four mistries without any further enquiry. The Works Committee called upon the Manager to withdraw this dismissal, but he said, "I have at last got Jahar, he cannot be dismissed." Then on 12th March 1953 the Company suddenly declared a lockout. The workers, accordingly, waited on a deputation on the Subdivisional Officer, Serampore, demanding the reinstatement of the dismissed

workers, and for reference of their case to a Tribunal. On their return to Serampore, the mistries came out of the mill, and ended their strike, which they had commenced before. The management locked out on 23rd March 1953, when the matter was referred to the Tribunal. So the Union demands the reinstatement of these four mistries with compensation, and also lockout pay for all.

The Company, of course, denies all these allegations, and contends that Sambhu did not report his injury to the Medical Officer. The doctor arranged for his X-ray examination in the hospital at Serampore. The report showed that Sambhu had no injury. But Jahar came there without the permission of his Departmental Head, he was away by the Engineer in charge to go back to his work. Jahar, however, showed the medical report from the Medical Officer's desk. Jahar disobeyed the order of the Engineer, and did not move till he was asked to leave the place. So on his return he was given a charge sheet by the Manager. The Company denies any harsh treatment of him by the Engineer. He was suspended for 4 days, from 24th January 1953 to 27th January 1953. But he suffered loss of wages for two days only, after Jahar started an agitation and persuaded the mistries to surround the Manager's office on 27th January 1953 after 5 p.m. On the following day three other mistries,—Bechu, Balai and Madhusudan,—stopped the Manager when he was going home after office hours. Jahar abused them, and they all took him to the office where he was kept confined till 6 p.m. Ultimately, he was escorted home by the Sub-Inspector of Police at Serampore. So they were given charge sheets. Both on the 27th and on the 28th January 1953, after the closure of the Mill at 5 p.m. a crowd of workmen attempted to confine the Manager in his office. However, the Manager enquired into the charges, gave them opportunity to explain their case, and found them guilty. But as the conciliation proceeding was pending, and permission of the Conciliation Officer was necessary, the decision of the management was not given effect to. The decision was communicated to the workers by letters on 5th February 1953. After the conciliation proceeding having ended, the management dismissed the four mistries on 9th March 1953. On receipt of the notice of dismissal, the four mistries forced their way into the Mill and incited other workmen to join the strike. About 141 mistries of different shops in the Mill joined the strike. A stay-in-strike had thus commenced. On 10th March 1953 the Manager called the Works Committee to persuade the striking mistries to return to their work, and to proceed constitutionally. But they refused. A notice was put up on 10th March 1953 asking the mistries to return to their work. But this produced no result. The stay-in-strike continued on 11th March 1953 and also on 12th March 1953. So the management forced to close down the Mill with effect from 12th March 1953. On 13th March 1953 the Subdivisional Officer of Serampore called a conference of representatives of the Union and the management, and explained the situation. He asked the Union to seek relief under the Industrial Disputes Act, in a constitutional manner. On 20th March 1953 the representatives of workers including 50 per cent. of the mistries, approached the Sub-Inspector of Police and assured normal and peaceful work. There was a tripartite meeting on 21st March 1953 where this was confirmed. So the Mill resumed work on 23rd March 1953, without the dismissed mistries. Hence the Company upholds its action with regard to the four mistries, and claims that the dismissal order should be maintained. Regarding the lock-out, it contends that the Company had no choice in the matter. So it is not liable to pay any compensation.

Issue No. 1.

It is the Union's case that the Company fabricated the story about the incident touching the Medical Officer with the motive to let down the workers.

workers who had returned victorious in the last election as nominees of the employees' Union. Even if the incident is assumed to be true, still the dismissal order cannot be sustained because (1) there was no enquiry into charges against these four mistries, and (2) an alibi is pleaded in respect of Madhusudan Datta. It is also stated that these workmen had no grudge against the Mill doctor. So why should they confine him? Besides, if they had any grudge, they would have assaulted him. It is also stated that the Manager had an animus against Jahar for his being a member of the Works Committee because he said "I have at last got Jahar, and I would not let him off". The Company, on the other hand, says that it framed charges against these persons under section 14(c)(viii) of the standing Orders of the Company. These Standing Orders are of the Major Industrial Tribunal, as per Appendix VIII. The management gave ample opportunities to the workmen to explain their conduct. They held an enquiry, though *ex parte*, in the matter. They found that the charges were brought home to these persons. So they dismissed them.

Regarding Madhusudan Datta, he is said to have admitted before the Manager that he with two others had stopped the Mill doctor after 5 p.m. 28th January 1933. The plan of alibi is an after-thought.

Scrutinising the evidence, I am satisfied that the management's case against these four mistries was true. It is sufficiently borne out by the evidence on record. The charges have been brought home to these persons. The Union says that these mistries had no animus against the doctor. But when we read the statement of the Employees' Union between the lines, we all see that they had some reasons to be annoyed with the doctor. The doctor at first, according to the written statement, did not take much notice of Sambhu's injury. It was on the insistence of Jahar on the following day that he attended to the injury, and even arranged for his X-ray examination at the Serampore Hospital. But the doctor did not agree that the company should pay the cost of X-ray examination, because the medical report did reveal no injury. So there was some difference between Jahar and the doctor. Of course, it was at the instance of the Engineer, Mr. Abbott, that the charge sheet was given to Jahar. Mr. Herd in his defence has said that he had warned Mr. Abbott against molestation at the hands of the mistries, and asked him to leave office a little before 5 p.m. when the mistries could neither find the Manager there, who was at his residence, perhaps apprehending trouble, nor Mr. Abbott, who was not in the office, their wrath naturally fell on the doctor who was found in the ring office at that time. They thought that the doctor had, though not direct hand in the matter, at least some contribution in the matter of framing the charge sheet to Jahar. So the doctor might prevail on the Manager to withdraw the charge sheet against Jahar. That is why they did not assault the doctor, but only forced him to go to the office where they caught the Manager was present. The doctor, of course, said that he was backed by two mistries in the front, and also pushed by other mistries from the back. But I do not accept this statement of the doctor on its face value. Had it been so, he would have mentioned this in his report to the Manager. That would also have been mentioned in the charge sheets brought home to these mistries. So I find that the doctor was not assaulted. But he was certainly kept confined in the office till late in the evening when he was rescued by the police. The Union argues,—how could the doctor be confined when there were already policemen on the scene? I have got evidence of the Manager and other witnesses that four constables, who were sent at the instance of the Manager, were posted near the Mill gate. One policeman was near the office. As no personal violence to the doctor was committed, the police remained aloof. The police possibly thought that it was only their duty to intervene if there was any assault. Short of that,

they stayed their hands. The police encouraged the doctor to move but he was prevented from doing so. So the doctor finding no other way rang up the Manager. The Manager again rang up the police, police was re-inforced, and the doctor was taken home. I cannot help myself to think that Mr. Hert, the Manager, was telling a tale about the coming in of policemen, and rescuing the doctor. The Manager and his wife, called on the doctor that very evening. It is argued by the Union that if the doctor had really been confined, why should any complaint be lodged to the police? But, now-a-days, the manager does not very much worry about such incidents as to rush to the doctor at once seeking relief. They only try to avert the situation with the help of the police. That is also what happened here. So the mere fact that a complaint was lodged at the thana does not go far enough. The Manager wants to argue that the Manager was out to create troubles and to create these mistries. That is why he called in the police even before the doctor was confined as above. Mr. Herd says that he was at Jetty Office on 27th January 1953 at 5 p.m. So he could not have asked the manager to come again on the following day. But he got information that a commotion mistries surrounded the office on the 27th. That is why he left sometime before 5 p.m., and requisitioned the police, lest any disturbance or peace might occur. It is the case of the Union that the mistries came round the Manager's office on the 28th January because they were caused by the Manager. But if I look to the reply given by the Manager in answer to the charge sheet, I find him say "At about 5-10 p.m. on 27th January 1953) I along with the other elected members of the Mill Committee were called by the workers of our respective electorate and by them to speak with the Mill Management on their behalf. We went to the office accordingly for this purpose". It does not stand to reason that if Jahar had been asked by the Manager on the previous day to come on the following day, and if in pursuance of that they had all gone there, they would not mention this in his above reply to the charge sheet. The workmen also did not mention in their answer to the charge sheet that they were asked by the Manager Mr. Hord to go on the following day, on 28th January. Mr. Herd denies this. In the circumstances, I accept that the mistries collected round the Manager's office on the 28th January being so asked by the Manager. The Union has next sought to prove that it was not in the fitness of things for the doctor to go to his quarters by the Safety Latrine Tank. There was an alternative way to reach the office to reach his quarters. But I have got in evidence that both ways are equidistant. So there is no reason why the doctor would not go this way in preference to the other according to his desire. The Commission has examined before me the doctor Shri Prankrishna Bhandari and given his version of the matter. His evidence was not shaken in the cross-examination though he was subjected to searching cross-examination. It is correct that it is not likely that the doctor would know these mistries among many workmen of the Mill. There is hardly any force in this contention. The doctor has been serving in the dispensary since 1951. He is connected with sports where Balai, Madhu and Bechu figure. Jahar played in the departmental games. Basistha Choubey, O.P.W. 5, corroborates the doctor's version. All that is said against this man is that he is in charge of the Library, and that he gets an extra sum of Rs. 100 for this service. But that is hardly any reason why he should depose simply because the doctor happens to be in the Library Committee. Mr. Bhattacharyya, O.P.W. 3, the Assistant Labour Officer, deposed before me. He spoke of the enquiry in connection with the charge sheet. He, of course, filed a diary which is his personal one. I cannot attach much importance to this diary because it could very well be prepared for the purpose of the case. The Labour Officer, O.P.W. 4, was also examined.

spoke of his special diary. Of course, on the basis of this diary daily reports were being submitted by the Manager to the Head Office. He said he took 10 days' casual leave towards the end of January 1953, and he returned on the 30th January. He was positive that he was on duty during the first week of February. I am satisfied from the evidence placed before me that he was not absent from the scene on the 1st February. He has no personal knowledge of the incident, except what he heard from the Manager. But he examined the witnesses in the enquiry, viz., Jadu Misir, Jhapati Tewari and Kaileswar Khalifa. The Manager, the Assistant Manager, your Officer, and he were there at the time their statements were taken. As these statements were not placed before these four witnesses, and as they were not confronted with these statements, I cannot put much reliance on them. But I attach importance to their present statements before me as they are subjected to cross-examination. I find that they stick to their statements and stand the cross-examination well. So I cannot differ from the Management's decision in this respect that the charges were brought home to these accused persons.

Next, I come to the charges themselves, as framed under the section 14-viii) of the Standing Orders. Of course, the disorderly or riotous behaviour of the workers did not take place during the working hours. So the portion of the section is out of place. But the concluding portion of the section is attracted here, i.e., "any act subversive of discipline". Now, if the doctor is surrounded on his way home from the Mill, and brought back to the office, and kept confined there for about 1½ hours under threats of personal violence, is that act not subversive of discipline? I should say that this really impairs discipline. This also fits in with the tone of the Manager's reply to the charge sheet, Ext. A. It runs thus ".....More than 100 workers of the Mill went to the office on two successive days, namely, 27th January 1953 and 28th January 1953 to meet you and place their grievances before you. We are sorry to see that you did not care even to hear them. The situation is tense and it is likely to go far the worse if a settlement be not arrived at immediately."

It is with this purpose in mind that we the elected representatives of thousands of workers of this Mill propose to meet you today." This is dated 29th January 1953, and addressed to the Manager. Jahar heads the list of the signatories. He was then still an employee of the Mill. Should this be the tone of a letter in which a Manager has got to be addressed? It is clear that Jahar having returned uncontested in the Works Committee almost lost the balance of his head. He held the managerial staff in contempt. That is why he left his place of work not caring to seek the permission of the departmental head. He went to the dispensary, twice, but twice during the day. He dictated to the doctor what he wanted to do. He demanded payment of X-ray fees from the doctor in the dispensary. He refused to obey the Engineer, Mr. Abbott, when he asked him to return to his place of work. It is all right that the Union leader should look to the grievances of his co-workers, but that does not mean that he should defy the orders of his superiors and do things in the way he likes without caring for discipline. If we look to Jahar's past record, we find that there were series of occasions when he was reprimanded by the authorities (*vide* Exts. 2Q series). Mr. Herd says that he put up with him because his father was an old employee of the Mill. So Jahar's present conduct is also fitting in equally with the past which is anything but good. The Company wants to make much of the fact that the Company was out to frustrate the story of the nominees of the workers in the Works Committee in the election. This will at once stand contradicted by the evidence of the Manager's own witness, Sew Mongal, D. W. 3, who says that other nominees

returned in the Works Committee from this Union. are in the Co employ. Sew Mongal himself was such a nominee. He was also an workers who were in the crowd which surrounded the Manager's office he was not charge-sheeted. Barring Jahar, the other three men members of the Works Committee. So the insinuation about the ment's motive to let down the members of the Works Committee ran water. It is urged by the Union that the I.J.M.A. issued a expressing concern over the Communist Victory, and that Mr. H supplied the information. Mr. Herd denied it. There it shou Next, it is contended by the Union that the management was ove It could not hold its old grudge, but dismissed these workmen even be conciliation proceedings came to an end. But this contention is also The Company reached the decision in respect of these men as far 5th February 1953. They even informed the said mistries about this d But still they allowed them to work on. They did not even plac under suspension pending the decision. It is only on the 6th Mar when in the joint conference the Conciliation Officer gave out the that the mere giving of charge-sheets did not constitute an in dispute, that the Company decided to take action. Of course, the C tion Officer's report reached the Government on 10th March 195 Ext. 1(j)]. So the conciliation proceeding in view of section 12 Industrial Dispute Act should be taken as pending. But that is technical contention. Besides, it does not very much matter even action was taken during the pendency of the conciliation proceeding. is only considered just to see the motive behind the Company's actio nothing more. So, considering all these matters in their proper persp I can never think that this incident with the doctor was got up just to these four workmen. On further consideration, I find no reason to from the decision taken by the management, viz., the dismissal of workmen. One thing I should point out in this connection, and it a special defence has been taken in respect of Madhu. The other workmen, admittedly, were on the scene on the 28th. About Madhu as has been taken that he immediately left the Mill at 5 p.m. on the January 1953 just to see the Vice-Chairman of the Baidyabat Municipi in connection with the apportionment of Municipal taxes, about which was a previous engagement. This gentleman has been examined. P. W. 1. He tells that he noted in his diary about the engagement Madhu. But this diary has not been produced before me. The mati apportionment of taxes was not of Madhu, but of his brother who is a payer of the said Municipality. That apportionment of taxes has not done. As Madhu approached him only once on that day, and as he di approach him further on the matter, this apportionment was not c So there comes the suspicion whether there was any engagement at a said above. This gentleman, in cross-examination, appears to be a man having remarkable memory about dates and hours. Even if Madhu actually seen him that day, he cannot definitely say that he saw him his physical presence in the Mill was not possible. The law is well set that to make out a plea of alibi the evidence should be such as to rule the possibility of his being present at a particular place and at a partic time when his participation in the occurrence is suggested. The evide here falls far short of this. It is admitted that Madhu figured o previous day in surrounding the Manager's office. That makes it only that he would visit on the second day. So his presence on the scene occurrence is quite probable. The doctor saw him. It was not yet The charge-sheet definitely mentioned his name. He even admitted participated in the occurrence, and did not mention the alibi, if Mr. can be believed. So I find that the case regarding Madhusudan Dutta

been substantiated. So I award that the dismissal of these four men was legal and justified. They are entitled to no reinstatement, any relief for their dismissal on the ground of misconduct.

Issue No. 2.

Admittedly, there was a "stay in strike" from 10th March 1952. It continued till the 12th March 1953, when the management declared a lock-out or closure of the Mill. I have got in evidence that these charge-sheeted mistries collected round the mill along with mistries of other departments. Their number gradually swelled to 179. They did not leave the mill even during the night. There was a growing tension because of

Some of the machines had stopped. The machineries were exposed to danger. Mr. Herd at page 1 of his cross-examination by Shri Pandey says that the milling workers were not given work because of the breakage of machinery and unbalanced production. There is another reason, which is fire hazards due to lack of Mistries". He refers to Commission's Ext. 11 in this connection. He got reports from different in-charge officers. He says "I received daily report of the machinery breakage commencing from the 10th March 1953". Sabotage was also suspected. So in the circumstances, the Mill was closed, can the management be blamed? I do not think it lies in the mouth of the mistries who indulged in the "stay in strike" to find fault with the management when the latter for safety had to close down the

It is common sense that if the mistries stand aloof, these high-speed machineries cannot run or operate. If these could be operated without the mistries, then there would be no occasion or reason for employing nearly 300 mistries for running the mill. I would rather compliment the mill authorities that they could bear the "stay in strike" and still could run the mill more than two days after the "stay in strike" was launched. Now, it is contended by the other Union that if the mistries were responsible for the closure, they might be punished for it by the closure of the mill, but why should workers other than the mistries should not get compensation who were admittedly willing to work? This is, indeed, a funny argument. Now, if the mill was stopped because of the fact that it could not operate without the mistries, then how could this be possible to carry on with the other workers?

It is in evidence that the management tried their best to carry on the mill as it could with the help of Sirdars. But the mistries precipitated the closure. So there was no choice left to the management but to declare a lock-out. Besides, even if this closure was a lock-out, this was in response to an illegal strike, which really the "stay in strike" was. In that view, the management cannot be held liable for paying any compensation. The company gave out in so many words that they were only too eager to let the mill if they had an assurance from the mistries to work normally and peacefully. But the mistries were unreasonable. They made it a point to go in a body with those 4 charge-sheeted mistries to work in the Mill, to go at all. In the conference held by the Subdivisional Officer, however, he also found this attitude of the workmen not worthy of support.

The management has taken a wrong decision, law prescribes the remedy. The mistries cannot take the law in their own hand and coerce the management to submit to their demands, and to take back those dismissed workers. So I find that the attitude of the workmen in the present case was insensible and subversive of discipline. The management lost no time to declare a lock-out, the moment the mistries gave out their willingness to work with those four mistries. The Union takes its stand on the section 13(a), (c) of the Standing Orders. But this shows only a misconception on the part about the intention of law. It is only in cases of lay-off, or voluntary

stoppage of work, or stoppage beyond the control of the employer, some provisions have been made for payment of wages. But the case is not that. It is a case of "strike" which spread over the establishment. The closure was forced in response to the strike which was not legal or justified. The section 12, clause (d) bears on this point. No provision of compensation is there. So, in any view of the law, the Company is not liable to pay compensation. Accordingly, I award that the workers are entitled to be paid for the period of the lock-out. This is the question.

the Employees: Shri Indu Bhusan Sarker, Secretary, Press Employees' Association.

By Government order No. 2438Dis./D/13L-3/54, dated Calcutta, the 13th 1954, the Government of West Bengal, Department of Labour, acting under sections 7 and 10 of the Industrial Disputes Act, 1947, appointed me to constitute an Industrial Tribunal and referred to me the abovementioned dispute for adjudication regarding the matters specified in the schedule to the Order of Reference.

Schedule.

Service conditions.

Scales and grade.

Leave and holidays.

Working hours.

Provident Fund and gratuity.

Bonus.

(i) Abolition of piece-rate.

What should be the basis of conversion of piece-rates to monthly rates?

It is admitted that in 1948, there was an Award between 169 printing presses of Calcutta and Howrah and their employees which was published under Notification No. 1487Lab., dated 11th May 1948. The printing presses were not included therein. In the said Award the Tribunal gave directions on certain issues only and the rest of the issues were covered by the agreement, arrived at between the parties. Issue No. 6 was with regard to security of service, leave, holiday, etc. The seven issues which are before me in this present case were also there in the said *omnibus* reference. There was no separate issue there with regard to service conditions. Service conditions were, however, framed and were made part of the Award as Annexure B, in other words it was nothing but a cluster of rules popularly called Standing Order. Leave and holidays were not covered by the agreement and as a matter of that by the Annexure B, and on that point the Tribunal gave separate directions. Working hours were also specifically dealt with by the Tribunal, so also scales and grades.

Regarding Provident Fund issue it was observed that all the printing presses should introduce Provident Fund in their respective businesses and that every worker should subscribe one anna in the rupee of his basic salary and that the management shall contribute equal amount. There was no issue regarding gratuity.

Regarding bonus the Tribunal held that the foundation must be on earnings and that after making allowance for necessary deductions, 20 per cent. of the net profit must be distributed amongst the workers in proportion to their wages.

As regards the issue of abolition of piece-rate system, the agreement provided that the piece-rate system would continue in a limited sphere and that the system is to be understood as distinguished from work on contract basis. The agreement was on the following terms:—

“It is accepted that ordinarily all workers in the printing presses should be employed on the basis of monthly wages. There are, however, certain works, e.g., envelop making, other classes of stationery manufacture and book binding, which are usually done on a piece-rate system. Therefore, the piece-rate in the limited sphere may continue in the industry. It is agreed that the piece-rate system does not include work on contract basis.”

In 1951 there was a dispute between 90 printing presses of Calcutta, Howrah and their employees and the said Award was published in the *Calcutta Gazette*, March 1, 1951. The issues there amongst others—

- (1) Whether minimum wages and grades and scales fixed in the previous award enforced under Government No. 1487Lab., dated 11th May 1948, should continue or whether they should be modified in any respect and how the workers should be fitted into the time-scale prescribed.
- (2) Gratuity and/or Provident Fund.
- (3) Standing Order regarding termination of employment.
- (4) Leave.
- (5) Working hours.
- (6) Security of service.
- (7) Bonus.

It would appear all the present issues except that of abolition of piece-rate were in the said reference case. These presses were not parties to the aforesaid dispute also.

AWARD.

The contention of the workmen are as follows:—

“The workers claim thus—

- (i) *Service condition*.—The same conditions as prescribed in the Award, dated the 20th May 1948, and 1st March 1951, should be adopted (the Award, dated 11th May 1948, has been misstated as of 20th May 1948).
 - (ii) *Scales and grades*.—The same system should be adopted as prescribed in the Awards, dated the 11th May 1948, and 1st March 1951, should be adopted.
 - (iii) *Leave and holidays*.—The same benefits as prescribed in the abovementioned awards.
 - (iv) *Working hours*.—From 9 a.m. to 6 p.m. with a break for recess of one hour. On Saturdays from 9 a.m. to 2 p.m.
 - (v) *Provident Fund and gratuity*.—Provident Fund should be implemented with immediate effect and each worker to be paid 15 days' wages or earnings as gratuity for each year of completed service.
 - (vi) *Bonus*.—Bonus to be paid at the rate of two months' salary in every year.
 - (vii) *Piece system*.—It is to be abolished. The basic monthly salary (wages) of a piece-rate worker should be equivalent to his average monthly earnings plus Rs. 28 per month as dearness allowance.
 - (viii) *Dearness allowance*.—It should be raised from Rs. 22 per month to Rs. 28 per month.
 - (ix) *Minimum salary*.—Must be Rs. 40 per month with provisions for higher salary and increment, depending on the nature and skill of work and the workmen also claim that all these claims shall not be derogatory to the privileges, emoluments, service conditions, etc., which are at present enjoyed by the workers.
- he managements contend that the reference is not valid inasmuch as separate concerns of the category of employers have been lumped together in present case by the Government and that the New Paradise Press and Deb Press are Printing Industry, that the Ashutosh Binding Works in binding works exclusively, viz., book binding and that the A. T. Limited, deals in sale of publications and that Baroda Type Foundry

is not existing either as a manufacturing concern or as a labourer engaged one and that its only business is to purchase and sell types and that there is no workman in this business. It is, however, contended that A. T. I Limited, is a limited liability concern which carries on business in different natures of industries including the industries mentioned in the order reference. The employers also contend that there is another press named B. P. M. Press and that the Award passed in January 1953 between B. P. Press and their workmen has been implemented by these present Deb Press and Paradise Press in favour of their workmen as well.

With regard to the issues, the employers state as follows:—

Service condition.—They are agreeable to adopt the Standing Order the Omnibus Award, dated 1st March 1951, with suitable reasonable modifications.

Scales and grades.—Same as above.

Leave and holidays.—The employers are willing to adopt the Award dated 1st March 1951 with the modification that the statutory leave under the Factories Act will be included in the privilege leave.

Working hours.—The employers are willing to adopt the Award, dated the 24th January 1953, viz., 45 hours a week and that the employers will have the right to fix the periods of work and that in Ashutosh Binding Works the weekly working hours would be 45 hours.

Provident Fund and gratuity.—The employers are agreeable to the Provident Fund proposal but no gratuity should be fastened upon the employers.

Bonus.—The employers agreed to adopt the Omnibus Award, dated 1st March 1951.

Abolition of piece-rate.—That there is no justification for its abolition as the workers earn more wages (without straining the work) than daily-rated and monthly-rated workers and it helps production and it is prevalent in the Printing Industry from time immemorial. It is also called *contract system*. It is stated that the workers under contract have been appointed by these employers after their services were terminated by the contractor and that they were appointed on piece-rate and they were not confined to certain fixed working hours and they worked for any length of time to increase their earnings. It is contended that if piece-rate workers were converted to monthly rate workers, their present average earnings per month should be divorced from dearness allowance of Rs. 22 and also that the overtime earnings for work done in excess of 45 hours per week should be excluded from the calculation of the monthly rate.

DECISION.

Service condition.

The Union wants the service condition to be in line with the Awards of 1948 and 1951 as aforesaid. The Companies are also agreeable to adopt the Standing Orders of the Award, dated 1st March 1951, "subject to such

able and reasonable directions". As to the modifications, the Companies' Commission is that there should be provision under the Standing Order to effect that pending enquiry by employer or by the Tribunal (under section 33) of the Industrial Disputes Act, the workman concerned may be suspended by the employer. In the Standing Order framed under point 6 "Security of service" in the Award, dated 1st March 1951, there is clause (13)(b) which provides for suspension on the ground of proved misconduct and sub-clause (h) of clause 13 speaks of suspension pending enquiry. Therefore, I think that the suggested modification is not necessary as the point suggested is already there in the Standing Order of the Award itself. As both the parties want to accept this Award, I direct that the service condition should be in line and in accordance with those provided in the aforesaid Award of 1951.

Scales and grades.

Both parties agree to abide by the Award, dated 1st March 1951, and the Union also claims that the Award of 1948 is also to be accepted on this Award. So I direct that scales and grades should be in accordance with the Award of 1948 as aforesaid, subject to the modifications provided in the Award of 1951, March 1.

Leave and holidays.

The Union wants leave and holidays to be in accordance with the Awards of 1948 and 1951. The employers are willing to adopt the Award of 1951 with this modification that the statutory leave under the Factories Act will be included in the privilege leave. Under the issue leave and working hours, the Award of 1951 says:

"The rules on this point as laid down in the last Omnibus Award published under Government of West Bengal, Labour Department, order No. 1487Lab., dated 11th May 1948, shall be followed."

In the Award of 1948, the direction under "leave and holidays" appears to have been given after consideration of the question of the statutory leave under the Factories Act. Therefore, there will be no harm in specifying in the Award that the privilege leave will be inclusive of the statutory leave under the Factories Act. I hold that on this point regarding leave and holidays the Award of 1948 is to govern the parties.

Working hours.

The workmen demand that the working hours should be from 9 a.m. to 5 p.m. with one hour's recess in the meantime and that on Saturdays working hours should be from 9 a.m. to 2 p.m., therefore, the total working hours per week would come up to 45 hours. The employers agree to this demand subject to the modification that so far as the binding departments are concerned, the working hours should be 48 hours a week, i.e., 8 hours per day including Saturdays. I do not think that any such distinction should be made as between the workmen of binding department and those in the other departments. Therefore, 45 hours per week should be the working hours as demanded by the Union in all the departments.

Provident Fund and Gratuity.

The Union demands both Provident Fund and gratuity whereas the employers contend that they are ready to give benefit of Provident Fund only. In course of hearing the employees demanded gratuity only for the period up to the date of introduction of the Provident Fund. I am of

opinion that the Award, dated 1st March 1951, under the issue "Gratuity Provident Fund" is highly fair and acceptable. Therefore, I direct that the period between the 11th May 1948, and the date when the employer will have introduced the Provident Fund the employees shall be given benefit of gratuity at the rate of 15 days' basic wages per year of service and thereafter, i.e., after the introduction of the Provident Fund gratuity would be payable for the period since that date.

Bonus.

The employees demand two months' salary as bonus every year. The employers contend that they are agreeable to the Omnibus Award, dated March 1951. That Award directs that the claim for bonus as laid down in the Omnibus Award of 1948 should be adopted. The Omnibus Award of 1948, says that bonus is payable on earned profit only and that 20 per cent. of the profit after making the necessary deductions shall be distributed as bonus to the employees in proportion to their wages.

In the report of the Committee on profit sharing (1948), I find that the recommendation is rather to the effect that the labour's share should be 10 per cent. of the surplus profits of the undertaking after making allowance for the necessary deductions including 10 per cent. for the reserves. The Award of 1948 appears to be rather hard against the workmen. I find that no such percentage should be specified in the Award in the present case. Subject to this modification the Award of 1948 on the point of bonus shall apply to this case. It is quite unfair and imprudent to lay down that in future bonus will be payable at the rate of one month's or two months' salary every year. We cannot be off the principle that bonus must be founded upon available surplus profit of the particular year concerned. In the present case there is no such claim for bonus for any particular year. So I cannot give any relief on this point other than the declaration already made as has been done in the Award of 1948.

Dearness allowances.

This is not in the issue. I do not think that dearness allowance is a service condition. As there is no specific issue on this point, the Tribunal is not in a position to give any direction raising the dearness allowance from Rs. 22 per month to Rs. 28 per month as prayed for by the workmen.

Minimum salary.

The workmen raised this question as a separate issue in their written statement but there is no such issue in the order of reference. This question is covered by issue No. 2, viz., scales and grades in respect of which the claim of the workmen is that the Awards of 1948 and 1951 above referred to should be adopted. Therefore, I hold that the separate issue "minimum salary" as raised by the workmen cannot be decided in this present case.

Piece system.

Under this issue the workmen contend that this system should be abolished and that the basic monthly salary of a piece-rate worker should be fixed at par with his average monthly earnings plus Rs. 28 as dearness allowance; on the other hand the employers contend that there is no justification for the abolition of the piece-rate system and that this system is prevailing in Printing Industry from time immemorial. It is urged by the

employers that if this piece-rate workers are to be converted to monthly-workers, their present average earnings per month should be exclusive of the dearness allowance of Rs. 22 and also of the overtime earnings for work done in excess of 45 hours per week. I think, the contention of the employers is reasonable. None of the piece-rate workers has been examined as a witness and the Tribunal is not in a position to know whether the piece-rate workers would be benefited or not by the abolition of piece-rate system as desired by the workmen. In the Omnibus Award of 1948, to which these employers were not parties it was accepted on both sides that certain departments in the printing industry should continue the piece-rate system. I may quote the agreement between the Companies and the unions in the said Award.

"It is accepted that ordinarily all workers in the printing presses will be employed on the basis of monthly wages. There exist, however, certain works, e.g., envelop making, other classes of stationery manufacture and book binding, which are usually done under the piece-rate system. Therefore, the piece-rate in this limited sphere may continue in the industry. It is agreed that piece-rate system does not include work on contract basis."

When such a large number of undertakings which were parties to the Award 1948 accepted the above principles by collective agreement, I find no reason to treat the present case differently. Piece-rate system is branch of the system known as "payment by results". In a text-book on the subject, the matter has been put thus:—

"Straight piece-work—this means payment of an uniform price per unit of production. This system is most appropriate where production is repetitive in character and can be easily divided into similar units. Piece-rate is easily divided into two classes, viz., (i) money piece-work, (ii) time piece-work. In the former the employees is paid a flat money price for each piece or operation completed. In the latter there is time allowed. For the particular operation or job involved, the worker is paid at his basic or piece-work operative rate per hour for the time allowed. If he finished the job in less than the time allowed he gains the advantage of the time saved as he is still paid for the original time allowed."

I am of opinion that in the present case the existing piece-rate system should continue for some time and the question of conversion of this system to monthly rate should be taken up for decision in a proper case in future. It has not been shown that the existing piece-rate system is not doing good to the workmen concerned.

By Government Order No. 2817Dis./D/9L-29/54, dated 1st June 1954, the aforesaid dispute was referred to this Tribunal for adjudication. The issues framed by the Government were the same as the issues framed by the Tribunal and they were as follows:—

- (1) Whether the dismissal of the six workers, viz. (1) Sanicharowal Mahali, (2) Sukal Oraon, (3) Suka Oraon, (4) Illarus Oraon, (5) Deo Narayan Ghatwar, and (6) Somra Munda, was justified and whether they are entitled to reinstatement and any other relief?
- (2) Whether the discharge of (1) Budni I (wife of Sanicharowal), (2) Budni II (wife of Deonarayan), (3) Gopal (son of Somra Munda) and (4) Etoyari (wife of Illarus Oraon) was justified and whether they are entitled to reinstatement and/or any other relief?

Notice of the aforesaid dispute having been served on the parties the Union filed its written statement on 3rd July 1954 in which it stated that on the 18th of July 1952 the Company stopped payment of the commission to Hardayal Oraon, that the workmen wanted to represent the whole matter to the Manager on this issue, that the Manager visited the garden on the 19th

keeping this interview, but at the same time informed the Police who were accordingly called in and with their help the company started a false case under Section 147/149 I.P.C. against as many as 20 workers but when as a result of the enquiry the proceedings were drawn up the company framed charge sheets against all these workmen who were tried in Court, alleging malicious conduct and arbitrarily dismissed them on 7th July 1953, that they took this opportunity to discharge the dependants of the workers mentioned in Issue No. 2 by order, dated 8th of July 1953, that the discharge of the workmen were unjustified and arbitrary and they are entitled to reinstatement with compensation.

The Company also filed its written statement on 17th August 1954 in which it alleged that Hardayal used to tend buffaloes, but on account of his negligence the buffaloes constantly damaged the tea areas, so the company ultimately withheld commission for tending buffaloes, that on 18th of July 1952 the workmen at the instance of the said six workmen mentioned in Issue No. 1 surrounded the Assistant Manager and again on 19th of July 1952 the Manager and the Assistant Manager came to the garden, that all the workers struck work and they were excited and they roughly handled the Manager, and the Assistant Manager of the garden, that on 21st July 1952 the Police arrested these persons, that prior to this on 23rd June 1952 the Company issued charge-sheets to each of the said six workmen for the said misconducts on 18th and 19th July 1952, that two of the workers submitted explanation and the company after enquiry held on 27th July 1953 decided to dismiss the said workmen with effect from 8th July 1953, that in pursuance of the practice in Darjeeling and Dooara Tea Gardens, the dependants of the said persons were discharged and they were asked to vacate the quarters and that the discharge was justified.

AWARD.

I am glad to note that in this case the parties settled their own dispute amongst themselves and filed a joint petition of compromise. The terms of the compromise are fair and acceptable and I accordingly accept the terms and make my award in terms thereof. The petition of compromise will form part of my award.

AWARD.

DECISIONS.

Issues Nos. 1 and 2.

The Union claims the following rates of salary for the clerical staff:—

Grade A.—Rs. 150—10—210—15—300—20—380.

Grade B.—Rs. 100—7—156—9—228—12—276.

It also claims that typists, telephone operators, comptists and other working with machines or with other qualifications will be allowed to receive an additional pay of Rs. 20. Every Section-in-charge should be allowed additional pay of Rs. 20, and head clerks should be given Rs. 40 additional pay.

The claim for sub-staff is as follows:—

Sub-Staff.—Rs. 60—2—80+80—3—110+110—5—135

10	10	5
----	----	---

It is further claimed that the head jamadar should get an additional pay of Rs. 10 per month and the jamadar and cycle peon should get an additional pay of Rs. 5 per month.

As to dearness allowance, the claim is that the basis of calculation should be Bengal Chamber of Commerce scales of dearness allowance should be modified to cent. per cent. allowance for the first Rs. 200 and 50 per cent. for the third Rs. 100, and at the rate of 25 per cent. for the balance.

The Company in its reply states that the Company used to pay consolidated rate of wages, i.e., basic pay with dearness allowance. A total pay was higher than what the employees would have been entitled to according to the award of the Jute Textile Industry Tribunal, and the Company did not revise or disturb the existing wage structure. Subsequently, after consultation with the workers' representatives in 1953, the Company modified the light of the award, modified the wages of the workers by increasing wages by Rs. 10 to Rs. 5, according to the nature of the work in which they were employed and the length of service rendered. A list of the men employed in the Company with their designation, grade and existing pay is mentioned in Annexure III. The Company submits that there is no justification for revision of wages as claimed. Annexure III to the Company's written statement is made Appendix A to this award. Appendix shall form a part of this award.

It appears from Annexure III to the written statement of the Company that there are 13 clerks, 3 semi-clerks, 7 part-time workers and 1 driver. The existing salary paid to these employees have been mentioned, and it has been shown that every employee of the category of clerks, semi-clerks, drivers are getting somewhat more than what they would have been entitled to under the award of the Jute Textile Industry Tribunal made in 1953. The first thing that attracts notice is that the three employees mentioned in the award, i.e., semi-clerical staff should not be permitted to receive less than Rs. 50 basic pay along with Rs. 37-6 as dearness allowance, i.e., Rs. 92-6 in total. Two of these are getting Rs. 90 each in total and one is getting only Rs. 87-6. The second point that attracts notice in this Annexure is that 7 of the employees of the category of duffery, bearer, peon and cleaner have been mentioned as part-time workers. There is nothing to show that these are part-time workers, and the nature of duties of these employees, as they are discerned from their designation, does not justify the conclusion that they are part-time workers. I conclude that they are full-time workers. Out of 7 employees of this category, 5 are getting Rs. 45, one Rs. 55 and one Rs. 40 in total. According to the award of the Jute Tribunal, minimum wage payable to a worker is Rs. 63-6, including dearness allowance.

The learned advocate for the Company states that this office of 24 men is an adjunct of the Jute Mill which is situated in Narkeldanga, and the rates of pay as laid down by the First and the Second Award of the Jute Textile Industry Tribunal should be applicable to these employees, as they would have been applicable if this office had been situated in the neighbourhood of the Mill at Narkeldanga. The learned advocate for the Union states that as the office is situated in the Dalhousie Square area, they should receive basic salaries as paid in the mercantile firms in this area under the Jute Textile Tribunal's award and dearness allowance according to the scale of the Bengal Chamber of Commerce scales. Ext. A is a letter, dated 29th January 1953, of Shri S. N. Nath, the President of the Union, in which he mentions the demands of the Union in respect of basic pay and dearness allowance, along with other claims and here three grades of salaries are mentioned as follows:—

Special Grade.—Rs. 260 and upwards.

Grade A.—Rs. 150—10—250.

Grade B.—Rs. 65—5—140.

Dearness allowance has been claimed at Rs. 55 for the clerical staff and at Rs. 35 for the subordinate staff.

In view of the fact that this office is the Head Office of the Calcutta Jute Manufacturing Co., which is a jute mill covered by the awards of the Jute Textile Industry Tribunals, the clerical staff should get wages as laid down by the two awards of the Major Jute Textile Tribunal made in 1948 and 1951. They cannot claim the same wages as allowed for the employees of the Bengal Chamber of Commerce or other mercantile firms in the Dalhousie Square area, or the dearness allowance of the scale of the Bengal Chamber of Commerce. I do not consider that the employees of this office should be paid wages as allowed in mercantile firms in the Dalhousie Square area for reasons mentioned above. It appears from Extension II of the Company's written statement that the Company granted increments of Rs. 10 and Rs. 5, according to the lengths of their service, to many as 15 hands in 1953. In view of the fact that the employees of this office used to receive consolidated wages, which is inclusive of an allowance of the nature of dearness allowance, it is to be considered if this consolidated wage satisfies the provisions of the wage rates allowed by the awards of the Major Jute Textile Tribunal. A direction of this nature appears on page 30 of the First Award of the Major Jute Textile Tribunal, as also on page 1675 of the Second Award of the Major Jute Textile Tribunal. Regarding the matter in this light, it appears that the three employees mentioned in the category of "Semi-clerical staff" should get basic salary in the grade of Rs. 55—3—85 (E.B.)—4—105. It appears from Extension III that Balkrishna Mudgill, Panchanan Chundra, Baman Debbarjee, Satya Ranjan Das, Ranjit Kumar Ghosh and Bachraj Dugar in this lower grade of Rs. 55—3—85 (E.B.)—4—105. These persons, however, are not getting less than what their grades would justify. In the circumstances, it is decided that the three semi-clerical staff should have their wages revised. Sachindra Nath Bose, bill collector, shall get Rs. 2-6, being a total of Rs. 55 as basic salary and Rs. 37-6 as dearness allowance. He should, therefore, get an increase of Rs. 27-6. In view of this increase, the two other semi-clerical staff should have an increase of Rs. 5 each, making their total remuneration at Rs. 105. In view of this, the other members of the clerical staff in the lower grade II and III, shall get increase of Rs. 15 per month in the total emoluments, and the clerical staff at the higher grades shall get an increase of Rs. 10 per month. The subordinate staff mentioned as part-time workers shall also

have their total wage revised. All the employees in this category have their wage increased by Rs. 15 per month. The driver shall have an increase of Rs. 10. I consider that with these increases in the total, all just grievances of the employees should be pacified. These increases shall be effective from the date of operation of this award. These issues are accordingly answered.

Issue No. 3.

The Union's claim is that the working hours excluding recess shall not exceed six hours on week days and three hours on Saturdays.

The Company states that the working hours are from 10 a.m. to 5 p.m. on week days, and from 10 a.m. to 2-30 p.m. on Saturdays, according to Notice No. 3 of Annexure C to the written statement.

I do not find that the working hours need be altered. Every employee should, however, get half an hour's recess between 12-30 p.m. and 2-30 p.m. on week days. This issue is accordingly answered.

Issue No. 4.

The Union in its written statement states that sick leave is to be liberally granted as before without any limitation and all employees shall be given full wages and allowances on holidays declared under the Negotiable Instruments Act.

The Company states that Notice No. 2 to Annexure C to the written statement shows the existing leave and holidays allowed to employees. It appears that the following leave and holidays are allowed:

Privilege leave.—Privilege leave for 21 days cumulative for 3 years is allowed. This leave is allowed for not less than 6 days at a time and in not more than 3 instalments in the year. It is not given in continuation of casual leave. If any balance for privilege leave for less than 6 days is due for any particular year, it is carried to the next year.

Casual leave.—Casual leave for 10 days in the year is allowed.

Sick leave.—Sick leave for 15 days in the year is allowed.

I do not find that these provisions of leave require revision. I do not find any evidence to justify a change in the existing holidays either. This issue is accordingly answered.

Issue No. 5.

The Union claims that one month's salary plus dearness allowance should be granted as customary bonus, as has been paid before for the year 1953. It further claims two months' salary plus dearness allowance to be paid as profit bonus for the financial year 1953.

The Company states in reply that the workers are not entitled to a customary bonus. It further states that bonus has been paid as *ex gratia* payment in the past when the Company made suitable provision. The Company never promised to pay any bonus in future and this payment was not a condition of service. In none of the jute mills, bonus has been accepted as payable as of right even in case of the mills making provision. Some mills have paid bonus as an *ex gratia* payment. The Company cannot accede to this demand.

P. W. 1 states in his evidence that no bonus was paid in 1950, 1951 and 1952, and bonus for one month was paid in 1954 and 1949. The claim of customary bonus is, therefore, not sustainable and must be rejected. The question for consideration is whether any bonus is payable in view of the relative prosperity of the concern during the year under review, in view of the principles laid down in the case of Millowners' Association, Bombay, 152 L.A.C., 433. It is in evidence that bonus was paid to the employees in 1954, but no bonus was paid in 1953. The question is if any bonus was payable in 1953 on the working of the previous year. The learned advocate for the Company pointed out that the bonus is payable in the month of October, and it is paid every year on a consideration of the profits accruing in the two preceding half-years. It is, therefore, stated that no bonus was paid in October 1953, on a consideration of the profits of the Company in the half-year ended 30th June 1953 and 31st December 1952. It appears from the balance-sheets, Exts. E and E(1), that in the half-year ended 31st December 1952, the Company incurred loss to the extent of Rs. 1,77,445 and odd, and in the half-year ended 30th June 1953, the Company incurred loss of about Rs. 52,000. Considering the fact that bonus was to be paid in the month of October 1953, and bonus was actually paid in October 1954, the contention of the learned advocate for the Company that the bonus payable in October 1953 was not paid in view of the losses incurred during the two preceding half-years appears to be acceptable. In view of these circumstances, it is awarded that no bonus is payable by the Company in 1953.

The description of the issue being bonus for 1953 is a little misleading. Bonus for 1953 is really payable in 1954 on a consideration of the trading results for the year 1953. In view of the fact that bonus was actually paid in October 1954, I consider this issue to mean as to whether bonus was payable in October 1953, on a consideration of the trading of the two preceding half-years, as suggested by the learned advocate for the Company. As has been mentioned above, on such consideration, no bonus is payable to the employees. This issue is accordingly answered.

Issue No. 6.

The Union states that there is no scheme of medical aid in this Company except at the discretion of the Management. At the time of the argument, the learned advocate for the Company stated that medical aid was given to the employees at the Mills at Narkeldanga and the learned advocate for the Union stated that one month's pay and dearness allowance should be given as medical allowance to every employee.

The Company being situated in the heart of the city of Calcutta, where there are elaborate arrangements for the medical aid of the subject by the State, the employees of this small office of 24 men in all should not claim special medical aid from the employers. This claim is, therefore, rejected.

Issue No. 7.

The Union states in its written statement that all vacancies in all grades should be filled from the clerical grades on consideration of seniority and that there should be no bar for clerks being promoted to the rank of assistants, if they are so qualified. There should not be also any bar for a member of the sub-staff to be promoted to the clerical staff, if they are suitably qualified.

The Company in its written statement states that promotion of an employee to a higher post is a management function and must be left to the discretion of the Management.

The Management has the right to determine the competence of employees as one of its essential management functions and the decision of the Management in this behalf should be upheld by arbitrators in absence of showing of bad faith. These principles have also been enunciated by the Hon'ble Appellate Tribunal of India in the case of Uttarpradesh Electric Supply Company Workers' Union [1951(1) L.L.J. 456] and in the case of Uttarpradesh Electric Supply Co., Ltd. Allahabad, (1951, L.A.C., 346). In the first mentioned case, the Judgment of the Hon'ble Appellate Tribunal held that in the matter of promotion from one grade to another efficiency and other qualifications count besides seniority, and that in the matter of promotion, it is the Management and Management alone which is to decide the matter. In the second case mentioned above, it has been observed by the Tribunal that it would be laying down a dangerous principle to hold that in the matter of promotion an outside body may substitute its own judgment for the personal knowledge or of the authority empowered to promote.

The following rules may be followed in making promotions:—

- (1) A vacancy in a higher grade should be normally filled by promotion from the lower grade.
- (2) Promotion should be made on consideration of seniority and merit of an employee and the management should be the sole judge of an employee's fitness, capacity and efficiency in work.
- (3) A clerk found unfit for promotion to a higher grade at the selection point once shall not be permanently debarred from being considered for promotion in future. His case should be considered on another occasion when there is a vacancy in the next superior grade.

Issue No. 8.

The Union in its written statement states that retirements shall be made on completion of 60 years, or after 30 years' of service, whichever is earlier.

The Company in its written statement states as follows. For some time past, the fixation of retiring age was discussed between the Management and the representatives of the workers and a grievance was made by the younger staff that unless the older hands are compulsorily retired on attainment of the age of superannuation, their chances of promotion would be blocked. The President of the Calcutta District Employees' Association, Shri Sailendra Nath Nath, by its letter, dated 29th January 1953, sent a copy of the demands on behalf of the workers making *inter alia* the demand that a man shall retire on completing 55 years, and that in exceptional cases, where both employers and the employees agree, extension of service may be granted. The Company accepted the suggestion, and amicably implemented the same. The retiring age in the Company is now 55 years.

Ext. A is the letter of the President of the Union, Shri Sailendra Nath Nath, dated 29th January 1953. It appears that the retiring age as suggested here, is 55 years with the provisions for extension of service when both the employers and the employees agree to extension. This letter also shows in an Annexure, the age of all employees in the employment of the Company on that date, and it appears that Satyendra Nath Chatterjee was 68 years of age, Shri Sailendra Nath Nath and three other persons, Shri Sreeman Chatterjee Bose, Shri Bhudhar Nath Dey and Shri Bibhuti Bhushan Ghosh

years of age at that date. There is no ground for the Union to make an altered demand in the written statement of the case. It is added that an employee shall ordinarily retire on attainment of 55 years age. Extension of service up to 60 years' may be granted by the company, if the employee so agrees. This issue is accordingly answered.

Issue No. 9.

The Union states in its written statement that Shri Sailesh Chandra Bose was discharged on 30th April 1954, by way of victimisation, on account of trade union activities. Shri Sailesh Chandra Bose was employed in the Accounts Department of the Company since January 1953, at a salary of Rs. 300 per month. Shri Bose was verbally appointed by Shri Dayaram Poddar, the Managing Director of the company, with the assurance of being absorbed as a permanent staff after six months continuous service. After working for six months, Shri Bose was verbally confirmed by Shri Dayaram Poddar, as a permanent staff, but he was not allowed the facility of provident fund. Shri Bose was being threatened from time to time by the Secretary of the Company to desist from Union activities and was allured to leave in connection with the Union, so that he may be given extra facilities. Suddenly the Secretary of the Company without any reason but with a month's pay as a notice, discharged him from the service of the Company. On 24th April 1954, the Union by a letter informed the Company the office bearers as would have been done in the past years after the annual General Meeting of the Union. Shri Bose was the Treasurer of the Union and a most active member. Shri Sailesh Chandra Bose is intimately entitled to be reinstated to his former post without any break in service. He should also be given full compensation for the period of his forced unemployment, and he should be entitled to other benefits, i.e., provident fund, bonus, leave, etc., as if he were in service.

The Company, in its written statement, states as follows:—

The allegations made regarding Sailesh Chandra Bose are incorrect and baseless. Sailesh Bose was recruited on 13th January 1953, as a Personal Assistant to the Director-in-charge. Though his salary was fixed from the Calcutta Jute Manufacturing Co., Ltd., it was distinctly understood that he would work not only for the Calcutta Jute Manufacturing Co., Ltd., but also for other sister concerns to which the Director-in-charge is connected. It was purely a temporary experimental scheme and it was definitely understood that his service was liable to be terminated at any time without any notice or compensation. After an experiment of a few months it was found that the maintenance of the post was not at all beneficial to the Company's concern. Further thought that it would not be fair to maintain such a post at the cost of the Calcutta Jute Manufacturing Co., Ltd. Consequently the post was abolished and his services were dispensed with.

Shri Sailesh Chandra Bose deposed in this case. In examination-in-chief he states that he used to do clerical work and the work of an salesman and also accounting work. He states that Dayaram Poddar, the Managing Director, appointed him verbally, that his appointment was against a permanent vacancy. Shri N. Mukherji, who was junior to him. He has been discharged on account of his trade union activities. He is the Treasurer of the Union. The Management threatened him from time to time for his Union activities, and finally when on 24th April 1954, it received a copy of the resolution passed by the Union to the effect that he was the Treasurer, he was discharged.

on 30th April 1954. The Company used to look upon the Union with disfavour. The first Secretary of the Union, Shri S. C. Catterjee, lost his job for his trade union activities. Likewise Shri Sreeman was removed from service when he was the Acting Secretary of the Union, and last of all, he, Sailesh Chandra Bose, has been victimised for his trade union activities. There are 24 clerks on salary book in the Head Office and there are 5 or 6 clerks, who are on the service roll. Out of 24 men, 6 are members of the Union. In cross-examination, this witness states that he did not write any *khata* of account, and there was no writing of his hand in any permanent *khata* of the Company. His name also does not find any mention in attendance register. He states that his handwriting will be visible in the records of the International Overseas Corporation, which is a limited company situated in the same precincts in which the Directors of the present Company are interested. When the letter Ext. A, was written by the President, Shri S. N. Nath, on 29th January 1953, showing the demands of the Union, this witness was in the service of the Company, but was not a member of the Union. He became a member of the Union in March 1954. In cross-examination this witness further states that he used to maintain the import register of the International Overseas Corporation, and he used to do some outdoor work on behalf of the Calcutta Jute Manufacturing Co., and International Overseas Corporation. O.P.W. 1 Shri Keshordeo Poddar, the Cashier of the Company, proved the attendance register, Ext. B(1) and the salary register Ext. C, of March, 1954. These registers do not show the name of Shri Sailesh Chandra Bose. This witness states that Shri Sailesh Chandra Bose did not do any other work except that of Overseas Corporation, but he was paid at the rate of Rs. 200 per mensem from the Calcutta Jute Manufacturing Co., and that as he was not a permanent employee, his name did not find mention either in the cash book or in the attendance register. He states that it is not a fact that Sailesh Chandra Bose was discharged because of his being a member of the Union. He further states that as there was paucity of work Sailesh Babu was discharged.

In the written statement of the Union, it is stated that on 1st April 1953, Shri S. N. Chatterjee, Secretary of the Union, was retired from service, by way of victimisation, and that under force of circumstances, Shri Chatterjee had to agree to the offer of the management. It is further stated that Sriman Bose next took a leading part of the Union and he also, as a result of his trade union activities, was retired from service. It is, therefore, clear that although Shri Sailesh Chandra Bose states in his examination-in-chief that the Secretary of the Union lost his job for his Union activities, he was really retired from service on 1st April 1953. Considering Ext. A, the letter of Shri S. N. Nath, the President of the Union, dated 29th January 1953 to the Company, incorporating the demands of the Union in which claim has been made for retirement on completion of 55 years of age, and also mentioning in an Annexure, the age of Shri S. N. Chatterjee as 68 years, it is but natural that in implementing the claim for enforcement of the age of retirement on completion of 55 years Shri S. N. Chatterjee would be the first to retire and his retirement could legitimately come on the 1st of April, 1953. This explanation of the fact of the retirement of Shri S. N. Chatterjee by the learned Advocate for the Company, therefore, appears to be acceptable. The allegation of Shri Sailesh Chandra Bose that the Company has been removing the officials of the Union one after another does not appear to be justified. It appears from the evidence on record

Shri Sailesh Chandra Bose was given a temporary appointment in the Calcutta Jute Manufacturing Co., on 12th January 1953, on the verbal order of the Managing Director, Shri Dayaram Poddar and that though he was paid his salary from the Company, he was engaged for the most of his time in another Company, being the International Overseas Corporation, in which the Directors of this Company were interested. The claim of this Company that Shri Sailesh Chandra Bose had no sufficient work to do in this Company is, therefore, refuted. Exts. B and C, being the attendance registers and salary registers of this Company, do not show the name of Shri Sailesh Chandra Bose. The demands of the Union over the items of claim which have been subject matter of this proceedings were made before the date of Ext. A, dated 29th January 1953, and Shri Sailesh Chandra Bose states that he was a member of the Union not earlier than March 1954. He was discharged on 30th April 1954. It is a fact that on 1st April 1954, the Company received a letter from the Union showing that Shri Sailesh Chandra Bose was appointed as Treasurer of the Union. It is also in the evidence of P.W. 1 Shri Sailesh Chandra Bose that only 6 out of 24 employees of the Company, were members of the Union. Considering all these circumstances, it does not appear that Shri Sailesh Chandra Bose has any Union activities to his credit which might actuate the Company to get rid of him, as alleged. What really appears is that Shri Sailesh Chandra Bose was appointed to sundry works of International Overseas Corporation, but was paid by Calcutta Jute Manufacturing Co., Ltd. It also appears from the attendance-sheets, Exts. E and E(1), that in the half-years ended 31st December 1952 and 30th June 1953, the Calcutta Jute Manufacturing Co., Ltd., incurred losses. Shri Sailesh Chandra Bose was discharged without proper notice with effect from 1st May 1954, because he had not much to do for this Company. This conduct of the Company cannot be assailed as an unfair labour practice, or as a conduct by way of victimisation for trade union activities of the employee. It has been laid down by the Hon'ble Labour Appellate Tribunal of India in the case of Buckingham and Carnatic Mill's case, 1952, L.A.C., 490, that the case of a discharge of an employee on notice or in lieu thereof, payment of wages for a certain period without assigning any reason, has to be seen whether the employer acted with an honest purpose. It has also been stated by the same Tribunal in the case of D. B. R. Mills, Secunderabad, Deccan, reported in 1952, L.A.C., 540, that discharge on notice could be challenged only if the discharge proceeded from *mala fides* on the part of the Company, for victimisation or unfair labour practice. The same views have been expressed in the case of Far Fire Bricks Workmen, reported in 1953, L.A.C., 81. From what has been discussed above, it is clear that the Union has failed to show that the discharge of Shri Sailesh Chandra Bose proceeded from any *mala fides* on the part of the Company or any victimisation or unfair labour practice. It is, therefore, awarded that the claim for reinstatement of Shri Sailesh Chandra Bose cannot be supported and must be rejected.

In view of the fact, however, that Shri Sailesh Chandra Bose was discharged by way of retrenchment, he is entitled to compensation. Considering the facts and circumstances of the case, it is awarded that Shri Sailesh Chandra Bose should be paid Rs. 400 by way of compensation. This issue is accordingly answered.

Blackwoods India Limited, in connection with Government order No. 5027Dis./D/11L-53, dated the 26th December 1953.

OF THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Miscellaneous Case No. 218 of 1954 under section 33A of the Industrial Disputes Act.

Shri Basudeb Mondal, Patinan, post office Bagnan, Howrah, Petitioner,

versus

Blackwoods (India), Ltd., 2, Mangoe Lane, Calcutta-1, Opposite City.

petitioner: Shri Bimal Sarkar.

opposite party: Shri N. K. Mukherjee, Advocate, instructed by Shri D. M. Lahiri, Law Officer of the Company.

AWARD.

This is a complaint under section 33A of the Industrial Disputes Act by workman, Shri Basudeb Mondal on 7th December 1954. He was a

carpenter in Blackwoods Furniture Works belonging to the Company party. He alleged that on 30th September 1954, he was verbally told opposite party not to work with effect from next date and thus his ment was terminated. At the time admittedly adjudication process respect of an industrial dispute between the opposite party Company their workmen represented by Blackwoods Labours' Association, 59-B ringhee Road, Calcutta, were pending before this Tribunal. The plainant, Shri Basudeb Mondal, alleged that he was a workman on the said dispute and thus the opposite party had contravened the provision section 33. Hence the complaint.

The complainant prays for reinstatement as well as for compensation the period of unemployment.

The opposite party pleaded that the application under section 3 not maintainable as the complainant was not a workman concerned main dispute. It was alleged that the dispute was between the Company and their workmen represented by the Blackwoods Labours' Association and the said Association represented only the workmen employed Engineering Works and Paragon Works with which the applicant concern whatsoever. It was further said that the opposite party carry business of different types and nature and as different units of industry independent of one another. Blackwoods Furniture Works, it was said one of such industry in which the applicant was employed. The employees of Blackwoods Furniture works were not in any way concerned in the dispute raised by the said Association and are not bound by the award passed thereon. Moreover, they were not members of the said Association and were not represented by them. The opposite party further alleged that it had a unit of industry in Underwood Typewriters & O. E. Service Station (I Division) and proceedings on an order of reference No. 3148 Dis (I) dated 26th June 1954, are pending before this Tribunal over alleged dispute raised by the employees of the said unit of industry who are represented by Blackwoods Workers' Union which is different from Blackwoods Labours' Association.

As the order of reference in connection with which the complaint under section 33A has been filed related only and solely to the employees of Engineering Works and Paragon Works represented by Blackwoods Labours' Association and not to employees of Blackwoods Furniture Works or of any other units of industry, there was no contravention of provisions of section 33, thus the complaint under section 33A was not maintainable.

Regarding merits, the opposite party denied having ever discharged the workman with effect from 1-10-54 as alleged and pleaded that on 30-9-54 the workman himself expressed an intention not to continue in service any longer as he got a job elsewhere with higher emoluments and thereupon ceased to attend duty from 1st October 1954. The workman subsequently applied for a certificate which was granted to him. The workman again approached the opposite party towards the end of December 1954 and represented that the job was not up to his expectation and that he acted foolishly in resigning his service under the opposite party. He stated further that he worked for some time in a furniture shop named Radha Cabinet Co., of 132, Bowbazar Street, Calcutta, and his earnings there fell far short of what he used to receive under the opposite party. On his entreaties he was asked to rejoin in the beginning of January 1955, and he is still in service.

DECISION.

In support of his case the workman himself has deposed (P.W. 1) besides proving Exts. 1 and 2. The opposite party, on the other hand,

mined the Head Clerk of Furniture Works, D.W. 1, Shri Sukumar Nerjee.

On giving careful consideration to the evidence and circumstances. I see that the complaint under section 33A is not maintainable. The action of the Company opposite party that the complainant was not concerned in the dispute appears to be well-founded. The main dispute in connection with which the complaint under section 33A has been filed was between the Company opposite party and their workmen represented by Blackwoods Labours' Association as referred to by Government order 5027Dis./D/11L-11/53, dated the 26th December 1953. The award in connection with the said dispute as published in the *Calcutta Gazette*, dated 1st December 1954, clearly shows that the workmen so represented were employees of the BIL Engineering Works and Paragon Works and of other units of the Company. The Assistant Secretary of the Association so deposed there as P.W. 8 admitted that only the employees of those two units were members of the Association and none else. It is, therefore, obvious that the complainant, who was a carpenter in the Blackwoods Furniture Works, was not either represented by the said Association or was concerned in the said dispute. The evidence further reveals that just as BIL Engineering Works, Paragon Works and Central Stores are separate and independent units, so are the Blackwoods Furniture Works and Underwood Typewriters & O.E. Service Station (Eastern Divn.), although these belong to the same Company. It further appears that as Blackwoods Labours' Association represents the employees of BIL Engineering Works and Paragon Works, so also Blackwoods Workers' Union represents the employees of other unit of the Company, namely, Underwood Typewriters & O. E. Service Station (Eastern Division). The complainant, P.W. 1, did not even say in his written statement or say in his deposition that he was a member of Blackwoods Labours' Association which represented the workmen in the said dispute.

In these circumstances, it is obvious that the complainant was not a workman concerned in the dispute nor the award therein was binding on him. Section 33 bans certain actions on the part of the employers only against a man concerned in the dispute. When the complainant was not so concerned in the main dispute, it is obvious that the complaint under section 33A is not maintainable.

As regards merits, the version of the employer seems to me more plausible and natural. The fact that the workman has been taken back in employment would not suggest that the Company had discharged him earlier with any animus against him. The mention in the certificate, Ext. 2, that service of the workman was dispensed with due to retrenchment, it appears to me, was so made at the request of the workman for facility of employment.

So the complaint must fail on both law and merits. I award accordingly.

Dictated and corrected by me.

AWARD.

This is a complaint under section 33A of the Industrial Dispute by Shri Giridhari Barik. He was an employee in the opposite concern. He was granted leave on his prayer from 7th May 1954 to 6th June 1954, both days inclusive. He did not resume duty after the expiry of leave. Three days after he wrote for extension of the leave for 15 days. Then on 15th June 1954, he sent a telegram to the opposite party. Failing to get response, it is alleged, he turned up for duty on 15th June 1954, but the *Bara Babu* asked him to come on the following day and when he turned up on the following day he was again asked to come on the next day. In this way his employment is alleged to have been terminated from 1st July 1954. The complainant alleges that without his permission was taken, the opposite party has violated section 33 of the Act, and therefore its action is illegal and he is entitled to be reinstated.

The opposite party Company denies the material allegations of the complainant and pleads that when the complainant did not turn up after eight days from the expiry of the leave, he lost his lien on the job automatically according to clauses 9(2) and (3) of the Standing Orders and he was placed on the *Badli* list as provided therein. It is claimed that the Company did not violate the provisions of section 33 of the Act.

DECISION.

The complainant has not turned up at the hearing. No explanation has been given for his absence. In the circumstances, the matter proceeded *ex parte* under rule 15 of the Bengal Industrial Disputes Rules, 1947.

The evidence led on the side of the opposite party shows that the complainant by his application, dated 15th April 1954, prayed for 15 months' leave from 7th May 1954 as the roof of his house was broken away requiring shifting of his family. The Company, however, by its order, dated 30th April 1954, granted him leave from 7th May 1954 to 6th June 1954, both days inclusive (*vide* Ext. B). The complainant admittedly did not turn up for duty on the expiry of leave. According to his own showing in the petition of complaint, he first applied for extension of leave by 15 days, 3 days after expiry of the leave. Ext. B is the said application, dated 11th June 1954. The Company received the application on 14th May 1954. The Company then received a telegram sent on that very day. There the complainant prayed for extension by one month. Clause 9(3) of the Standing Orders, Ext. B, runs as below:—

"If the workman remains absent beyond the period of 15 days originally granted or subsequently extended, he shall lose his lien on his appointment unless he (a) returns within 8 days after the expiry of the leave and (b) explains to the satisfaction of the Manager his inability to return before the expiry of the leave. In case the workman loses his lien on his appointment he shall be entitled to be kept on the "*Badli*" list."

The evidence of one of the partners of the concern, D.W. 1 Shri P. Banta Singh Botra shows that the complainant did not turn up for duty on 25th June 1954, but on 30th June 1954. The complainant admitted in the petition of complaint that he did not turn up for duty within 8 days after expiry of the leave. D.W. 1's evidence also reveals that on 29th June 1954, the Company recorded an order (Ext. E) putting

to *Badli* list as in the Standing Orders and that the contents of the order were communicated to the complainant on 30th June 1954, when he turned up for duty. Standing Orders show that if a workman overstays the sanctioned leave by 8 days and does not explain his absence satisfactorily, he automatically loses his lien on the appointment. So, no overt act in such a case is necessary on the part of the management. In the circumstances, refusal by the management to give employment to the complainant on 30th June 1954, in my opinion, did constitute infringement of section 33 of the Act. I, therefore, agree with the complaint under section 33A is not maintainable. It must, therefore, fail. I award accordingly.

SHRI G. PALIT, District Judge, Chairman, Fifth Industrial Tribunal
Present for the workmen : Janab Shafaatulla Khan, General Secretary
Present for the Company : Mr. W. J. Start, Factory Manager.

1. The original dispute out of which the case arose was referred to me under Government order No. 2048Dis./D/11L-105/52, dated 31st January 1952.

AWARD.

2. It is the contention of the petitioners that the Company has evaded the section 33 of the Act by disturbing the service condition of workmen without written permission being obtained from the Tribunal when the main case was pending before it. It is alleged that on the 27th January 1953, the Company declared a Sports Day, and wanted that all workmen should all join the function. It was further stated in the notice in this respect that the said Sports Day would be regarded as a holiday without pay for those who would participate in the function of the day, and those who would not participate, the day in question would be regarded as a holiday without pay. This notice was dated the 27th December 1952. These petitioners, among others, did not participate in the function of Sports Day. But they, however, want that they should be given wages for the said day.

When the case was taken up for hearing, the parties filed a petition for compromise by which the dispute in question had been amicably settled. I accept the said petition of compromise, and dispose of the present dispute accordingly. It will form a part of my present award. It finds place in the Appendix.

ANNEXURE.

Matter of an industrial dispute between Messrs. Clive Mills Co., Ltd., 43/1, Garden Reach Road, Calcutta-24 and their workmen as represented by National Union of Jute Workers, 59B, Chowringhee Road, Calcutta.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

Shri G. PALIT, District Judge, Chairman, Fifth Industrial Tribunal.

For the Union: Shri Jagannath Pundey.

For the Company: Shri C. Bhadra, Manager of the Company.

By Government order No. 3661Dis./D/7L-46/53, dated the 29th September 1953, the aforesaid dispute was referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under notification No. 3581Lab., dated June 1951.

2. The reference was received here on 9th October 1953. The U filed written statement on 21st November 1953 after usual notices. Company filed written objection on 26th December 1953. After several adjournments the case was taken up for hearing on 10th March 1955 continued on 11th March 1955 when the evidence including the arguments was concluded. The award was reserved.

3. The issue contained in the schedule to the order of reference is as follows:—

- (1) Whether the Company's decision to get the entire work of sweeper done by 34 sweepers instead of 36 is justified?

AWARD.

4. Evidently it is a part of the management-function to size the strength of its personnel according to its needs. The Tribunal has jurisdiction to go into the question of propriety or otherwise of such decision on the part of the management. The Tribunal can intervene only where as a consequence of the management's decision, the work-load on the workmen is unfairly increased, in other words, where workmen are sweated. The Tribunal can also interfere where the management gets rid of its personnel with an ulterior motive, or in other words where there is victimisation, as we call it. In the absence of such management's decision to reduce the strength of its workmen cannot be the subject-matter of an industrial dispute. As such, an Industrial Tribunal can have no jurisdiction on such a matter.

So the present issue should be construed as an attempt on the part of the management to increase the work-load of the total strength of sweepers in its employ. In other words, I have to find whether as a consequence of the reduction made in the strength of sweepers from 36 to 34 the work-load on the remaining sweepers has correspondingly increased. In that view of the matter, the present Tribunal assumes jurisdiction in the present case.

Coming to the merits of the present case, I find that the evidence is extremely meagre on either side. I have been left to decide the matter more or less, on the circumstances disclosed during the trial. From Ext. B, filed by the Company, I find that the strength of sweepers has been steadily and systematically reduced. In 1947, March, their strength stood at 50. It went up to 54 in March 1948. Since then almost every month the number went down till April 1952 when the strength was reduced to 40, with three absentees. It is the contention of the Company that during the European management under Messrs. Bird & Co., the strength of sweepers was more because they were required to sweep the floors of the officers' quarters of this Jute Mill. But under the present Marwari management, the sweepers are not required to sweep the floors of the officers' quarters because they are not permitted to enter into the officers' quarters. As a matter of fact according to the Company, the work has been diminished. But according to the sweepers, their work has been increased because they are now required to sweep the gardens and outer precincts of the verandahs which they never did in the past under the European management. I think, there is some truth in the versions of both sides. But I am convinced that the grievances of the sweepers are genuine in the present case. For instance, they went on strike from 13th May 1953 to 29th May 1953 purely on the ground of increased work-load. Nobody, and least of all, the sweepers who live from hand to mouth, would hold out for this long period unless their grievances were real. A memorandum of settlement, Ext. A, filed by the Company, also bears out the truth of this increased work-load. I find in the said memorandum of settlement that the Company had to concede that 34 sweepers would

uned. They further had to concede that the sweepers would get pay days out of the strike period. They would also get pay for 12 days in 1955 during which they had worked. So the Company, in a r, conceded that the strength of sweepers cannot be reduced below the present time. But now they want to say that only a dozen rs would suffice for the purpose. That indicates the trend of the ny's mind. They are out to reduce the strength of sweepers any So if the sweepers did resent such reduction, it was only what could ected under the circumstances. From the said settlement, Ext. A, further appear that the question of two sweepers who had been led, formed the subject-matter of a conciliation. That is why the issue was raised, whether 36 or 34 men would ensure fair dis- of the entire work done by sweepers. In the above circumstances, Company has not been able to prove that the work has diminished rably, I cannot arrive at the figure 34 as adequate purely by a. The Company next says that there had been a house which did nodate 300 to 350 of their workers, and that is why the strength of rs was not reduced. But this house has been given up. But npany has produced no evidence in its support. Merely saying that eepers were having an easy time all the day, working some hours morning, and some hours in the evening, will not do. If the conduct management carries any significance, I should say that as the y has tolerated the strength of sweepers for this long period, even its present management, it cannot suddenly say that the sweepers' h is over-staffed. So, as between 36 and 34, I am inclined to find is the appropriate number which should suit the purpose. Less at would result in sweating the sweepers by the increase of work- an extent which they would not be able to bear without their being undermined. Their evidence is *ex parte* on the point. I idemn the manner in which the management indulges in getting ts sweepers. If the management really thinks that the number of s is more than what is justified by the requirement, it should do e and squarely. It should not seek for an opportunity in order to of its men when they go on leave, or fall sick. That is how the a in question here were discharged. As the question of these two s not been specifically referred to me, I cannot give a direction y should be taken back. But while ordering that 36 men should to the sweepers' strength, I recommend that these two men who n retrenched, should be taken back. But this direction, for reasons, is only by way of a recommendation, and nothing more. I award is that the Company's decision to get the entire work of done by 34 sweepers, instead of 36, is not justified.

ist point out before I part with the records of the case that the s has not examined any witness, nor has taken care to place as aterials as may be supposed to be in its custody to help the to come to a decision about the work-load on their basis.

2. It is the contention of the petitioner that he was arrested by police on 9th October 1953 and was released on bail on 4th November. On the very next day, when he went to join his work, he was not allowed to do so. Thereafter he was allowed to resume his work on 7th November 1953. Thus he was made to sit idle for a considerable length of time. The police withdrew the charge sheet against him. So he wants that he should be paid full wages for the period of his unemployment.

eventually, when the case was going to be taken up for hearing, the petitioner by a petition wanted to withdraw the case, as the matter had amicably settled out of Court. ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Bridge Roof Co. (India), Ltd., Pilkhana, Howrah, represented by Messrs. Balmer Lawrie & Co., Ltd., Managing Agents, 21, Netaji Subhas Road, Calcutta and their workmen represented by Engineer Mazdoor Sabha, 4, Nityadhan Mookherjee Road, Howrah.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL
PRESENT :

SHRI MOTILAL CHAKRAVATTI, District Judge, Judge, Sixth Industrial Tribunal.

Appearances.

For the Company: Shri J. N. Chatterjee, Assistant Labour Adviser Indian Engineering Association.

For the Union: Shri D. L. Sen Gupta, Advocate, Vice-President.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Government of West Bengal, Labour Department, order No. 3285Dis./D/10L-147/54, dated Calcutta, the 6th July 1954 referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the order of reference.

SCHEDULE.

- (1) What should be the special increment of workers when they reach the maximum of their grade.
- (2) Profit sharing bonus for 1952-53.

AWARD.

The workmen concerned in this present reference case and the Company met halfway and as a result the workmen accepted the grading scheme proposed by the Management, dated 10th November 1953 and the point which was left for adjudication by the Tribunal arising out of said grading scheme was "what should be the special increment of workmen when they reach the maximum of their grade?" (vide Annexure

Company's written statement.) The said Annexure A was signed by the parties and also by the Conciliation Officer, Howrah. It appears from the grading scheme that the clerks of the company are outside the picture although clerks can come within the purview of the expression "workmen" as defined in Industrial Disputes Act. The persons who are now interested in the present case do not include clerks. The Company contends that under issue No. 2, viz., bonus, the question whether clerks also is to be considered because it will not be fair to deny bonus to the workmen to the exclusion of the clerks.

1.—What should be the special increment of workers when they reach the maximum of their grade.

Workmen have been classified into three grades, viz., 1, 2 and 3 only. There is another grade which relates to the category of Welders, Turners, Markers, Crane Drivers, Rivet Heaters, Fireman and Hammerman, Chippers, Painters, are not expected to reach the Mistry Grade, whereas the workmen of the other trades, e.g., makers, Blacksmiths, Platers, etc., are expected to reach the grade, i.e., Mistry Grade. It also appears from the scheme of wages as accepted by the parties that the unskilled labourers have got no increment and they are to get wages at the flat rate of Rs. 31 per month for 26 days. Their wages admit of no increment. Store Helper wages at the scale of Rs. 33-10-0 to Rs. 38-13-0 per month. It is stated that in the grades above mentioned, there is a scheme of annual increment at the rate of 2 annas per hour corresponding to Rs. 2-9-0 per hour. It is also admitted that the workmen are to get dearness allowance above the wages specified in the scheme of grades. The Management submits a statement showing that the workmen receive the following allowance:—

to Rs. 50—Rs. 31.

in Rs. 51 to 100—Rs. 42.

in Rs. 101 to Rs. 150—Rs. 48.

in Rs. 151 to Rs. 200—Rs. 54.

in Rs. 201 and upwards—Rs. 60.

The Management proposed to give a special increment of 1 anna per hour for the third year up to the total of three increments—to those workmen who have reached the top of their grade and to whom it is not possible to give promotion to a higher grade, either on the grounds of no-vacancy or of inability.

The workmen however contend that the annual increment of 2 annas if incorporated in the grades abovementioned would cover only five years as the case may be of the services of the workmen and the rest of the tenure of service, the workmen would be at stand-still. If the special increment proposed by the Management is accepted, there would be no improvement except that only 14 years' of service would be covered by increments and the rest would be a stagnation. In the statement the workmen contended that the special increment should continue up to 14 years instead of 9 years (as proposed by the Management) and that the rate of increment should be 2 annas per hour or 1 anna as proposed by the Management.

In course of hearing the workmen filed a petition praying that special increment should be allowed at 2 annas per hour up to a total of 3 years. The question is whether this special increment should be at rate of 2 annas as contended for by the workmen or at the rate of 1 anna as proposed by the Management. I accept the proposal that this special increment should be at interval of three years and the total period of special increment should be nine years, but regarding the rate of increment, cannot but consider the following circumstances. In the proposed grading scheme (*vide* Annexure A to the written statement filed by the Union) there is a remark that promotion of a workman to a higher grade shall be given in cases of special merit and that ordinarily a workman shall remain for two years at the top of the grade before he is considered for promotion to the next grade. So it appears from the grading scheme itself that promotion from lower grade to the higher would not take more than two or three years after reaching the maximum. In these circumstances, special increment up to a total period of 9 years before promotion to higher grade is too lavish for the mesne period. Such long range scheme with regard to special increment which is nothing but a mesne between grades, should not be entertained by the Tribunal. When there is expectation that a workman may get promotion to the higher grade in course of two or three years after reaching the maximum of the lower grade in which he might be placed, we should not bother at all as to whether this mesne increment after the maximum of the grade should continue for 9 years or 14 years. Similarly we should not consider seriously whether the workmen should get special increment during the mesne period at the rate of 1 anna per hour or 2 annas per hour. It is only a stop gap arrangement for the interval. When the ordinary increment within the grade is at the rate of 2 annas per hour, I do not think that special increment for the mesne period in between the two grades should be more than 1 anna per hour. I am of opinion, the proposal made by the Management in this respect is to be accepted.

Issue No. 2.—Profit sharing bonus for 1952-53.

It is admitted on both sides that the year of the business of the company begins from January and ends in December and that there is half yearly closing of accounts in June and December. In these circumstances the year 1952-53 as given in the issue is understood by the Management as well as by the workmen as meaning the year 1953 only. The Tribunal also should construe the expression 1952-53 as meaning the year 1953.

Bonus is claimed as profit sharing one. At present the workmen are paid two kinds of bonus, viz., production bonus and Puja bonus. Puja bonus is always paid at the rate of one month's wages although the profit earned annually would justify grant of higher amount of bonus. When in 1953, the Management granted one month's wages as Puja bonus to the workmen, the Union on behalf of the said workmen wanted a still more bonus equivalent to one month's wages more.

On behalf of the Management a statement showing the calculation of available surplus profit has been submitted, marked "AA" and the Union has also submitted a similar statement, marked II. The statement of the Union suffers from extreme discounting, so I need not consider it. I accept the principle that return on issued capital should be at 6 per cent and that on reserve employed as working capital should be at 4 per cent but the question is whether there is any proof that any part of the

actually employed as working capital during the year 1953 and, if so, what period. I think there is no evidence on this point. The balance-sheets produced by the Management show a huge reserve. It does not ar from the balance-sheets that the reserve fund was actually employed as working capital during the year 1953, moreover I find from the statement supplied by the Management, marked "BB" that during the period from 1949 to 1953, machinery, motor cars and furniture were added to the tune of Rs. 2,52,885. The rehabilitation analysis submitted by the Management, marked "CC" shows that 2.7 was adopted as the multiplier for the purpose of calculating rehabilitation costs without giving any allowance for the high value of the acquisition made during the period 1949 to 1953. During that period the price of the things had already reached the ceiling. So in respect of those acquisitions made during the period 1949 to 1953, there should be no multiplier for the purpose of rehabilitation. If these irregularities in the calculation are pointed off, I think, there would be sufficient surplus profit even after making the necessary deductions as laid down in the Appellate Tribunal decisions. It appears from the evidence that Rs. 27,000 only would be required to give one month's wages as bonus to the workmen concerned (including the clerks). So I hold that the workmen concerned in this present reference case should get an additional bonus equivalent to one month's wages more for the year 1953. Payment be made within June 1955.

AWARD.

1. By order No. 4033Dis./D/11L-301/54, dated the 19th August 1954 the Government of West Bengal in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Surveyors and Salvagers, Ltd., Temple Chambers, 6, Old Post Office Street, Calcutta and two of their employees Shri Chittaranjan Goswami and Shri Debesh Chandra Sanyal, both of 14, Harlal Das St. Calcutta-14, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After summons the parties entered appearance and filed their written statements. The pleadings were completed on 8th November 1954. The parties were thereafter directed to file their lists of documents. The case was then adjourned to 28th March 1955 for hearing.

3. The matter of dispute as stated in the schedule to the order in reference is as follows:—

- (1) Whether the retrenchment of Shri Chittaranjan Goswami and Shri Debesh Chandra Sanyal is justified? What compensation are they entitled to?

DECISION.

The dispute arose out of retrenchment of the two workmen Chittaranjan Goswami and Shri Debesh Chandra Sanyal, from 1.1.1954. The workmen claimed that they originally joined service of Surveyors and Salvagers, Ltd., and although subsequently they were lent to H. P. Khandelwal & Co., they continued to be the employees of Messrs. Surveyors and Salvagers, Ltd., all through and as such were entitled to compensation on the basis of continuous service.

The employer, on the other hand, contended that the workmen were not so employed throughout in Messrs. Surveyors and Salvagers, Ltd., as such they were not entitled to compensation on the basis of service claimed by them.

the dispute was fixed for hearing on 28th March 1954. After the case was heard in part, the parties on a suggestion from the Tribunal came to an amicable settlement and filed a joint petition of compromise and prayed for an award in terms thereof. The terms are fair and reasonable. I, therefore, give effect to them and make my award in terms of the petition of compromise. The petition of compromise is made a part of this award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

For the Union: Shri Patit Paban Pathak.

For the Company: Shri J. N. Chatterjee of Indian Engineering Association.

AWARD.

An industrial dispute over the payment of additional bonus in 1954 and increment between Messrs. Braithwaite & Co. (India), Ltd., Hide Road, Kidderpore, Calcutta-23 and their workmen represented by Braithwaite Sramik Union, 129A, Circular Garden Reach Road, Calcutta-23 was referred to this Tribunal for its adjudication, under Government of West Bengal, Labour Department, order No. 4137 Dis./D/10J-118/54 dated 27th August 1954.

The Union in its statement demanded the payment of additional 12 months' bonus for all the workers for the year 1953 in 1954, and among others that the company was in a position to pay more for huge profits in its business in the year in question. It had paid two months' basic wages for bonus. The Union further claimed a general increment of 25 per cent. of the basic wages for all the workers on the ground that the wages paid were low and inadequate and the company's financial position was stable and sound to pay even 25 per cent. The company, an engineering unit of West Bengal, engaged in structural work with its factory at Hide Road, Kidderpore and its Office at the same place and employs about 1300 workmen in the factory alone.

The company in reply stated that the trading results for the year 1953 being favourable, it paid to its workers as a gesture of goodwill, 1/6th of the year's basic wages as bonus in 1954 although the workers were not entitled to it in law. It has no grade system or time-scale of wages for its workers and pays each workman according to the capacity and the nature of the job he performs. Apart from paying adequate wages in terms of the Major Engineering Tribunal Awards, it has adopted a scheme for long service rewards and has been paying according to that scheme higher rates of wages to workers who have rendered longer service. The company contests both the demands of the Union.

The issues as per schedule to the order of reference are—

- (1) Whether the workmen are entitled to get any additional bonus over and above the quantum of bonus already declared by the company as payable in 1954? If so, what.
- (2) Increment.

FINDINGS.

Issue No. 1.—Both parties filed a joint petition of compromise at the time of hearing of this issue on bonus. The company paid 1/6th of the basic wages as bonus for 1953 and agrees to pay 1/24th of the basic wages as additional bonus for that year. This issue is decided in terms of the terms of compromise which forms part of this award.

Issue No. 2.—The Union demands a general increment of 25 per cent. of the basic wages to compensate for the low wages paid to the workers. The company contests this claim on various grounds. Shri Chatterjee contends that the company contends that the issue has been misconceived for it is not one for revision of basic wages, as has been sought to be made by Shri Pathak, on behalf of the Union. In fact, the demand for revision of basic wages and introduction of grades with time-scales of wages made in the charter of demands, was subsequently given up, and the simple issue referred to this Tribunal is one of *ad hoc* increment. It is the charter of demands, dated 23rd March 1954. Increment at the rate of 25 per cent. of the basic wages was one of the demands included in it on the ground that 90 per cent. of the workers who are at the top of the grade rot for many years without receiving any increment at all. There were other demands made in it. In Ext. A, a letter, dated 10th July 1954, the Union asked for a reference of dispute over increment, bonus and gratuity to the Tribunal. It said nothing about introduction of the grades with time-scales of pay, or with the revision of basic wages. Shri Chatterjee is, therefore, right when he holds that the Union did not press this demand for revision of the basic wages in the present dispute. But the question of increment can never be considered in isolation without any reference to the basic wages. Therefore, Shri Chatterjee's said contention loses much of its force in the present case.

The issue of increment has now got to be considered on merits. Shri Pathak for the Union contends that the wages now paid to the workers of this company are inadequate and do not represent the real needs of the workers and as such, there should be general increment. Chatterjee said that the company is paying its workers wages in accordance with 189 other engineering concerns of West Bengal, at a rate or level fixed by the two Major Engineering Tribunals of 1948 and 1950. He claimed throughout the hearing of this case that the wages are adequate and that data, supplied by the Union for an increase are

all wrong, unrealistic and unhelpful in the present enquiry. He, that, practically speaking, the Union demands the fixation of basic wages for all the workers of this company, not on industry-region basis, but on unit basis, which is fundamentally wrong, and any such attempt is likely to defeat its purpose, namely, promote industrial peace; but on the contrary, it will have an opposite effect, namely, create industrial unrest in the vicinity where there is none existence at present. He, therefore, strongly opposes the claim.

Question is whether the present wages are inadequate. Admittedly the company is paying all the workers wages and dearness allowance allowed under the two Major Engineering Tribunal Awards, to which it was a party. P.W. 1 Shri Nihar Mukherjee, Secretary of the Union who is not an employee of this company, says that the wages are inadequate because they are not sufficient for payment of a worker's needs. He admits, however, that the payment of wages to the workers are made in terms of the awards of the Major Engineering Tribunal but says that the cost of living index has gone up ever since the Awards were made. He further admits that there is no regular fix scale of wages, viz., no grades with time-scales of pay for the workers this company. O.P.W. 1 Shri Y. S. Tayal, Secretary of the company said that the company has not got any grade or time scales pay for its workers. But there is considerable scope for promotion from one category to another and from one classification to another. Promotions are made mainly on ground of efficiency. The company pays long service rewards in the shape of higher rates of wages to its workers and also allows statutory and other holidays—all paid holidays, where the workers are paid for 3½ hours per day whether the holiday falls on Monday or on a Saturday. In cross-examination, he said that in 1953, 341 workmen were promoted from one category to another, and 37 were promoted from one classification to another. He could not give off-hand the figures for 1954. The company filed Ext. C, a chart showing details of payment of wages to all categories of workers in its employment and the Union filed a short chart showing the total number of workers who are paid different rates of dearness allowance (vide Ext. 5A). A perusal of Ext. C reveals that the lowest category of workers are paid at Rs. 61-12as. per month including dearness allowance. No one is paid lower than that. For long service a worker gets an additional of Rs. 3-4-0 per month, Rs. 6-1-0 per month and Rs. 9-12-0 per month, respectively. These rates vary according to the rates of basic wages of the worker. The statement further shows that 127 workers out of a total complement of over 2000 get a minimum of Rs. 30 as basic wage per month. 1141 get a minimum of Rs. 33 per month and about 800 get a minimum of Rs. 40 and above per month. Ext. D is another statement which shows promotions which were given to some of the workers in course of four years. Ext. B is the letter of the Assistant Secretary to the Government of West Bengal, Labour Department, dated the 30th August 1954, which shows that the Government at that time considered the wages to be adequate and refused to refer the dispute regarding increment to Tribunal. Shri Pathak mainly relies upon Union's evidence, which consists of few charts which Shri Mukherjee, the Secretary of the Union, has drawn up with reference to some of the Government Publications, etc., and some from his own experience and knowledge. In the first place, Shri Pathak says that the company is financially sound enough to pay more than what has been demanded. P.W. 1 says that the company has the capacity to pay. Admittedly

company made favourable trading results in 1953. Ext. 5 shows the Wage Bill of this company comes up to only 10 per cent. of the profits made by it. And the financial incapacity of the company has not been pleaded anywhere in this case as a ground for refusal of this demand. So, we can take it that it has the financial ability and ability to pay. That does not, however, prove the reasonableness or reasonableness of the demand under discussion. Shri Pathak's principal contention here in this dispute is that the company pays its workers wages which cannot be called even the minimum. It has no relation to the workers' actual requirements. He had endeavoured to prove in his own way that a worker in the service of this company requires at least Rs. 145-12as. per month, for himself and for family, whereas on an average, he is getting a total emoluments of Rs. 61-12as. per month, a wage which is far below what is called the poverty level. He says, he is not unrealistic in his claim for he is asking for the present dispute only for a rise of 25 per cent. over the present wages. Shri Pathak relies upon Ext. 2 which consists of four exhibits showing statements of pay, etc., of four workers of this company, showing their actual requirements under different heads. These four workers are: Sk. Alam, a helper, Sushil Nag, a Welder, Khatish Mukherjee, a Welder and Kalipada Das, a Mistry. None of these workers has been examined in this case. P.W. 1 Shri Mukherjee said he prepared these statements (Ext. 2 to 2C), which are true. Sk. Alam is a wife and a baby in his family. Sushil Nag has got wife and three daughters; Khatish Mukherjee has got wife and three babies; Kalipada Das has the largest family out of these four workers. He has got a wife and six daughters, mostly minors. So, the consumption units are different, and they have different rates of pay. The requirements shown in these statements include not only such protective foods as milk and rice but include house rent, opium, travelling, cinema, clothing and medical expenses. Shri Pathak justifies the inclusion of these items in the statements, by references to the U. P. Labour Enquiry Report, Four Wages Committee's Report and also to the Health Bulletin No. 23, issued by the Government of India. The Bulletin shows the nutritive value of Indian foods and the planning of satisfactory diets. Dr Ackroyd and others in 1951. Shri Pathak said that the concept of minimum wage had recently undergone a progressive change and included not only the bare physical necessities but also a modicum of comfort, otherwise known as "conventional necessities". He, however, was modest in his demands for the workers for he was not asking the Tribunal to pull the wages of the workers up to the comfort level but only up to subsistence plus level. Naturally he does not rely much on the Major Engineering Tribunal Awards and on the ruling rates of wages in comparable concerns in the locality. On the contrary, he contends that the first Major Engineering Tribunal Award is dead by afflux of time and the second has been terminated by efflux. Further, although he introduced the evidence of Voltas Bros., Ltd. to be a comparable concern in the locality, he did not rely upon it. He said that comparing of one unsatisfactory rate with another is of no practical use in an enquiry like this. Question of adequacy of wages and increment is essentially a question of fact. It has been said by the Labour Appellate Tribunal in one of its recent awards, reported in the Factories Journal, VIII, dated 15th March 1954, page 78, that the question of the remuneration is no doubt liable to change with circumstances but the fixation of wages is a long term matter and should not be readily or hastily disturbed. Shri Pathak relied on Exs. 2, 3, 4, 7, 8, 9, 10, 10a and 10b in support of his contention.

that the value of balanced diet and other necessities of life for an average worker's family, consisting of 3.6 consumption units, according to reliable statistics, comes up to Rs. 145-12as. per month. Thus, however, cannot be accepted as true in this case mainly for the following reasons.

Firstly, it is fundamentally incorrect to assume from the evidence of four workers out of a total complement of over 2000 employed in the service of the company—even if that evidence is accepted as true—that the requirements of the workers are the same, or proportionately the same. This militates against the established principles of statistical survey. There has not been a sample survey or a complete census of the actual requirements of the workers.

Secondly, in all literature on the subject of balanced and satisfactory diet, the authorities tried to lay down certain principles which are considered to be ideal or satisfactory for a certain class of people. The primary difficulty about the realisation of that ideal is that there is not enough such protective foods available for all of us, nor they are within the competence of all to have them. The truth about it is that there is not enough such food to go round for everybody in the country.

Lastly, the question of balanced diet has been considered in fixing the wages for the workers employed in the engineering industries, the Major Engineering Tribunal Awards. The Labour Appellate Tribunal adopted the same in the Caltex case as the standard of fair wages. It is true that the Award of the First Major Engineering Tribunal terminated on the expiry of one year. But it can be used as a guide for determining what the ordinary wages should be. In fact, it still helps us as a guide in all matters dealt with in it. For that purpose the *ratio decidendi* of that Award is of greater importance than its direction. The Second Award has been terminated by notice, but it should not be ignored even where it is not legally binding on the parties (1954, L.A.C., page 863). In the opinion of the Tribunal there is no reliable evidence to establish what the actual requirements of a worker in an engineering industry is today. In the absence of such evidence, it is idle to contend that the wages paid, in line with all other industrial organisations in West Bengal, are grossly inadequate. Further, what is important to be considered as a first step in this connection is what is the fair total emolument for the lone paid workman consisting of his basic wages and dearness allowance, that is, the workman pay packet. The total emoluments, as I have said, in no case comes below Rs. 61-12as. This does not compare unfavourably at present, with the wage rates paid to other workers even in other industries. After all, the elementary requirements of a worker are the same whether he is working in the jute or an engineering industry. The Union has also failed to establish that 90 per cent. of them are rotting on the top of their grades. In actual fact, many of them are getting promotions to the next category within a reasonable period of time and promotions are made on grounds of efficiency. If other contention based on the evidence of the Union Secretary, viz. that the cost of living has gone up appears to be of no substance for in fact, the cost of living index in February 1955, (vide Ext. E), i.e., what it was at the time of the First Major Engineering Tribunal Award. In 1950, the dearness allowance of the workman was fixed taking the cost of living index at 340. The Union wants to show with reference to Ext. C and Ext. 100 that the average cost of living index was 321. Even if it is accepted to be so, it does not support the Union's contention that the cost of living index has gone

ing an increment demanded in this case. Further, a rise in the living index *prima facie* supports, a case for revision of the allowance. It has been said that the change in the circumstances he last awards does not support the Union's case. The introduction of the compulsory Provident Fund Scheme and the State Insurance for the employees has given the much needed relief to the workers and contributions coming therefrom are to be treated as additions to wages. Hence, judging by any or all of the available standards, his wages cannot be said to be below the minimum or otherwise rate. On these findings, the Tribunal holds that the demand for *ad hoc* increment of 25 per cent. over the existing rates of basic wages is neither justified nor expedient and proper. Moreover, there are no fixed scales of increments for the workers in this company. Increments can only be granted if the two conditions are fulfilled,

- i) there are certain grades; and
- ii) time-scales of pay.

In the present case, both these conditions are admittedly absent. Referring to the decisions of the Labour Appellate Tribunal, reported in 13, L.A.C., pages 118 and 714, as also in 1954, L.A.C., page 606, which *ad hoc* increment, in the circumstances of the case, would be proper. Considering all the facts and circumstances of the case, I am directed to answer the issue against the Union. This is my award, pronounced at my dictation and corrected by me.

Each animal intended to be used as a source of vaccine lymph must, before being passed for the production of vaccine lymph, be subjected to a period of observation in quarantine for at least seven days. During the period of quarantine the animal must remain free from any sign of disease and must be thoroughly cleaned and groomed.
4. *Precautions to be observed in preparation.*—(1) A special room, with impervious walls and floor, which can be washed and, when necessary, chemically disinfected, must be provided for the inoculation of the animals and the collection of the vaccinal material.
- (2) The inoculation shall be made on such parts of the animal as are not liable to be soiled by the passage of faeces. The surface used for inoculation shall be shaved and so cleaned as to procure the nearest possible approach to asepsis. Prior to the collection of vaccinal material the inoculated area of the skin shall be cleaned in a similar fashion.
- (3) (a) Immediately before the vaccinal material is collected, the animal should be killed. Subsequently a thorough post-mortem examination of the carcass shall be made by a qualified expert. A complete record of each such examination shall be kept and shall be open to inspection by or on behalf of the licensing authority at any time. If the examination reveals any conditions which indicate or suggest that the animal was suffering from any communicable disease (other than vaccinia) the lymph obtained from that animal shall not be issued; or
- (b) When lymph is collected from a living animal each such animal shall be kept under observation for a period of at least forty-eight hours after collection of lymph. If during this period the examination reveals any conditions which indicate or suggest that the animal is suffering from any infection other than vaccinia the lymph obtained from that animal shall not be issued.
- (4) All instruments and appliances used in the production of vaccine lymph shall be previously subjected to an effective process of sterilisation.

- (5) Laboratories in which vaccinal material, after removal from the animal is being manufactured into lymph must be housed in a building separated from stables or animal houses by a reasonable distance. Such laboratories must have impervious walls and floors and must be capable of being readily disinfected when necessary.
- (6) All processes concerned with the manufacture of vaccine lymph must be carried out with thorough aseptic precautions.
- (7) All vaccinal material must be subjected after collection to such treatment with glycerol or other partial disinfectants as will bring the content of bacteria and other extraneous micro-organisms of the lymph within the limit prescribed in paragraph 7 of this part of this Schedule.
- (8) (a) From the very time the vaccinal material is collected, it shall be kept continuously in cold storage at a temperature below 0°C. excepting when it is being subjected to some essential manufacturing process like grinding or treatment with glycerol or other partial disinfectants necessary to bring down the number of micro-organisms to the prescribed limit.
- (b) When the procedures necessary to bring the content of bacteria and other extraneous micro-organisms within the prescribed limit have been completed, the vaccine lymph shall be kept continuously in cold storage at a temperature below 0°C.; until it is withdrawn to be filled into containers for issue, after which process the filled containers shall immediately be returned to cold storage and kept continuously at a temperature below 0°C., until required for issue:

Provided that it shall be permissible to remove vaccine lymph from one such cold store to another, if adequate precautions are taken during such removal to guard against deterioration.

- (c) A four-hourly record of daily temperature of the cold room during day time shall be maintained for inspection.

5. *Containers*.—Vaccine lymph for issue shall be introduced with aseptic precautions either—

- (a) in the previously sterilized capillary glass tubes in which case each tube shall then be hermetically sealed at each end. Each tube shall contain a quantity of vaccine lymph suitable for the effective vaccination of one human subject; or
- (b) into tubes or containers of large dimensions which have been sterilized before the introduction of the lymph and sealed so as to preclude the access of bacteria.

6. *Labelling*.—(1) The label on the container or a label or wrapper affixed to the package to which the container is issued for sale, shall bear a statement that the potency of the vaccine lymph cannot be assured for more than seven days from the date of completion of manufacture unless the lymph is kept continuously at a temperature below 10°C. when the potency can be assured for fourteen days. Provided that it shall be permissible to state that if the lymph is kept continuously below 0°C. the potency can be assured for at least six months.

- (2) For the purpose of Rule 68(3)(b), the date on which the manufacture of the batch is completed shall be the date on which the vaccine lymph is removed for issue from cold storage after having been kept continuously at a temperature below 0°C., since the date of filling into containers for issue.

7. *Tests for Purity*.—(1) The vaccinal material shall be exposed to the action of glycerol or other partial disinfectant under suitable conditions of temperature until tests made by means of plate cultures have shown that the total number of living bacteria or other extraneous micro-organism has been reduced to not more than 20 in 1 milligram, or 20,000 in 1 c.c. of the vaccine lymph. The results of these tests shall be recorded and the records kept for inspection. The determination of the content of the living micro-organisms in the vaccine lymph shall be made in a manner approved by the licensing authority and the enumeration of colonies shall be made after incubation for two days at approximately 37°C., and then for at least three days at approximately 22°C.

(2) (a) Tests for the detection of *B.anthraxis*, *Cl.tetani*, *Streptococcus haemolyticus*, *B.coli* or any other pathogen which may prove harmful, if introduced into the body by the process of vaccination shall be performed in a manner approved by the licensing authority and a record kept for inspection.

(b) If *B.anthraxis*, *Cl.tetani* or *Streptococcus haemolyticus* is found to be present in the vaccine lymph at any stage of its preparation either before or after the prescribed reduction in the number of living micro-organisms has been effected, the batch of lymph shall be rejected forthwith. But if *B.coli* or any other pathogen is found which may prove harmful, it introduced into the body of the process of vaccination, the lymph must be kept in cold storage till an examination of at least 10 milligrams or 0.1 c.c. of the lymph fails to reveal its presence.

(c) The test for the detection of various harmful organisms in vaccine lymph shall be performed both at the initial and final stages of its preparation irrespective of the fact whether the number of micro-organisms present therewith are more or less than the prescribed limit.

(3) When the prescribed reduction in the number of living micro-organisms have been effected, the batch of vaccine lymph may be issued if—

(a) tests carried out in a manner approved by the licensing authority on a sample not less than 10 milligrams or 0.01 c.c. have failed to reveal the presence of *B. anthracis*; and

(b) tests carried out in a manner approved by the licensing authority on a sample of not less than 0.1 per cent. of the batch have failed to reveal the presence of *Cl.tetani*; and

(c) tests carried out after the process of purifications have been completed on a sample of not less than 10 milligrams or 0.01 c.c. have failed to reveal the presence of beta haemolytic streptococci; and

(d) tests carried out in a manner approved by the licensing authority on a sample in which not less than 3 c.c. of lymph is injected under the skin or in the peritoneal cavity of a healthy guineapig or 5 c.c. under the skin or in peritoneal cavity of a rabbit and/or 0.5 c.c. under the skin of a healthy mouse fails to produce serious symptoms or death of the animal.

8. *Tests for Potency.*—(1) Each batch of vaccine lymph, after the process of purification has been completed, shall be tested for potency so as to ensure its activity at the time of issue. These tests shall be applied not more than three months before the batch of lymph is finally issued.

(2) For the purpose of a test for potency a dilution shall be prepared by mixing 1 volume of the lymph with 1,000 volumes of physiological saline solution, or other suitable diluent. The dilution shall be used for the test without filtration.

(3) Such dilution of the vaccine lymph shall be tested by application to the suitably prepared skin of a rabbit and the batch of vaccine lymph from which the dilution was prepared shall not be issued unless the lesions characteristic of vaccinia are produced in a susceptible animal. For the purpose of comparison a similar dilution of lymph of known potency shall be applied simultaneously to the skin of the same animal. Provided that the licensing authority may approve any other form of comparative test for potency which may be submitted to the licensing authority for approval.

ANNEXURE.

Matter of an industrial dispute between Messrs. Air Carrying Corporation, post office Hasimara, Jalpaiguri and their employees Shri Ananta Lall Jha and two others, Hasimara Air Port, post office Hasimara, Jalpaiguri.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

Employees: Shri J. Pandey.

Company: Shri Monmatha Nath Sen Gupta, *Pleader.*

AWARD.

By order No. 4198Dis./D/4L-33/54, dated the 1st September 1954, Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Air Carrying Corporation, post office Hasimara, Jalpaiguri and employees Shri Ananta Lall Jha and two others, Hasimara Air Port, post office Hasimara, Jalpaiguri, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by notification No. 592Dis./D/12L-54 dated the 23rd February 1953, for adjudication.

Summons in form "F" were issued through registered post with acknowledgment due on the Company and the three workmen concerned, namely on workmen Harihar Mahato and Jogeswar Mahato were returned by the postal authorities with the remark "Left". Thereupon fresh summons were issued on them at their respective home addresses supplied by the workman, Ananta Lall Jha. These were again returned unserved by the postal authorities. Thus these two workmen were not available.

The Company and the other workman, Shri Ananta Lall Jha, however, attended with summons and entered appearance. Workman, Shri Ananta

Lall Jha, after two adjournments filed his written statement of 8th December 1954. The Company then filed written statement on 20th December 1954. The parties were thereafter directed to produce documents. Then the case was adjourned to 1st April 1955 for trial and the parties were duly informed about it.

3. That matters of dispute as stated in the schedule to order of reference are as follows:—

- (1) Whether the dismissal of (i) Ananta Lall Jha, (ii) Harihar, and (iii) Jogeswar Mahato is justified?
- (2) To what relief by way of reinstatement and/or compensation they are entitled?

DECISION.

Issues 1 and 2 are taken up together for consideration.

Workman, Shri Ananta Lall Jha, who had appeared and filed statement of claim, did not turn up on 1st April 1955, the date for hearing. His representative, however, appeared but withdrew soon finding the workman absent. The matter was, therefore, proceeded *ex parte* under rule 15 of the Bengal Industrial Disputes Rules, 1947.

Messrs. Air Carrying Corporation has examined one of its peons D.W. 1, Shri Brahmananda Goel, besides proving the original letter of 16th November 1953, Ext. A, which it received from the principal Jamair Company Limited. Workman, Shri Ananta Lall Jha was appointed by the Company at Hasimara in 1951 on a monthly salary Rs. 90. The other two workmen were also coolies there.

The Company Messrs. Air Carrying Corporation is an agent of M. Jamair Company Ltd. The latter (Jamair Co. Ltd.) wrote to its Messrs. Air Carrying Corporation, on 16th November 1953, to say that on inspection of the branch office at Hasimara, their officer found that coolies were carrying on immoral activities in the office godown to such an extent so that their reputation was at stake. The principal Company accordingly requested the employer Company to take immediate action to stop such occurrence with a threat that otherwise they would be compelled to cancel their agency arrangements. The evidence of D.W. 1, shows that on receipt of the said letter in November, 1953, they gave verbal warning to the workmen concerned and that notwithstanding such repeated warnings the workmen did not mend their ways. The evidence further shows that the Company had accordingly to terminate the employment of the workmen on 6th January 1954. It further appears that the workmen received all their dues up to 6th January 1954 and left. In the circumstances as revealed, I find that termination of employment was justified. It, therefore, follows that none of the workmen is entitled to any relief.

I award accordingly.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Company: Shri Sailesh Chandra Sen, Advocate.

For the Union: Shri Dilip Kumar Das, General Secretary of the Union.

AWARD.

By order No. 2665Dis./D/11L-207/54, dated the 25th May 1954, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. French Pinmen, 21/1, Parsi Church Street, Calcutta and their three employees Shri Mangal Dhobi, Ram Kishan and Md. Isha as represented by Laundry Workers' Union, 52, Doctor Lane, Calcutta-14, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, for adjudication. Order No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for publication.

After usual summons the parties entered appearance and filed their statements. The pleadings were completed on 26th July 1954. The parties were thereafter directed to file their list of documents. Then after the statements at the instance of the parties the case was fixed for hearing on 1st April 1955.

The matters of dispute as stated in the schedule to the order of reference are as follows:—

- Whether the discharge of Shri Mangal Dhobi, Shri Ramkishan and Shri Md. Isha was justified?
- To what relief are they entitled?

DECISION.

Issues 1 and 2 are taken up together for consideration.

The dispute arose out of termination of employment of the three workmen concerned. Laundry Workers' Union representing them alleged these workmen were dismissed without any notice and without assigning any reason. The Company, on the other hand, contended that the workmen left their jobs as they were asked to improve in their work or else to go

On 5th April 1955 the matter came up for hearing. After the case was opened, there was discussion between the parties and ultimately at the suggestion from the Tribunal the parties came to an amicable settlement. They filed a joint petition of compromise and prayed for an award in terms thereof. The terms are fair and reasonable. They are accordingly accepted. I, therefore, make my award in respect of the issues in terms of the joint petition of compromise. The petition of compromise is made a part of the award.

AWARD.

Issue No. 1.—What should be the minimum basic pay and dearness allowance for unskilled workers and menials?

The Management does not state the minimum wages which are present paid to an unskilled worker or a menial but in the statement of the Union there is admission that the existing rate of unskilled workers is Rs. 30 per month, without any provision for annual increment and that dearness allowance per month is Rs. 15. The Union demands the scale of basic pay for unskilled labourers and menials at Rs. 40— $1\frac{1}{2}$ —55 and it is also contended that the employees of these two categories should be given increments for two years in the scale for the purpose of fitting them into the new scale and that dearness allowance should be at Rs. 40 per month. I have not been shown any existing agreement or any Award in support of the scale as claimed by the Union so far as the employees of medium producing business are concerned, on the other hand, it appears that unskilled labourers in the Engineering business get basic wages of Rs. 30 per month and dearness allowance at Rs. 31 per month. The basic wages of unskilled labourers in the Pharmaceutical works generally appear to be somewhat less than what are paid in Engineering business. It goes without saying that even basic wages at the rate of Rs. 40 per month and dearness allowance at Rs. 31 are still below the standard of fair wages payable to an unskilled labourer in these hard times. Regard being had to the aforesaid circumstances and to the status of the business in the present proceeding, I think, that the basic wages at Rs. 40 should not be revised and that only dearness allowance is to be increased from Rs. 20 to Rs. 25.

On examining the balance-sheets of the years ending with September 1951, 1952 and 1953, which have been produced by management, I find that in 1952, the nett profit after meeting depreciation and other charges was Rs. 66,279 and that in 1951, the nett profit after meeting depreciation and other charges was Rs. 64,615, and in 1953, there was a loss to the extent of Rs. 49,336. The Company is a big one, its paid up capital is Rs. 6,57,000 and its general revenue

at Rs. 1,67,000. Good flourishing prospect may not be in sight, but not think that the financial condition of the Company is so bad that modest increase in dearness allowance as justified by the circumstances be withheld. Moreover, it has been repeatedly held by the Appellate (See 1951—2 LLJ. 625, 1952—2 LLJ 785, 1953—2 LLJ. 352) the criterion of capacity to pay is not a relative factor for the use of deciding the minimum wages.

The above increment of dearness allowance from Rs. 20 to Rs. 25 per month in respect of the unskilled labourers and menials is to take effect from the month of publication in the *Calcutta Gazette*.

No. 2.—Whether the workmen are entitled to have any bonus for the year 1951-52, payable in 1953. If so, what should be the amount thereof?

It is admitted that the year of this company runs from October and in September and it is also admitted that the company has been paying bonus for a long time. From the Chart annexed to the written statement of the company and which is accepted by the Union to be correct, it would appear that up to 1944-45, the company usually paid bonus equivalent to two months' wages to employees of permanent staff having given one year's service or more and equivalent to one month's wages to employees of the permanent and ordinary staff having given six months' service but less than one year and that since 1946-47, the company did not pay two months' wages as bonus to anybody. In 1947-48, bonus equivalent to one month's wages was paid to permanent staff of at least one year's standing and in 1949, and in 1949-50, no bonus was paid to anybody. In 1950-51, one month's wages were paid as bonus to permanent staff of five years' standing and only 15 days' wages to permanent staff having at least one year's standing but less than five years and in 1951-52, also the same principle was followed by the Management. We are concerned here with the bonus year 1951-52 only. It appears from the evidence that in 1948, there was a strike in the company and the strikers were all fired. The non-strikers practically enjoyed the benefit of one month's wages as bonus paid by the company in 1950-51 and 1951-52. The new entrants who came as substitutes for the dismissed strikers were not put in 5 years' service and accordingly they were paid only 15 days' wages as bonus. The Union's contention is that this distinction cannot be tolerated. It is evident that qualification of years' standing is an innovation made by the Management with some other motive as attributed to it by the Union.

The Management claims that the statutory depreciation which has been allowed by the Income Tax Authorities is to be held to be the depreciation of plants, machineries, and buildings for the purpose of ascertaining the available surplus profit for distribution as bonus. I do not fully differ from this point of view. What was given as depreciation by the Income Tax Authorities practically fell as balance of profit to the Company, and therefore, the said balance of profit is to be taken into account. For the purpose of Income Tax Act, such allowance may not be called depreciation but I do not agree that the same meaning should be followed for the purpose of administering Industrial Dispute Laws by the Tribunal. What was given as depreciation by the Income Tax Authorities is nothing but a gain to the company. It is not a loss or charge of any kind. I am always of the opinion that the learning and the law laid down on one statute is to be

applied with great discrimination to cases arising under another Act specially under the Industrial Disputes Act. The Management file statement of depreciation for the year ending 30th September 1952. It appears that the analysis involves the question of rehabilitation and for that purpose 2.5 has been adopted as multiplier in all cases except in respect of vehicles. The Management lost sight of the fact that additions in 1951 and 1952 as stated in the balance sheets (represented by the amount of Rs. 43,363) not to speak of the additions made in the years 1945 to 1950, the balance sheets of which period have not been produced.

It is quite patent that the price of goods would not admit of further increase at the end of the span of life of those goods which were acquired during the years 1945 to 1952. Therefore no multiplier should be applied in the case of such acquisitions. In view of these considerations, I am of opinion that the Management has got sufficient surplus profit available for paying bonus to all the workmen at the rate of one month's wages for the year 1951-52 without making any discrimination as has been done by the Management. I, therefore, hold that all the workmen who completed one year's service at the end of September 1952 and who have not been paid one month's wages as bonus for the year 1951-52 are to be paid bonus at one month's wages (bonus) less what may have been already paid to them and the payment is to be made within a month from the date of publication of the Award in *Calcutta Gazette*.

Issue No. 3.—Whether the sum as detailed in Annexure A is due to Shri Keshab Lal Ghosh?

Shri Keshab Lal Ghosh was a representative of this firm and duty was to procure orders from dealers and on delivery of the medicine to those dealers, he was to collect the purchase money from them and deposit the same with the cashier of the firm.

The Company contends that in view of some suspicion which upon another representative of the firm, there was a verification of accounts and in course thereof, it was detected that about Rs. 837 and odd have not been accounted for by the representative Shri Keshab Lal Ghosh to whom signed cash memos were issued by the firm for the purpose of collecting the money from the medicine purchasers and that the said money has been misappropriated by Shri Keshab Lal Ghosh. He was asked to pay down the money at once but he took 10 days to pay the same and himself endorsed at the bottom of the verification notes acknowledging his liability for the amount of Rs. 837 and odd cash. After adjusting the security deposit of Rs. 500, the balance has been paid down by Shri Keshab Lal Ghosh within the said time taken by him. He was dismissed from service on account of the alleged defalcation.

Shri Keshab Lal Ghosh contends that he made no defalcation; that for many years past he was not being paid his commission which were due from the Company and whenever he asked for pay of the same, he was told by the Directors of the Company to appropriate money from the collection lying in his hands pending final settlement of accounts to be done in future. Annexure A to the reference already been stated above. Items A, B, C, D, of the claim relate to services already rendered by him to the Company. Items E, F and G relate to compensation for alleged wrongful dismissal from service.

The Company contends that the dismissal was not at all wrongfully done and that actually there was an enquiry in course of which Rs. 837 and odd were found to be due from the representative Shri Keshab Lal Ghosh as having been defalcated by him and that Keshab Lal Ghosh himself admitted his liability for the same. Although there is no payer for reinstatement, there remains the issue as to whether the said dismissal was wrongful or not. The delivery book of the Company has been exhibited and it shows the dates on which the signed cash memos were made over to the representatives for realising the Company's dues from the purchasers of medicines and also the dates on which the amounts after realisation are paid or deposited to the Company by the representatives.

From the evidence, I am convinced that Shri Keshab Lal Ghosh realised money from the medicine purchasers but did not pay down the entire money to the Company and that the allegation that he withheld Rs. 837 and odd as shown in Ext. E has been sufficiently established. There is no direct corroborative evidence that the Directors of the Company authorised Shri Keshab Lal Ghosh to appropriate money out of collection done by him on behalf of the Company under the signed memos issued to him. One of the said Directors is dead but the other Director has not been examined in this case. The Company did not give any satisfactory explanation as to why the said Director could be examined as witness has not been examined as a witness in this case. It appears from the verification notes Ext. E that no verification or checking was done during the period from 1950 to 1952. Under what earthly reason the Company might have got for this thing to verify the accounts of representative Shri Keshab Lal Ghosh, such a long time. Besides that, I find that the Account Book called Delivery Book was not also properly kept by the Company. At page 46, item No. 3061 may be referred to. The cash memo appears to have been delivered to Keshab Lal Ghosh in January 1952, and Keshab Lal Ghosh appears to have made three payments, viz., Rs. 5 on 14 September 1952, Rs. 3 on 22nd December 1952 and Rs. 5 on 3rd December 1952. The amount to be collected under the said signed cash memo was Rs. 16-8-0. It appears from the entry that the dates of payment by Keshab Lal Ghosh were not put in order of sequence and they were put down rather irregularly at a subsequent point of time and not on the dates as stated. Nobody on behalf of the Company could explain how the date 22nd December 1952 could be entered there in between the dates (from top to bottom)—

25th September 1952,

22nd December 1952,

14 September 1952.

I am convinced that the payments were not made on the dates as stated. The Company's Accountant or Cashier, whoever he may be, failed to make any entry of the actual dates when the payments were made by Keshab Lal Ghosh. Similarly it appears from the entry as against No. 3403 that the cash memo was made over to Keshab Lal Ghosh for the Company on 17th September 1952, although it was issued on 29th January 1952 and it further appears that the amounts although collected by Shri Keshab Lal Ghosh after realisation long long after the entry regarding the fact of payment was made after long delay. The result was that the date was wrongly put down as 28-6-52, namely 28th June 1952 was meant. It is no body's case

at on 28th June 1953, this amount was paid by anybody to the Company because we have it in evidence that this amount was realised by the Company from Keshab Lal Ghosh on the basis of Ext. E as was realised within 10 days' from 8th January 1953. This amount as noted in the verification notes, Ext. E, and it is included in the amount of Rs. 837 and odd alleged to be due from Shri Keshab Lal Ghosh on account of defalcation.

Unless there be some directions by the Directors of the Company Keshab Lal Ghose as contended for by Shri Keshab Lal Ghosh that was verbally instructed by the Director to use Company's money lying in his hand pending final adjustment of his claims for commission from account of the collections done by him, I do not think that the Company would allow the account to remain quite unchecked and unverified in such long period of time from 1950 to 1952. In the connexion the conduct of the Company is also to be considered, viz., that none of the Directors comes to deny the allegation of Shri Keshab Lal Ghosh that such authority was given to him. It appears that Shri Keshab Lal Ghosh was put to fear before his endorsement in Bengali (in Ext. E) was obtained. It was the fear of being sent up to Police. The Company contends that commission to the representatives of the Company was linked to certain quotas and that a representative failing to reach the quota in any year would not be entitled to get the commission and that Keshab Lal Ghosh never reached the quota in any year and therefore he was never paid his fixed Travelling Allowance or the commission. It is contended that in view of the above circumstances it cannot be argued that the Company would allow Shri Ghosh to use money out of the collections lying in his hands or that any accounting of the commission due to Shri Keshab Lal Ghose was expected to be done. Shri Keshab Lal Ghose contends that there was never any quota as alleged by the Company for the purpose of getting commission at 1½ per cent. of the amounts collected by him. The Company produced Ext. A showing that certain quotas were fixed but there is no remark that the representatives would not get any commission, if the said quotas are not reached.

On behalf of Shri Keshab Lal Ghosh, it is argued that the areas where the representatives were to work were divided on the basis of probable extent of transactions arising therein. Ext. B is a circular, dated July, 1952. It does not appear that the commission was linked to the quota. I think the quotas mean that the respective representatives were expected to procure orders or customers to such extent from their respective areas. It also appears that in 1951 (and not prior to 1951) bonus was linked to quotas, for the first time, but Ext. A is of the year 1949. It appears that in 1952, the said quota system of 1951 was somewhat easier by a provision for granting of prorata commission. No such circular of 1951 as is referred to in Ext. B has been produced. Exts. C and D show that in December, 1950 and February, 1951, Keshab Lal Ghose demanded the fixed travelling allowance of Rs. 18 per month, but the Company turned down the claim on the alleged ground that one-third of the fixed quota not being fulfilled Keshab Lal Ghose was not entitled to get the fixed travelling allowance of Rs. 18 per month. I am not convinced that these endorsed grounds are genuine. According to the Company's contention the question of one-third of the quota could not at all arise before the circular, dated July 1952. How could the Company in the above circumstances turn down the claim for travelling allowance of Rs. 18 per month?

cember, 1950 and February, 1951, relying upon the circular of
 It appears to me that these endorsements of the grounds as
 id were made by some employees of the Company long long after
 r the purpose of this present reference case. It appears from
 I that commission is being paid by the Company to the
 ntatives from the year 1945-46. In the year 1945-46, Keshab
 ose was paid Rs. 329-3-0 as commission. In 1946-47, he was paid
 1-1-0, in the year 1947-48 he was paid Rs. 221-4-0 as commission
 a chart shows that since 1948-49, Keshab Lal Ghose could not
 y commission because of the quota system of Rs. 3,000 per month
 r year). It appears that in 1948-49, he collected Rs. 19,203
 id and in 1949-50, he collected Rs. 18,490 and odd and
 51, he collected Rs. 14,166 15-0 and that in 1951-52, he
 d Rs. 11,197 and odd. The Company's contention is that these
 s fell short of the quota of Rs. 3,000 per month. I fail to
 and how monthly quota and commission thereon could be worked
 reference to annual out-turn. Suppose Keshab Lal Ghose may
 lected Rs. 3,000 in January, Rs. 4,000 in February, and Rs. 4,050
 ch, but subsequently his figure fell down to Rs. 1,000 only, each
 Under the monthly quota system (if Ext. B is to be relied upon)

 in which months he had fulfilled the quota, although he might
 e earned any commission for the rest of the year. But if his
 sion is to be calculated on the annual out-turn as has been done
 Company in Ext. I, certainly he would not get any commission
 for that year. The evidence therefore as adduced by the
 y leads me to think that the alleged quota system, viz., Rs. 3,000
 nth could never be properly invoked for the purpose of
 ing the commission due to the representatives. In view of all
 umstances, I am not satisfied that the Directors of the Company
 allow Shri Keshab Lal Ghose to make use out of the collections
 his hands and I think that there was a dispute between
 shab Lal Ghose and the Company with regard to the quota
 and the Company also could not come to any final settlement in
 spect. It is evident from Exts. C and D that Keshab Lal Ghose
 dmitted that he was not entitled to his fixed travelling

 Company rejected it. In Ext. D, i.e., bill for February, 1951,
 claimed the travelling allowance for the month of December
 his shows that he was not satisfied with the Company's alleged
 non-fulfilment of the quota. As the Company did not keep
 unt month by month about the collections made by the
 atives, it was difficult for the Company to settle the
 the representatives for the monthly quota and probably because
 ct, the Company had to allow the representatives to go on
 ing money out of the collections in their hands within the
 probable amount of commission anticipated-pending final
 t which was never done. So in my opinion the summary
 of Shri Keshab Lal Ghose was wrongful. Therefore he should

 that as the Company has not been able to establish that

 y commission at the rate of $1\frac{1}{2}$ per cent. of the amount
 y him from the year 1948-49 up to 1950-51 without any
 n of quota. For the period from 1951-52, up to the date of

his dismissal, he is to get commission according to the following viz., quota of 3,000 per month, i.e., on slab basis, for each Rs. he is to get commission at the rate of $1\frac{1}{2}$ per cent. and for the balance if any, short of Rs. 3,000, he is not to get any commission. Shri Lal Ghose is also to get fixed travelling allowance of Rs. 18 for months of December 1951, January and February, 1952, i.e., on the of Rs. 18 per each slab of Rs. 3,000. For the balance short of Rs. (vide Ext. 9), he is not to get any fixed travelling allowance. Evidence that Shri Keshab Lal Ghose has not been paid 5 days' wages for the month of September 1951, goes unchallenged. Therefore he is to get the said amount also (Rs. 15).

There is no satisfactory proof that any leave was due to Shri Lal Ghose, so the claim for wages for unavailed leave is rejected.

The other items of the claim are also rejected, viz., E and F.

In respect of item G, he has been already allowed one month's wages in lieu of notice. The above payments be made within 10 days' from the date of the publication of the Award in the *Calcutta Gazette*.

ANNEXURE.

Industrial dispute between Messrs. Spencer, Ltd., 32, Chowringhee, Calcutta-16 and their workmen represented by Association of Employees' Unions, Commercial Buildings, Block No. 3, 2nd Floor, 23, Netaji Subhas Road, Calcutta, referred under Government order No. 3312Dis./D/11L-188/54, dated the 8th July 1954.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI S. C. MUKHERJI, *District Judge, Judge, Fourth Industrial Tribunal.*

the Union: Shri N. M. Das Gupta, Advocate, instructed by Shri Jiten Banerji and Shri Sanjit Mukherji.

the Company: Shri P. K. Ghosh, Advocate.

By Government order No. 3312Dis./D/11L-188/54, dated the 8th July 54, the aforesaid dispute was referred to this Tribunal for adjudication. The issue framed by the Government was the same as the issue framed this Tribunal and it was as follows:—

(1) Gratuity in addition to Provident Fund.

On receipt of the aforesaid order of reference the notices were issued to the parties. Union filed its written statement on 11th August 1954 the Company filed its written statement on 7th September 1954.

The case for the Union is that the Company is a prosperous one and has a large reserve and its financial position is stable. Considering all these employees claim another retiring benefit, namely, Gratuity besides the Provident Fund which is in existence. The Union also prayed that the benefit may be extended to those employees who are thrown out of employment by the Company before the usual time of retirement or the employees become invalid or otherwise unfit to serve the company before their retirement.

The Company, on the other hand, contended that it has a Provident Fund Scheme for its clerks as well as the subordinate staff which has been operated by Awards, that due to careful and businesslike conduct of its management in past years, the Company's financial position is sound, that the employees have earned have been shared by all, the staff participating to the extent of 12 months' salary as bonus each year during the past few years, that it is, however, having to cope with very adverse trading conditions, that the outlook for the future is most unfavourable, that the imports on which the company must depend, are more than ever restricted and trading conditions are still deteriorating, that the Company's present terms and conditions of service are generous, that the Union has put forward no just grounds for the relief claimed.

AWARD.

It was contended by the Company that it has unlimited paying capacity and that is why it has not produced its balance sheet. At the time of the balance sheet in a confidential cover though, but for reasons whatever that may be, this was not done, still I cannot hold that the Company has unlimited paying capacity. The business of the Company is import and sale of liquor. They are not manufacturers and they cannot have unlimited paying capacity like Caltex and other companies who carry on business on curtail system. The Manager of the Company said that the import of the Company is made on the basis of quota. The Company cannot import anything more than the quota mentioned in the import license. He also said that the sale was decreasing on account of the increased custom duties and higher prices. There is no counter-claim. It was suggested in the cross-examination that for the last six months the Company got a license of Rs. 2½ lacs and before that they got another license which might be for Rs. 6 lacs for the whole year. Still this was on the basis of the quota mentioned in the import license. The restriction on quota is still being imposed by Government. The ultimate object it appears was in favour of setting these restrictions more vigorously in future. It may be that the company made profits in the past years as stated by the Union but the fact remains that it has to work with unfavourable trading conditions in the shape of restrictions from Government and also increased custom duties and higher prices. Company wanted to say that on account of this there has been a considerable fall on the profits. At any rate, it is denied that the staff was participating to the extent of 4 months' salary as bonus in each year during the past few years. As regards its return, benefit it is guided by the Mercantile Tribunal and it has 10 per cent Contributory Provident Fund. Besides the Company also pays 4 months salary as bonus as profit-sharing during the past few years. If the Company had higher profits, naturally higher bonus would be paid, but the company had not the scope of making such a huge profit as the Union thinks of. In my opinion, even on the basis of its present financial condition, it cannot shoulder a permanent liability like gratuity. Although its profits may be large, its financial position is not so stable as the Union thinks. The Union referred to the cases of Caltex, Marshall & Sons, Ltd., and Indo Burma Petroleum Co. But these concerns are not comparable concerns on the industry-cum-regionwise basis. So, on the considerations I reject the claim of the Union in the Present status business.

After usual summons the parties entered appearance and filed their statements after taking adjournments. The pleadings were completed on 10th July 1954. The parties were thereafter directed to file lists of witnesses. Then after several adjournments the dispute was heard and award was reserved.

3. The matters of dispute as stated in the schedule to the order reference are as follows:—

- (1) If the Ibcon's Attendance Bonus Scheme should be introduced without any change?
- (2) If the present Canteen Manager, Shri Bhabotosh Mukherjee, should be removed from the canteen?
- (3) If the management of the canteen should be entrusted to existing Co-operative Society of the employees or some body?

DECISION.

Issue No. 1.

For proper appreciation of the case it is necessary to state certain leading to the reference. Messrs. Ganges Printing Co., Ltd. (here called the Company), is a printing press doing mostly job work. A Tribunal was set up to adjudicate into the disputes between 169 printers of Calcutta and Howrah and their employees represented by Press Employees' Association. The Company and their employees parties to the said adjudication proceedings. The employees of the Company were initially represented by the Press Employees' Association. Then during the pendency of the said adjudication proceedings, the G Printing Labour Union was formed on 13th October 1947 and was registered on 17th March 1948. The said Union claiming to represent the workers of the Company filed separate written statement. Its written statement not accepted. The Tribunal made its award which was published in *Calcutta Gazette* on the 11th May 1948. According to the Government orders the award was to remain operative for a period of one year from date of the said order, namely, 11th May 1948. Regarding issue No. 1 Profit-sharing Bonus—the award directed payment of a profit-sharing equal to 20 per cent. of the net profit over and above a return on the outlay of a press at the bank rate after deducting Government charges mentioned or three months' wages, whichever was less.

Subsequently on 9th September 1949, that is, after expiry of the period of operation of the said award, there was an agreement between the Company and their employees represented by Ganges Printing Union, regarding various matters (*vide* Ext. A). Under item No. 7 of the agreement, Ext. A, the workmen agreed to accept a scheme of production bonus instead of profit-sharing bonus as per aforesaid award and in formulation of such a scheme of production bonus they agreed to pay 1/12th of the basic earnings or one month's basic wages as annual bonus subject to the financial condition of the Company permitting such payment.

In pursuance of the above agreement the Company along with the help of international business consultants, to frame an attendance bonus scheme. But it was found that such a scheme was not feasible and in view of the nature of the business the Company had been doing in paragraph 11 of the written statement of the Union). So the parties mutually agreed that there should be an attendance bonus scheme in lieu of the production bonus scheme. The Company accordingly asked Messrs. Ibcon international business consultants, to frame an attendance bonus scheme.

time the weekly working hours as were in vogue in this Company to the provision in the omnibus award were 42, and these were as below:—

Monday to Friday—7½ hours with half an hour's recess for tiffin at about the middle part to be fixed by the management.

Saturday—4½ hours without any recess.

to the Standing Orders as were then current, a man must be on Saturday and Monday to receive pay for the intervening Sunday.

On this background Messrs. Ibcn, Ltd., prepared an attendance scheme on 6th December 1949 and the Company offered the same to the workers for acceptance. The said scheme runs as follows:—

Attendance Bonus Scheme as recommended by Ibcn, Limited.

The 42 weekly working hours should be re-distributed as follows:—

Days.				Hours per day.
Week days	7-8
Saturdays	3-0

The wages should continue to be paid monthly, but should be calculated according to the following formula:—

$$\text{Monthly wages earned} = \frac{\text{No. of hours worked} \times \text{Monthly salary}}{\text{No. of working hours available during the month.}}$$

The above formula would do away with the present enhanced penalties for absence on Saturdays and Mondays, and would place the wage calculation on a correct basis. It is based on actual working time and hence is fair to good attenders who happen to be absent on Saturdays or Mondays.

The attendance bonus should be on a weekly basis, payable monthly for weeks completed during the month. This should result in better regulation of absenteeism and should provide greater incentive for improved attendance during week days than a monthly bonus paid yearly.

A worker should qualify for the week's attendance bonus if he is present from Monday to Friday both inclusive. A man reporting late (i.e., after grace time) or taking time off during a day, would be treated as an absentee for the bonus scheme.

An official holiday, paid or unpaid, on any of the five days, should be treated as present, and should not disqualify a worker from earning the week's attendance bonus.

The attendance bonus should accrue during a week when all the above five days are holidays.

Hence, on any working day of the five week days, on any account, should disqualify a worker for the week's attendance bonus.

The amount of bonus earned per week should be 1/52 of the basic monthly salary of the individual worker.

All workers should be eligible for this bonus.

The above attendance bonus scheme is expected to result in better regulation of attendance on week days and greater punctuality.

Effect on workers.

12. The proposals formulated above would have the following effect on the workers:—

- (a) The monthly salary of an average worker in the Press per month inclusive of a dearness allowance of 1 month. Under this scheme an average worker has the opportunity to add another Rs. 40 to his annual salary which means one month's basic wage per year or of 5.1 per cent. in his gross earnings.
- (b) At present an average worker loses Rs. 4.31 for being absent on a Saturday or Monday. Under the suggested scheme the loss would be reduced to Rs. 1.06 and Rs. 2.76 for Saturdays and Mondays respectively. As against the present loss, there would be about 4 per cent. greater cut for absent on a week day.
- (c) The attendance bonus incentive would require better payment from the workers in order to take full advantage of it.
- (d) The scheme allows the worker to be absent for about 20 days excluding Sundays in a year, 20 days more than allowed leave under all the headings, and yet get the attendance bonus.

The Union did not accept the said attendance bonus scheme on the ground of certain alleged defects in it. Discussions then followed between the Union and the Management with a view to amend the same. By agreement was possible, the dispute has been referred to for adjudication.

The Company contends that the scheme should either be accepted without any change whatsoever or rejected outright. The Union, on the other hand, contends that the scheme cannot be accepted as it requires modification for acceptance. The Union's objection against the proposed scheme is as follows: The chief objection against the scheme is that it will reduce the workmen from the monthly paid hourly-rated. The next serious objection against it is that it will re-allocate the 42 hours' working week into 7.8 hours' working on week days each and 3 hours for the Saturday. And it intends to make a workman eligible for a week's attendance bonus, if he is present on all the 5 week days of the week, i.e., from Monday to Friday. That is, if a workman enjoys a paid leave (privilege, casual or sick) on a week day, he will lose the attendance bonus for the week. So in order to earn an attendance bonus, a workman will have to enjoy his leave on Saturdays on which the working hours are only 3 and not on days when the working hours are 7.8. It further means, therefore, that he is foregoing the advantage of 4.8 (7.8 hours less 3 hours) hours leave per week. He will earn 1/52nd part of his monthly basic wage. There being 182 hours in an average month, 1/52nd part of a month's basic wage is 3.5 hours' basic wage only. So, the scheme offers 3.5 hours' leave to a workman, if he foregoes 4.8 hours' leave. The next objection to the scheme is that it does not offer any attendance bonus on all the 5 week days are holidays. The last but not the least objection to the scheme is that it does not allow attendance bonus on a week in which a workman may have to take even a part day's leave on a week day (*vide* paragraph 11 of the Union's written statement).

The Union accordingly suggests that the working hours as are at present on different week's day should not be changed and if any

to be made, the working hours should be equally distributed over all the week days; that the workmen should continue to be monthly-rated; and that any authorised absence for any day in the week should not deprive the workmen of the benefit of the attendance bonus.

During argument the Company replied to the objections as below:

Regarding Union's objection that the scheme will reduce the workmen from monthly paid to the hourly-rated, the Company submits that it is not so, but the workmen will continue to be monthly-rated as before and their wages will be paid monthly at the monthly rate of wages as per award of the omnibus Tribunal and the formula given for wages calculation will be used only in cases of absence without leave. Under the scheme, deduction for absence without leave on any Saturday will be little less than half of what the Company now deducts for absence for a day—Saturday or other week day. By way of clarification the Company has given figures as below:—

(a) *Deduction under the new scheme.*

Deduction for absence on a	Monthly wages	
Saturday	Monthly working hours	Working hours for a Saturday
	Rs. 60	
	182 hours	> 3 hours
	= Rs. 0.15-10.	

(b) *Deduction as at present.*

Deduction for absence for a	Monthly wages	
Saturday or week day ..	No. of days in a month	> 1 day
	Rs. 60.	
	30 days	> 1 day
	= Rs. 2.	

Regarding conditions laid down in the scheme for payment of attendance bonus about which the Union has made grievance, the Company submits that it could not introduce a workable production bonus scheme, which would have given incentive to workers to produce more for the Company, as they might have had surplus funds to pay the extra money as bonus, as the Company was under some obligation as per agreement with the Union to offer a bonus scheme other than profit-sharing scheme, the Company offered the attendance bonus scheme as an alternative, knowing well that this scheme would not act as an incentive to produce more, that extra money might have to be paid to the workmen merely for attendance according to the scheme, even though there be no work. The only intention of the Company was to try to get some more work by regulated attendance as envisaged in the scheme although there is very little scope of earning this extra money to be paid under the scheme. In other words, the Company's object is to pay this bonus for regulated attendance in order to get more working hours available than is available when workers absent themselves as and when they like. Bonus offered under the scheme is for attendance for five week days, and the scheme proposes re-distribution of weekly working hours. The scheme, if implemented as intended, is expected to give more production and surplus profits for this theoretically, if not practically. But the scheme, if modified in any way, will not give any assurance to the Company of any return, even practically.

Next, as to Union's objection that the scheme offers 3.5 hours' bonus wages per week as bonus when workers forego an advantage of 4.8 hours' leave or, in other words, the Company gets 4.8 hours' extra work per man or 249.6 (52×4.8) hours extra work per man during a full year. The Company submits that against this benefit of 249.6 hours of extra work to the Company, the workman gains as follows:—

If any workman absents himself on Saturdays only, he is paid for the first 32 days as he is entitled to 32 days total leave per year, and for the balance 20 Saturdays' absence in that year he loses 1 day's pay.

Under the present system of wages calculation, he loses 1/30th of month's total pay for one day's absence—

for 20 days' absence he loses $1/30 \times 20$, i.e., 2/3rd of a month's total pay.

Under the Attendance Bonus Scheme, he loses for absence on 20 Saturdays:

20 x 3 hours	60	
182 hours	182	i. e., say 1/3rd of a month's total pay.

Therefore, under this scheme, the worker saves 1/3rd of his monthly pay out of deductions for his absence without leave on 20 Saturdays. Assuming Rs. 60 to be the total monthly pay of the worker (Rs. 30 basic, plus Rs. 3 dearness allowance), he saves $Rs. 60 \times \frac{1}{3} = Rs. 20$ per year. So his total gain is Rs. 30 being one month's basic pay as Attendance Bonus, plus the saving of Rs. 20, i.e., Rs. 50 per year.

Worker's total gains	Rs. 50	
	Rs. 60.	= 83 of a month's total pay per year.

Company gains 249.6 hours of extra work, i.e.,

249.6 hours	
182 hours	= 1.37 of a month's total hours for extra work.

Thus the estimated total gains to the Company through this scheme is shared in the following way, while the ideal sharing basis should be 50 per cent. for both the parties:—

Employees	..	0.83	..	60.6 per cent.
Employers	..	0.54	..	39.4 per cent.
		1.37		100.0

The Company further submits that non-inclusion of Sundays in the leave period when a man takes leave on Saturdays and Mondays is an advantage in addition to the above advantages to the workers. This advantage which forms a part of the attendance bonus scheme has already been implemented, although the Union did not accept the terms of attendance bonus scheme.

Ext. J gives the date upon which the attendance bonus scheme was framed. These data together with the clarifications made on behalf of the Company go to reveal that none of the objections of the Union against the scheme is well-founded. When the Company has in unequivocal terms stated that the scheme would not convert the monthly paid employees into hourly-rated and that they would continue to be monthly paid, the workmen can have no legitimate grievance in this respect. It appears from Ext. J that percentage of absence on Saturdays is low. So reduction of working hours on Saturday as proposed under the scheme would not generally be to the detriment of the workmen. On the contrary, under the scheme a workman if happy

absent on Saturday and/or Monday would not lose his pay of the intervening Sunday. Regarding Union's objection that the scheme offers 3½ basic wages per week as bonus when workers forego an advantage of hours leave, the Company's submission as already noted shows that the scheme is not so but would be more advantageous to the workmen in the long run. The suggestions made on behalf of the Union for improvement of the scheme if given effect to, will render the scheme an one-sided affair placing all the burdens on the Company without any obligation or sacrifice on the part of the workmen. There cannot be any right without corresponding obligation. If the workmen expect the Company to pay 3½ to them by way of augmenting their income, the workmen should in turn be prepared to forego some of their existing benefits to earn the same.

It should not be one-sided affair. If the Company is to pay, it can immediately expect some return for the same in the shape of regulated attendance from the workmen. The suggestion for improvement of the scheme, if given effect to, will place obligations wholly on the Company without any corresponding advantage to it which is obviously not fair. The Union's suggestion for distributing the working hours equally on the week days is something unusual and I think most of the workmen do not like to work full hours on Saturday. Besides, it will bring in more complications than benefit apart from defeating the object of the attendance bonus scheme. The Union's suggestion for improvement cannot, therefore, be accepted as feasible and practicable. When the parties are agreed on the introduction of an attendance bonus scheme and when any better in modification of the proposed scheme could be suggested, the Union's scheme without any change should be introduced at the instance as a trial for two years. The scheme is, therefore, brought into operation for a period of two years from the date the award becomes enforceable. After working the scheme for the said period, it will be open to either party to come up for its revision or annulment, if it so chooses.

The question whether the attendance bonus payable under the scheme is payable in addition or in lieu of annual bonus and Puja bonus, does not fall within the scope of the present reference and is, therefore, left open.

Issues Nos. 2 and 3.

The workmen have examined P.W.1, Shri Ramkrishna Chakraborty, Joint Secretary of the Printing Press Labour Union, and an employee of the Company, in this respect. Though under no legal obligation the Company has opened a canteen for the workers in 1949 (*vide* paragraph 6 of the Union's written statement). The Company bore establishment charges and expenses of utensils, fuel, etc. Besides it defrayed 50 per cent. of the cost of foodstuff.

At the beginning the canteen served tea, snacks and sweetmeats at special rates and then on and from 27th December 1949 it started to serve cooked meals consisting of rice, dal, fish, meat and vegetable curry at a subsidised rate of 3 annas per meal which cost the Company 12 annas to

Shri Bhabotosh Mukherjee has been serving as the canteen Manager. His salary is borne by the Company. On 11th September 1950, the canteen was visited by World Health Organization when its work was found satisfactory. Then between 2nd June 1952 and 30th October 1952 the canteen was inspected by different authorities who found the work satisfactory (*vide* Ext. E). Thereafter on 17th November 1952 a canteen management committee as required under the Factories Act and Rules was set

up. Workers' representatives were also in the said managing committee. The Canteen Manager, Shri Bhabotosh Mukherjee, had daily to accompany the committee man to the bazar to make necessary purchases for the canteen. The canteen committee thus functioned from November 1952 to November 1953. Then the Union withdrew their representatives from the committee thus the managing committee ceased to function. This was sometime at the beginning of December 1953.

The Company alleged that this was so done by P.W.1, Shri Ramkrishna Chakraborty, in order to carry on propaganda against the Canteen Manager with whom his personal relation was strained. The Union offered no satisfactory explanation under what circumstances it withdrew its representatives leading to dissolution of the committee. Be that as it may, the present trouble started after dissolution of the committee on account of the withdrawal of the workers' representatives.

The Union or the committee admittedly never made written complaint regarding quality or quantity of the foodstuff or against the conduct of the Canteen Manager. In these circumstances on Friday, the 18th December 1953, iced fish was happened to be cooked and served from the canteen. This set the ball rolling. According to the Company, P.W.1, on account of his personal relation with Shri Bhabotosh Mukherjee was not cordial, and on the occasion, to vent his wrath against the Canteen Manager by bringing in a partial boycott of the cooked food of the canteen from 21st December 1953. From then onwards the workmen stopped taking cooked meals and continued to take tea and snacks served from the canteen. According to the Union, the cooked fish of 18th December 1953 was taken to the Officer of the Howrah Municipality for examination who declared the fish unfit for human consumption. It is further said that the workmen pressed for prosecution of the Canteen Manager.

It is rather a strange conduct on the part of the workmen. Be that as it may, the matter was reported to the Manager of the Company. The Manager appears to have verbally warned the Canteen Manager. I think that at that time the matter should have ended. But instead the agitation continued apparently at the instance of P.W.1 to feed his personal grudge against the Canteen Manager. In his deposition, P.W.1 spoke of irregularities by the Canteen Manager, but he had to admit that on that occasion there was any written complaint either by the managing committee or by anybody to the Manager of the Company. It is, therefore, clear that there was nothing serious worth complaining. As regards the incident of 18th December 1953, explanation has been given that iced fish was accidentally purchased and cooked and that sufficient amends were made when the Canteen Manager was verbally warned. It so seems to me that no further action is warranted for this stray and isolated incident. In any case, the accidental serving of rotten fish on 18th December 1953 is not accepted as a deliberate attempt on the part of the Company through the Canteen Manager to depopularize the canteen so that the Company might be saved from its obligation to pay the existing subsidy. When the Company had started the canteen voluntarily and was bearing costs of management and defraying 50 per cent. of the costs of foodstuffs, it is not surprising that it would deliberately try to withdraw the existing amenities. A charge in this respect rather seems to be fantastic. It is not unlikely that the workmen have been misled to join the boycott on promise of cash canteen allowance in lieu of canteen facilities as at

workmen in the petition (Ext. D). In any case, I do not find any serious to justify removal of the Canteen Manager, Shri Bhabotosh Mukherjee. Besides he is not a party to this proceedings and if the Committee directed to remove him, it will be violating the principles of natural justice when Shri Bhabotosh Mukherjee was not given any charge-sheet or an opportunity to meet the charges, if any, against him. Besides whether he should be removed or not is a management's function.

Regarding management of the canteen, I find nothing to deviate from the provisions made in this respect under the Factories Act and the Rules thereunder. Section 46(2)(d) of the Factories Act empowers the management to make rules regarding the constitution of a managing committee for the canteen and representation of the workers in the management of the canteen. Rule 71 of the West Bengal Factories Rules framed under the said provisions lays down the function of the managing committee. It is that the Manager shall consult the canteen managing committee from time to time as to (a) the quality and quantity of foodstuff to be served in the canteen, (b) the arrangement of menus, (c) times of meals in the canteen and (d) any other matter as may be directed by the committee. I find these provisions are salutary and ensure all the safeguards as are required in the matter. When there are such provisions and when these effectively serve the purpose of the workmen, I am unable to recommend the entrustment of the management of the canteen to the existing Co-operative Society of the employees as sought for by the Union. It is doubtful too whether a co-operative society can take such management in its constitution. Considering all pros and cons, I would, however, recommend the management of the canteen by a managing committee comprising of a number of persons nominated by the Manager of the Company and by the workers. The Company is directed to set up such canteen managing committee within a month from the date the award becomes enforceable. I would also like the workmen to withdraw their boycott of canteen meals and co-operate in the proper functioning of the canteen. The queries are answered accordingly.

On leaving the matter I may note that there has been objection by the Company regarding representation of the workmen in the present proceedings. Some workmen have since filed a petition authorising Shri Banerjee and Shri Narayan Das Gupta, President and Vice-President respectively of the Printing Labour Union, registered No. 2584, to present them in the proceedings before this Tribunal. I think the objection has thereby been removed.

I make my award accordingly.

In the matter of an industrial dispute between Messrs. Dey Hosiery Industry, 2, Masjidbari Street, Calcutta-6, and their workers represented by Bengal Hosiery Workers' Union, 356/1, Upper Chitpur Road, Calcutta.

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI J. N. MAITRA, Judge, Third Industrial Tribunal.

For the Union: Shri Baidya Nath Ray, Joint Secretary of the Union.

For the Company: None.

AWARD.

1. By order No. 4891Dis./D/8L-40/54, dated the 26th October 1954, the Government of West Bengal, in the Labour Department, under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Dey Hosiery Industry, 2, Masjidbari Street, Calcutta-6, and their workers represented by Bengal Hosiery Workers' Union, 356/1, Upper Chitpur Road, Calcutta-6, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7 of the Industrial Disputes Act, 1947, by order No. 592Dis./D/12L-5/52, dated the 23rd February 1953, for adjudication.

2. After issue of summons, Bengal Hosiery Workers' Union representing the workmen, entered appearance and filed written statement of claim on 22nd November 1954. The Company, Messrs. Dey Hosiery Industry, did not put in appearance and filed written statement though its proprietor was duly served with summons in form "A" one at the address supplied by the Union and the other at the address supplied by the Labour Department. In the circumstances, the dispute was heard *ex parte* under Rule 15 of the Bengal Industrial Disputes Tribunal Rules, 1953.

3. The matters of dispute as stated in the schedule to the award are as follows:—

(1) Whether the retrenchment of the eight employees named in the schedule is justified? To what relief including reinstatement is the Union entitled?

(i) Shri Madhusudan Sen, (ii) Shri Hoshan Mian, (iii) Shri Prosad Maity, (iv) Shri Gonesh Chandra Sen, (v) Shri Walwalla, (vi) Shri Majid Mian, (vii) Shri Debbari, (viii) Shri Sailen Das.

(2) Realisation of arrear wages.

DECISION.

Issue No. (1).

The five workmen out of eight have deposed before this Tribunal. The factory was admittedly closed down on 14th June 1954, thus terminating employment of the eight workmen concerned (*vide* paragraph 8 of the written statement of claim). When there has been closure of the business, it is obvious that the claim of reinstatement cannot be sustained. In the circumstances, the question of justifiability of the retrenchment is not, therefore, material in the present context and is not gone into.

The definition of the word "retrenchment" as given in clause (aa) of section 2 of the Act as introduced by amendment is, in my opinion, very wide so as to cover termination of employment on account of total closure of the business. The evidence of the five workmen, who deposed before this Tribunal, shows that they had each been in continuous service for not less than one year before their employment was terminated. In the circumstances, section 25F of the Act would apply to the cases of the five workmen, Shri Madhusudan Sen, Shri Hoshan Mian, Shri Siba Prosad Maity, Shri Gonesh Chandra Seal and Shri Deven Chakroborty.

As regards other three workmen, Shri Walwalla, Shri Majid Mian and Shri Sailen Das, they have not deposed before this Tribunal. Annexure A to the written statement filed by the Union shows that one of these three had service beyond six months before retrenchment. Thus these three workmen cannot get benefit under section 25F of the Act.

Having regard to the length of service of the five workmen, who deposed before this Tribunal, the Company is directed to pay, in addition one month's wages in lieu of notice, compensation as below:—

Shri Madhusudan Sen—1½ months' average pay,

Shri Hoshan Mian—1 month's average pay,

Shri Siba Prosad Maity—1 month's average pay,

Shri Gonesh Chandra Seal—1 month's average pay,

Shri Deven Chakroborty—2½ months' average pay.

The average pay would mean as defined in clause (aa) of section 2 of the Act. The wages in lieu of notice and compensation as aforesaid should be paid within two months from the date the award becomes enforceable.

Issue No. (2).

It has already been noted that workmen, Shri Walwalla, Shri Majid Mian and Shri Sailen Das have not deposed before this Tribunal. So their claim in this respect must fail.

The evidence shows that the sums as below are due as arrears of wages to the five workmen who deposed before this Tribunal:—

Shri Madhusudan Sen—Rs. 115.

Shri Hoshan Mian—Rs. 90.

Shri Siba Prosad Maity—Rs. 140.

Shri Gonesh Chandra Seal—Rs. 94.

Shri Deven Chakroborty—Rs. 84.

The Company is directed to pay the aforesaid arrears of wages to five workmen concerned within two months from the date the award becomes enforceable.

I award accordingly.

Office of the Accountant-General, West Bengal

NOTIFICATIONS.

Subject:—Advances of pay or travelling allowance granted to Government servants—exhibition of the receipt schedules, of their repayments made into the Treasury in cash.

T.M./505.—13th April, 1955.—It has been noted that in many cases advances of pay or travelling allowance drawn by Government servants, when repaid in cash into the Treasury, are not shown as distinct items in the departmental receipt schedules with adequate details. This results in initial misadjustment of the accounts and also in interminable and avoidable correspondence by this office with the drawing and the Treasury Officers. All Treasury and Sub-Treasury Officers in West Bengal and the Manager, Reserve Bank of India, Calcutta, are, therefore, requested to take steps to ensure that the above class of receipt is in future invariably shown as a distinct item in the receipt schedule with full details thereof recorded on the reverse of the Receipt Form No. 2151.

Subject:—Punching of receipt stamps affixed to bills.

T.M./506.—16th April 1955.—A copy of the Government of West Bengal, Finance Department, Audit Branch, memorandum No. 476(14)F., dated 22nd February 1955, on the subject noted is circulated for the information and guidance of all Treasury Officers and Sub-Treasury Officers in West Bengal.

Subject:—The memorandum referred to above.
Under Note 4 below S. R. 148 of the Treasury Rules, West Bengal, Volume I, receipt stamps affixed to bills and vouchers should be punched after the bills have been paid at the Treasury or the sub-treasury. A question has been raised as to whether in the case of treasuries and sub-treasuries, the cash business of which is conducted by the Imperial Bank of India, the punching should be done by the treasury/sub-treasury or by the Bank.

The stamped receipt furnished on a bill is a legal quittance given to the treasury/sub-treasury and not to the Bank which issues a separate discharge to meet its own requirements. The paid vouchers are finally submitted to the treasury and as the punching of receipt stamps has been prescribed as a safeguard against fraudulent abstraction of the funds from paid vouchers, the Treasury/Sub-Treasury Officer is responsible for taking the above steps. It has therefore been decided by the Government that the punching of receipt stamps on bills and vouchers should be done in terms of Note 4 to S.R. 148 of the Treasury Rules by the Treasury/Sub-Treasury Officer even where the business of Government is conducted by the Bank.

Subject:—Correction to the Treasury Rules.

T.M./507.—18th April 1955.—All Treasury and Sub-Treasury Officers in West Bengal are hereby informed that the following corrections have been made in the Government Compilation of the Treasury Rules, Volume I:—

198.—Rule 608(2)(a).—Insert the words "as noted in Note 2 below the existing note under the existing note being numbered as 198." after the words "and the existing note being numbered as 198."

(i) In so far as the withdrawal relates to a Government servant the Treasury Officer should be kept informed of the details of the policies which are being financed from the provident fund account of the Government. These details

will include name of the Insurance Company, policy numbers and amount and date of payment of premia, etc., which will be on records of the Treasury Officer for the purpose of verification of withdrawals on subsequent bills.

(ii) The first withdrawal for the payment of the premia will be made on the authority of the Accountant-General.

(iii) An intimation should be sent to the Treasury Officer by the Accountant-General as and when an insurance policy is re-assigned or gets lapsed or in other contingencies involving non-payment of premia.

(Vide Government of India, Ministry of Finance, memorandum No. O F 9(61)-B.11/54, dated 18th January 1955, filed in Bile. T.M./23-3 of 54-55.)

Subject:—Rent recoveries in respect of buildings under the control of the Central Public Works Department.

No. T.M./508.—25th April 1955.—It has been decided that recoveries on account of rent in respect of buildings under the control of the Central Public Works Department will, with effect from 1st April 1955, be adjusted in the books of this office (instead of the Accountant-General, Central Revenues) under the head "XXXIX—Civil Works". The recoveries on the above, account made on the strength of the demand statements issued by the Estate Manager, Government of India Estate, Calcutta, should accordingly be shown under the abovementioned head of account in the Central Section of the Treasury Cash Account. All Treasury Officers in West Bengal and the Manager, Reserve Bank of India, Calcutta, will please note the above instructions.

P. C. HALDAR,
Dy. Accountant-General (Sr.).

Subject:—Receipts pertaining to the Agricultural Marketing Adviser to the Government of India.

No. T.M./509.—3rd May 1955.—In continuation of this office notification No. T.M./498, dated 21st January 1955 (published on page 499 of Part I of the Calcutta Gazette, dated 10th February 1955), on the subject noted above all Treasury Officers and Sub-Treasury Officers in West Bengal and the Manager, Reserve Bank of India, Calcutta, are hereby requested to accept deposits on account of "wool label charges, etc." tendered by "wool packers" under the head "XXIX—Agriculture (Central)—Agricultural Receipts—Wool Receipts". The procedure indicated in this office notification No. T.M./417, dated 12th July 1949 (published at page 1245 of Part I of the Calcutta Gazette, dated 21st July 1949), for the deposit of sale proceeds of Agmark labels by the authorised Sunn Hemp Packers, should be followed *mutatis mutandis* in dealing with these deposits. That is to say, the credits on this account should be shown as distinct items under the head "T—Remittances—Accounts between Civil and Civil—Accounts between Accountant-General, Central Revenues and West Bengal" in the Central Section of the Cash Account and the words "Wool Receipts—Adjustable by Accountant-General, Central Revenues, T. G. Section" should be prominently noted on the top of the schedules prepared for these receipts. One copy of the chalan should be sent to the Agricultural Marketing Adviser to the Government of India, Directorate of Marketing and Inspection, Ministry of Food and Agriculture, New Delhi.

R. N. CHATERJI,
Dy. Accountant-General, (III).

Company Shri S. C. Sen, Advocate.

Under sections 7 and 10 of the Industrial Disputes Act, 1947 (1947), the Government of West Bengal, Labour Department, by order No. 3287Dis./D/111-105/54, dated the 6th July 1954 and subsequent order No. 3477Dis./D/111-105/54, dated Calcutta, the 19th July 1954, referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the said order of reference.

SCHEDULE.

Whether the termination of service of Shri Gaya Prosad is justified? To what relief is he entitled?

AWARD.

Gaya Prosad was a motor driver of Messrs. Macfarlane & Co., Ltd. His duty was to drive the motor car for a Director named N. Poddar. The said motor car also belonged to the Company. On the evening of the 1st July 1954, when Shri Gaya Prosad and Shri B. N. Poddar, it appears, were in the car, Shri Poddar was about to go out in the said car, it was noticed that the driver Shri Gaya Prosad was repairing the box locker in the car. It is admitted that the said tool box locker was out of order on some previous occasions also.

Driver Shri Gaya Prosad's contention is that such minor damage to the locker was caused by the children of Shri Poddar but Poddar is that those persons were not children but they were sufficient to get up girls and they never come down stairs, not to speak of domestic acts inside the motor car. However, it is nobody's case that Shri Prosad was dismissed because of the said damage to the locker. On the other hand, from the evidence it transpires that the dismissal was a summary one and it was in course of some heated exchange between Shri Poddar and Gaya Prosad.

Shri Poddar contends that like other fellows of motor car profession the tone of the language of Gaya Prosad was such that still he had been tolerating it and as the maximum limit was reached on that morning he could not brook it any longer, but the words or the language alleged to have been used by Shri Gaya Prosad are not before the Tribunal. Unless the said facts be proved before the Tribunal, it is not possible to come to any decision as to whether it was anything insulting or not therein and I hold that the Tribunal cannot dispose of the case simply on the basis of the judgment given by Shri Poddar. In a foreign case reported in the journal the *Gill* was held to be guilty for having used abusive language to his supervising officer, Mr. Finnerman and in that connexion it was observed that—

"while it may be true that in these days when a much greater latitude of language is permitted—than was the case many years ago, I have no hesitation in saying that the use of words such as those used by *Gill* towards Finnerman amounts to misconduct."

It appears therefore that the exact words or at least a satisfactory reproduction of the same are material in order to come to a conclusion as to whether the words used were insulting or abusive or not, particularly in view of the fact that a much greater laxity of language is permitted nowadays. It also appears from the evidence that the driver Shri Gaya Prosad was not at that moment in the good graces of Shri Poddar. Shri Gaya Prosad was insisting on having leave with a view to going home in the province of Bihar, whereas Shri B. N. Poddar was not agreeable to it. I think, the dismissal order was hasty and was not in a judgment by Shri B. N. Poddar and it was not at all justified. It was not a case of such a misconduct which could call for punishment and dismissal. I therefore hold that the dismissal order is to be set aside and Gaya Prosad is to be reinstated in his job in the service of the Company. As Shri Gaya Prosad has been doing service elsewhere since he was dismissed, he is not to get any compensation. His evidence goes unchallenged and he was not paid his wages for the month of November 1952. The Company is to pay the same and also to reinstate Gaya Prosad in his job seven days from the date of publication of the award in the *Calcutta Gazette*.

Under sections 7 and 10 of the Industrial Disputes Act, 1947 (1947), the Government of West Bengal, Labour Department, by order No. 6008Dis./D/11L-296/53, dated Calcutta, the 30th December 1953, read with subsequent addendum No. 2664Dis./D/11L-146/54, dated Calcutta, the 25th May 1954, referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the said Order of reference.

SCHEDULE.

Grades and scale of pay.

Dearness allowance.

Medical aid.

Puja Bonus for the piece-rated workers.

Whether the management is justified in withholding the increment.

Service condition.

AWARD.**Issue No. 1.—Grades and scale of pay.**

At present there is no scale of wages nor any grade of service. In the Lens Workshop Department there are Mistries, Unskilled Lathemen, Frame Adjuster and helper and in the office there are Typist, Clearing Sircar, Accountant, Parcel Packer, Despatch Sweeper. In the Frame Manufacturing Department, there are employees, one of them being sweeper and two "under training" other two "unskilled". There are eight workmen on daily wages, three of them being mistries, two Polishers and two Dice Makers. Besides there are piece rated workers, three of them being fitters and two welders. This is the list given by the Company.

In the Bill of Demands (Annexure B) to the written statement of the Union, the workmen are classified into three categories and demands that their pay scale and grades shall be as follows:—

Unskilled—Rs. 30—2—34.

Semi-skilled—Rs. 40—2—50—3—65.

Skilled—Rs. 65—5—90—7—125.

In the Bill of Demands made by the Union nothing was said about clerical staff. In this state of things the Tribunal is asked by the Union to frame grades and scale of pay. According to the Company and Accountant have been placed in the same grade and two typists have been placed in grades of Rs. 55 and Rs. 80 respectively. Assistant Salesman has been placed in grade of Rs. 45 per month. Part-time typists at Rs. 50 and Rs. 80 respectively are also in the list. The "Clearing Sircar" has been placed in the grade of Rs. 30. There is no system at present in the matter of the aforesaid classification of the office staff employees. In the Lens Workshop Department the wages of the mistries varied from Rs. 70 to Rs. 100 and the wages of labourers varied from Rs. 40 to Rs. 55. Under-training employees get Rs. 30 to 35 per month. Wages of the Frame Adjuster are the highest (Rs. 160 per month) and those of the Adjusters are Rs. 100. Latheman gets Rs. 100 per month. There is one helper who gets Rs. 30 per month. The Company produced some papers purporting to be an agreement between Messrs. International Optical Corporation, 286, Bowbazar Calcutta, Messrs. R. K. Dhar & Sons, Ltd., and Messrs. Industrial Hall, 282, Bowbazar Street, Calcutta. The Union produced a paper which is said to be an agreement between Messrs. Stephens & Co., and their workmen. This agreement gives the wage scale of different grades (Glazers, Grinders, Jewellers) Rs. 30—2—60—E.B.—6—80—

Clerks—Rs. 75—5—130—(E.B.)—8—210—10¹/₂—230

Salesman—Rs. 100—10—210—(E.B.)—15¹/₂—270.

Refractionerist—Rs. 200—15—290—(E.B.)—25¹/₂—390.

Steno-typist—Rs. 120—10—190—15¹/₂—250.

Cashier and Accountant—Rs. 150—10—250—(E.B.)—15¹/₂—300.

Subordinate Staff—Rs. 25—2—55.

This agreement is dated December 1949. It is obvious that the wages of Messrs. Stephens & Co. are much higher than those in the

s in this industry. Even in the bill of demands made by the ch lavish scale of wages was never demanded by the workmen Company, viz., R. C. Ghose & Sons, Limited. In these circumstances the wage scale of Messrs. Stephens & Co., may be left out of tion. On comparison with the rates of wages which obtain in Industrial Optic Hall, Messrs. R. K. Dhar & Sons and Messrs. Industrial Optical Corporation, the wages which are now being paid by R. C. Ghose & Sons appear to be fairer. In this connection I so observe that the Company has been paying increment of Rs. 5 to all the workmen and the increment for 1953 which was held me time and for which issue No. 5 is there in the reference, has n granted by the Company after the reference was made. But ion is whether in this state of things the Tribunal should fix the le and the grades. I find that the wage scales and grades are in ng at the instance of the company itself and I think it would be autageous to the workmen to have one or more such annual ts of Rs. 5 per head before any wage scale and gradation be fixed hing which is growing automatically should not be hedged in by is interference which is likely to put a stop to such automatic If the position were stagnant certainly the Tribunal ought to f to the workmen by fixing the wage scale and the grades, but esent case I find that because of the annual increment of Rs. 5 being given by the Company of its own accord to each and every , the whole thing is in the making. It is of course obvious that , which are now being paid to the workmen are not commensurate living index. So I think that if some relief is given under the learness allowance, the workmen would be more benefited in the than by fixing of wage scale and grades.

Issue No. 2.—Dearness allowance.

the papers submitted by both sides and from the evidence the n left upon the Tribunal is that the Company gives dearness to only a few of the workmen and the rest are not given any nances at all. The explanation that in their case the dearness is consolidated with their basic salary is not acceptable as it is being. This discrimination in the matter of giving dearness must be stopped. Each and every workman is to be paid allowance. Therefore, I think, it is proper that the workmen not shown as being given dearness allowance separately should uch dearness allowance at the rate of Rs. 10 per month and that any should not be allowed to take any plea that such workmen getting dearness allowance consolidated with their basic salaries. n claims that the dearness allowance should be made effective January 1953. I find that the reference is dated 30th December hold that dearness allowance is to be paid to those workmen who t present being paid such thing (dearness allowance) separately— n from 1st May 1955 and relief of dearness allowance will be to the monthly rated workmen only.

Issue No. 3.—Medical aid.

sent the Company does not give any medical aid to the workmen except first aid in case of accident. Wages are not high and it t the company should pay something to the workmen towards pence. The Union claims that medical aid should be equivalent

to one month's wages including dearness allowance. I think, be too much. It is very difficult to calculate the medical aid of money. The Company has no medical officer nor does it in Hospital. I am of opinion that medical aid relief would be given if suitable sick leave with wages is granted by the Company workmen. That is a question under the issue "condition of service". It has not been shown that similar other Optical firms give an (medical) allowance to their workmen.

Issue No. 4.—Puja Bonus for the piece rated worker.

It is admitted that the piece rated workers have never been puja bonus although such bonus is being paid to the other monthly rated workers, equivalent to one month's wages. In evidence it does not appear that the piece rated workers earn more than the monthly rated workmen; on the other hand I find that monthly rated workers have been re-appointed after broken piece rate system and their incomes are not better than what they get according to monthly rate wages. The piece rated workers claim puja bonus as a condition of service because they were not given any bonus. They can claim puja bonus only on the basis of particular year. Therefore, the representative of the workmen the piece rated workers also shall be entitled to get bonus at the rate of 10% even and when there will be available surplus profit for distribution of bonus to all the employees. I think it is a good prayer and there should not be any discrimination between the monthly rated workers and the piece rated workers so far as the question of bonus is concerned. In the case of monthly rated workers bonus is calculated on the basis of monthly rate wages but in the case of piece-rated workers such calculation would be impossible. So I think the company should calculate bonus payable to the piece rated workers on the basis of their average income in the year immediately prior to the year of bonus.

Issue No. 5.—Whether the management is justified in withholding increment?

This issue has become nugatory in view of the fact that the management has since allowed the increment which was held up prior to the decision. So I need not decide this issue.

Issue No. 6.—Service condition.

After the order by which this issue was added—was received by the Tribunal from the Government, the Union was asked to submit a written statement but the written statement was so much defective that it could not be accepted. The representative of the workmen argued that the Union's case with regard to service condition as stated in the *Bill of Demands* which is made an annexure to the original statement may be accepted for the purpose of deciding this issue on service condition. I think this contention is accepted. Accordingly the items have been enlisted for the purpose of this issue, viz., leave, working hours, Provident Fund or gratuity, dismissal.

Leave.

In the bill of demands the Union claims privilege leave of 14 days wages and dearness allowance, for each year of service and it is demanded that this leave may be accumulated up to 3 years. In the bill of demands between the workmen and the Stephens & Co., privilege leave of

cumulated up to 28 days only was accepted and therefore I hold his company also privilege leave of 14 days with wages (including e) should be given to the workmen in a year and this leave may ulated up to 28 days and not more.

guards sick leave also the said document is referred to. Ten days' e in a year with wages and allowances will be available to a work- proper medical certificate. Sick leave in excess of the above period at the discretion of the employer.

days' casual leave in a year with pay and dearness allowance will ble to the workmen but casual leave shall not be tacked with sick privilege leave.

Holidays.

resent the company allows Bank Holidays and Sundays and no liday. The workmen demand public holidays also in addition. So iddays are concerned, I think the existing practice is to continue ddition can be made by the Tribunal when there is no list submitted

Working hours.

half of the workmen it is stated that at present the working e from 10 a.m. to 5 p.m. and that the workmen do not think it to have any tiffin time. Nothing is said on behalf of the in this behalf. Therefore, I think that the working hours should 10 a.m. to 5 p.m. without any recess time. On Saturdays the hours would be from 10 a.m. to 2-30 p.m. The workmen claim Saturdays the working hours should be up to 2 p.m. only. I do s that the existing practice should be interfered with.

Provident Fund and gratuity.

is no provident fund system in this company. It is directed Company is to introduce provident fund immediately and for the rior to the introduction of the provident fund there should be and the rates and rules for gratuity shall be according to the ; provisions:—

On the death of an employee while in service of the company or on his becoming physically or mentally incapable of further service—Half a month's salary or wages for each year of continuous service, to be paid to the disabled employee or if he has died, to his heirs;

On voluntary retirement or resignation of an employee after 15 years' continuous service—Half a month's salary or wages for each year of continuous service;

On termination of service by the company—Half a month's salary or wages for each year of completed service.

maximum gratuity shall be not exceeding 15 months' basic salary or wages.

uty shall not be payable to an employee who is dismissed for misconduct.

Dismissal.

Dismissal must be preceded by *bona fide* enquiry to be made management and the enquiry is to be done on the basis of a charge to be made over to the delinquent workman and dismissal will be in case of serious misconduct as ordinarily would be in case of dismissal.

SCHEDULE.

to what relief are they entitled?

Shri Benoy Bhusan Bhattacharjee,

Shri Ram Chandra Karmakar,

Shri Ramen Bhattacharjee,

Shri Manindra Karmakar,

- (8) Shri Sadhan Chakraborty,
- (9) Shri Ajit Kumar Roy,
- (10) Shri Sudhir Kumar Das and
- (11) Shri Ajit Kumar Choudhury?

AWARD.

The workmen who have been discharged by the Company as referred in the schedule contend that the company was not showing good standing to the workmen and therefore the workmen with a view to collective bargaining capacity, formed a Union on 25th August 1953, it was styled "Electrical Storage Workers' Union" and that on 22nd September 1953, a general meeting of the said Union held and seven were

- (i) Ajit Choudhury,
- (ii) Ramen Bhattacharjee,
- (iii) Ushaharan De,
- (iv) Anil Kr. Basu,
- (v) Santosh Ch. Paul,
- (vi) Sukumar Biswas and
- (vii) Ram Chandra Karmakar

were deputed to have the said Union registered. It is also contended by the Union that the executive committee of the Union was formed with (fifteen) members, including Usha Haran De, Ram Chandra Karmakar, Benoy Bhattacharjee, Sudhir Kumar Das and Satya Ranjan Chanda. It appears that the active members of the said Union have been retained by the Company on the alleged ground of pure trade and economic reasons. Shri Ajit Kumar Choudhury was discharged on 21st September 1953 and the rest were discharged on 22nd September 1953. No notice was given any of these workmen and they were discharged abruptly.

The Company contends that it expected to make good profit on Government offer for supply of batteries to Railway and accordingly the Company recruited a good number of workmen in excess of the normal requirement in the first half of 1953 but as the machines could not be imported from U.S.A. the Government offer could not be executed by the Company and this necessitated the discharge of the newly recruited workmen. It is the case of the Company that out of the 11 (eleven) workmen in question, seven were recruited in 1953 and one at the end of 1952 and their services were less than one year and that the rest gave more than one year's service and they were given one month's notice pay and also wages. The Company states with regard to the allegation that "last first go" has not been followed—that "it is not a rigid rule to be scrupulously followed in the matter of retrenchment, and that the Company has the absolute right to weed out the undesirable and inefficient and undesirable

Usha Haran Dey is alleged to have been negligent in work and his carelessness caused damage to the Company and therefore a charge-sheet was framed against him.

Chandra Karmakar, Satya Ranjan Chanda and Benoy Bhushan Chatterjee are alleged by the Company to be habitually indolent and careless workers and it is said that they were warned in the past. The Company admits that after the abovementioned discharge, it employed new workers because fresh orders were received by the Company in the meantime because the discharged workmen were not readily available.

Chowdhury is said by the Company to be a temporary hand and it is said that he was not entitled to get any notice. The Company further says that it was unaware of the formation of the Union until 28th September 1953 and therefore the allegation of the workers that the discharge was a way of victimisation because of their Union activity is not true.

DECISION.

In Ext. 3 it would appear that the Workers' Union was registered on 1st January 1954 but from the oral evidence adduced by the workmen it appears that the Union was formed a few days before the discharge. It also appears from the evidence that the Company expected a profitable offer from the Government but the matter fell to the ground because necessary machineries could not be brought from U.S.A. by the Company. It also appears that after the discharge the company received new orders from time to time and it recruited new hands. There is evidence that the Company made profit in 1952 and 1953 and that a small profit was made in 1951. The balance-sheet for the year 1954 has yet been prepared. It is also in evidence that shortly before the discharge, some of these workmen were given increments in their wages. If the workmen have been discharged or retrenched only a few days before their services would have amounted to one complete year. In these circumstances it is difficult to believe that the Company had bonafide in the discharge or retrenchment. The workmen denied that they were given warning or charge-sheets. It appears from the evidence that Usha Haran Dey was called upon on the 22nd September 1953, to explain how he damaged the goods in course of packing but without waiting for his explanation he was charged on that very date. The other notices alleged to have been served on Usha Haran are not admitted by him. It has not been satisfactorily proved that those notices were actually served on Usha Haran Dey or that the notices are genuine. Similarly notices alleged to have been served on Benoy Bhattacharjee or those alleged to have been given to Ramen Chatterjee or to Ram Karmakar or Manindra Karmakar or Satya Ranjan Chanda have not been satisfactorily proved to be genuine. It is strange that many workmen would turn hostile and adopt malicious attitude towards the company during that particular period of time shortly before the discharge. If really the company thought that there was no need of discharging some of the workmen on account of the Government offer having proved fruitless, the company might easily put these workmen under retrenchment instead of retrenching them so abruptly. It has been made out in evidence by the company that a list was made of the workmen to be discharged before the actual discharge was effected and that the said list was put up before the authority for consideration. Said list has not been produced before the Tribunal. I am not impressed that really any such list was made of inefficiency or negligence, etc., on the part of the workmen prepared by the company. From the evidence I am rather of the opinion that the company recruits workmen and discharges them so as

to prevent them from completing one year's service. In this way it workmen from time to time and dismisses them at the sweet will of the company and again recruits new hands. This sort of playing with workmen must be discouraged. The circumstances that emerge from the evidence clearly show that the company retrenched these workmen because of their Union activity and also with the object of depriving many of them of the chance to complete one year's service. The Company's allegation of inefficiency or negligence has not been at all established. If really the workmen were given such charge-sheets or warning notices, some of them at least would have submitted written explanations or answers and the company would have been in the position to produce them before the Tribunal to show that such proceedings actually happened. The Company has not been able to show that there was really and bona fide ground for not following the principle of "last come, first go". From whatever point of view the case may be considered, the conclusion seems to be inescapable that the retrenchment in question is based on unfair labour practices. Retrenchment is not ordinarily the remedy if there is slack business. The remedy in such cases is to lay-off the workers. My conclusion is that in the case of Ajit Kumar Choudhury, the rest of the workers are to be reinstated and their retrenchments are to be set aside.

As regards Ajit Choudhury there is clear evidence that he was appointed as temporary hand and that it was also expressly stipulated that his services might be terminated at any time without notice. So he is not entitled to claim reinstatement or any compensation.

If really the retrenchment was based on any bona fide ground of economic reasons or economic questions, the Company would not have recruited many new hands shortly after this retrenchment. There is no evidence that before these new hands were recruited any intimation was given to those retrenched employees for them to apply for re-employment. It has been held in *J. K. Iron & Steel Company versus Union*, 1952, 2, I.L.R. 435 that:

"The fact that there may be a cut in the profit will not serve as a reason for retrenchment and that retrenchment can only be justified when for the closure of a mill or a factory or when for any other reason the workmen become surplus".

In the present case it has not been shown that these workmen became surplus or that the company closed down any part of his factory or business.

As regards compensation I find that there is no satisfactory evidence that the workers made any effort to procure jobs elsewhere after their retrenchment. Moreover these workmen were not in the service of the company for a sufficiently long time before their retrenchment. In the circumstances I hold that the workers who were retrenched before completion of one year's service are not to get any compensation save and except what have already been paid to them by the company and that those who put in one year's service or more are to get one month's basic wage as compensation. The company states that it has paid one month's wages and leave wages to the workers who put in more than one year's service and only leave wages for the unavailed period of leave have been paid to the retrenched workers who put in less than one year's service. It therefore appears that those who put in less than one year's service have been paid leave wages only and those who put in more than one year's service have been paid one month's notice pay plus leave wages but those who put in only one year's service have not been paid any notice pay. AWARD.

This is a complaint under section 33A of the Industrial Disputes Act, 1947, by Shri Ramswarup who was a sweeper in the opposite party. He alleged that after serving for 10 months when he demanded for being permanent, his service was terminated on 24th January 1955 with effect. At the time the adjudication proceedings in respect of the dispute between the opposite party and their workmen were pending before the Tribunal and thus it was alleged that the opposite party had contravened the provisions of section 33 of the Act.

In written reply the opposite party submitted that the Director of Industries, Calcutta, reviewed the case of the complainant and decided to reinstate him and pay him for the period he remained out of employment as a result of termination of his services and that a letter to the above effect was issued to the complainant requiring him to join his duties immediately.

DECISION.

On 25th April 1955 the complainant filed a petition stating that he had been reinstated with retrospective effect and that he had been paid wages for the period of unemployment and that he did not like to litigate further. The petition is made part of the award.

AWARD.

Industrial dispute over the dismissal of 26 workmen mentioned below between Messrs. Bidyut Silpa, Ltd., 372/66, Russa Road, Charu Market, Calcutta-33 and their workmen mentioned in the list, represented by Shri Santi Banerjee, Secretary, Jay Engineering Workers' Union, 392, Prince Anwar Shah Road, Tollygunge, was referred to this Tribunal for its adjudication under the act of West Bengal, Labour Department, order No. 4533Dis./3/54, dated the 23rd September 1954.

Both sides filed their written statements.

In the written statement of the workmen, it is stated that Bidyut Silpa, Ltd., an engineering concern, managed by a private company, has been carrying on business since 1948 with 26 workmen in employment. The workmen placed some of their demands on 8th April 1954, before the management. The management refused to meet the demands of Laxminarayan Das and others. This led to a

strike of the workers on 14th June 1954. The strike was although the workers were dismissed for participating in it. (failing, the dispute over the said dismissals has been referred to the Tribunal for adjudication.

In the said company's written statement, it is stated and that the reference is bad in law as Shri Santi Banerjee has no authority to represent the workmen of the company. The company is a public limited company manufactures brass, lamp etc. since 1948. It has a total complement of workers of about 36. It is for its very existence and in view of its critical financial position received the protection of the Government. The company's allegations made on behalf of the workmen and said that a worker was a temporary worker whose services were terminated on completion of the temporary work for which he was engaged. Shri Laxminarayan Das was dismissed for gross misconduct. The workmen did acts subversive of discipline on 12th June 1954 and took an illegal stay-in-strike on 14th June 1954. The workers made repeated requests from the management continued the stay-in-strike instigation of Santiram Ghosh and others, for which the management decided to dismiss them.

Giving the case of Laxminarayan Das in details, the statement that Laxminarayan Das had on 5th June 1954 taken an advance from the personal fund of the Director-in-charge. He promised to repay the loan on the 7th next, i.e., on the pay day. Laxminarayan Das received his pay in full on 7th June 1954 and did not attend on the following days. On 10th June 1954, he falsely reported to have repaid the loan to the Cashier-Accountant of the company. There was an investigation in this in which Laxminarayan abused Amar Babu, the Cashier-Accountant in filthy language and threatened him. On 12th June 1954, an enquiry by the Director-in-charge who was satisfied with the misconduct of Laxminarayan and dismissed him. Laxminarayan admitted his guilt. The management at the intervention of the Commissioner re-employed the following five persons:—

- (1) Angann Keot, (2) Bholanath Keot, (3) Ramdin Keot, (4) Nath Bose, (5) Modhusudan Daw.

The following four accepted their dues in full and final settling their claims and expressed their intention of not working in the company.

- (1) Ali Hossain, (2) Bimalendu Sen, (3) Amulya Chandra, (4) Niranjan Paramanik.

Regarding the dismissal of other workers, the company statement after the dismissal of Laxminarayan Das on 12th June 1954, the workers at the instigation and direction of Santiram Ghosh, Santiram Mondal, Atul Jana surrounded the engineer, Mr. Bhattacharya and threatened him to withdraw the letter of dismissal of Laxminarayan Das. The engineer was abused when he expressed his inability to do so. Thereafter at about 1-30, the same day, the workers rushed to the Director-in-charge and surrounded, confined and abused him. He was not allowed to leave the office before withdrawing the letter of dismissal served on Laxminarayan Das. On 14th June 1954 (which was a Sunday), the workers under the threat, instigation and direction of Santiram Ghosh and Atul Jana staged a stay-in-strike. They remained at 8 in the morning, but did not start work. They remained in the workshop till 11 O'clock at night when they were dispersed by the police. They were discharged at 1 o'clock by notice for participating in the strike.

1 strike. The company had to engage fresh staff to carry on its business after the dismissal of these workers. The workers are, therefore, entitled to any relief in this case.

2 issues as per schedule to the order of reference stand as follows:—

- 1) Whether the dismissal of the said workmen is legal and justified.
- 2) What reliefs are the said workmen entitled to.

FINDINGS.

Issues Nos. 1 and 2.

1 The 26 workmen mentioned in the list attached to the schedule of reference, Shri Laxminarayan Das was dismissed on 12th June 1954 for alleged misconduct and the remaining 25 other workmen were dismissed on 14th June 1954, for their alleged participation in the illegal strike on the same day.

2 At the hearing, the learned representatives of both sides, settled the cases of 22 persons and asked the Tribunal to adjudicate the cases of the remaining four, viz., (1) Laxminarayan Das, (2) Santiram Ghosh, (3) Mir Ali Mondal and (4) Atul Jana. Heard learned representatives rejected the petition of compromise. The cases of 22 persons mentioned therein have been lawfully settled on reasonable terms. The settlement is accepted. The compromise petition will form part of this award and be marked Annexure A to it.

3 Shri Das Gupta, learned Advocate for the company, has taken a preliminary objection to the hearing of this dispute regarding the remaining four workmen on the ground that they are not properly mentioned in the reference. His contention is that these four workmen cannot be represented by Shri Santi Banerjee, Secretary, Jayaprakash Workers' Union, for the said Santi Banerjee does not come under any of the provisions of section 36 of the Industrial Disputes Act. Shri Nathak, on behalf of the workmen said that the objection is untenable for this Tribunal could not go behind the reference to whether the Government was right in permitting Shri Santi Banerjee to represent these workmen in the dispute or not. On facts, he said that Santi Banerjee comes under section 36(1)(c) of the Industrial Disputes Act, and, therefore, he has the right to represent the workmen in the proceedings. The following facts are undisputed:—

4 There was no Union of these workers at the time of this reference.

5 In fact, on 8th April 1954, the workmen in a signed petition put forward their demands before the management;

- (2) The workmen were present in the Tribunal;
- (3) Two out of four, viz., Shri Santiram Ghosh and Shri L. narayan Das deposed before this Tribunal.

No question of representation legally arises in the case of the workmen personally present before this Tribunal in this case. Further, Shri Banerjee is a party to this proceeding. As such, he has every right to appear before this Tribunal on his own behalf.

The appropriate Government, to my mind, has enough jurisdiction to make parties in a dispute to be referred under section 10 of the Industrial Disputes Act. Further, the provisions of section 36(1)(c), as I read it, allow in such circumstances, established in this case, Shri Santi Banerjee, Secy of the connected industrial organisation to represent the workmen. His objection, therefore, has no substance in it and fails.

Shri Laxminarayan Das is said to be an apprentice in the service of this company for the last two years. He is admittedly a workman who comes under the protection of the Industrial Disputes Act. He was dismissed on 12th June 1954 by the Director-in-charge of the company on the allegation of grave misconduct. Admittedly, he was not given a formal charge-sheet before his dismissal and there was no formal enquiry either. These facts are undisputed. The company is a small one and has got no Standing Orders of its own. In fact, it is an industrial organisation which is still struggling to have a firm foot hold in business. Ext. A is the notice of discharge, dated 12th June 1954, which says that Shri Laxminarayan Das was discharged for (i) immoral behaviour to the Accountant; and (ii) for false representation to the Director-in-charge. The details of misconduct are not given in it. The facts are admitted on both sides. Shri Laxminarayan Das has taken a temporary loan of Rs. 4 from the Shri R. Ghosh, the Director-in-charge. This was not repaid on 7th June 1954, i.e., the pay day. Shri Laxminarayan received Rs. 3-8-0 on account of his pay. He was absent on 8th and 9th June. He attended on the 10th when Shri Ghosh enquired of him regarding the repayment of the loan. The remaining facts are in controversy. Shri Ghosh said that Laxminarayan told him that the Cashier-Accountant Amar Babu deducted it from his wages, a statement which on reference to Amar Babu was proved to be false. Amar Babu had no knowledge of this loan and said that the question of his deducting Rs. 4 out of an amount of Rs. 3-8-0 could not arise. Shri Laxminarayan Das does not accept the whole of Amar Babu's statement. He said that he told Amar Babu to deduct Rs. 4 from his next pay, if not already done. This in all probabilities is correct for there could not have been any occasion for Shri Ghosh to enquire, if Shri Laxminarayan said that he did not pay the loan. Amar Babu would pay it on the next pay day. An enquiry from Amar Babu would only be necessary if Laxminarayan had said that he had repaid the loan. Laxminarayan must have made an incorrect statement to Shri Ghosh, the Director-in-charge. Then the second part of the incident involves altercations between Amar Babu and Laxminarayan. There were some altercations but Amar Babu and Laxminarayan contradicted each other on that point. Amar Babu said that Laxminarayan accused him of playing him false before the Director and threatened him with life. Of course there is no corroborating evidence on this point. Something must have happened which was considered by Amar Babu and the Director as an act of indiscipline. These facts taken together, in the opinion of the Director, amount to grave misconduct particularly on behalf of an apprentice. Naturally, he

the young man and made verbal enquiries and told him that he had been discharged. This was followed by a formal notice dispensing his services from 12th June 1954. In these circumstances and in view of the further alleged admission of guilt before the Director-in-charge, it has been contended that no further enquiry on a formal charge-sheet is necessary. Be that as it may, this is not a case where it may be said that there has been a clear violation of the principles of natural justice. The whole incident took place before the Director-in-charge and relates particularly to the admitted facts. Even if it is held to be a case of violation of the principles of natural justice, the Tribunal is entitled to look into the merits of the matter and to decide for itself whether the action of the management is just and proper. On evidence, the Tribunal finds that Shri Laxminarayan Das was guilty of misconduct for making a false statement before the Director-in-charge and for his misbehaviour with the Cashier-Accountant. That being the case, the punishment does not appear to be unduly severe justifying an interference of this Tribunal. Dismissal is legal and justified. He is not entitled to any relief.

The cases of three other workmen, viz., Santiram Ghosh, Amir Ali Mondal and Atul Jana, stand on a different footing. They were separately dismissed after several warnings for participating in an illegal strike over the dismissal of Laxminarayan Das. The stated facts in this connection are: (i) Laxminarayan Das, a workman, was dismissed without charge-sheet and enquiry on 12th June 1954. This led to some unrest among the other workmen who decided to send a representation to the Director-in-charge for recalling the notice of dismissal on him; (ii) Shri Santiram Ghosh went after the working hours to Shri Ghosh, the Director-in-charge and pleaded for the reconsideration of the case of Laxminarayan Das and for his reinstatement. Shri Ghosh refused; (iii) on the 14th of June next (13th was a holiday) the workmen attended to their places of work at the usual hour in the morning and Shri Santiram Ghosh again went to the Director-in-charge with request to reconsider Laxminarayan's case once more and to reinstate him in service. He met with refusal. In the meantime, the management suspended all work but remained in the workshop; (iv) the workmen admittedly remained in the factory up till 11 o'clock at night when the police arrived and they were given the alternative either to disperse peacefully or to face arrest. The workmen dispersed peacefully and there was no arrest.

The following facts which are in controversy. P.W. 2 Shri Santiram Ghosh, an employee of the company, deposed on behalf of the workmen. P.W. 1 Shri R. Ghosh, Director-in-charge, O.P.W. 2 Shri Amar Kar, Cashier-Accountant and O.P.W. 3 Shri S. K. Bhattacharjee, the manager, deposed on behalf of the company. Santiram said that the workmen were peaceful throughout and stood in front of their machines doing nothing else. They left the workshop at 11 o'clock at night when the police came. He denied having surrounded the engineer, the Director-in-charge in their offices and damaged or attempted to damage machine parts inside the workshop. He also denied having threatened the management in any way. Shri P. Ghosh said that Santiram Ghosh, Amir Ali Mondal and Atul Jana took leading part in the illegal strike and persuaded the loyal workers not to do work and raised slogans inside the workshop. He did not say that the tools or their parts were damaged in any way but he said, he found 10 screws missing from the machines. Shri Bhattacharjee, the manager, said something more. He implicated these three workmen

not only in the participation of the strike but also in activities in connection therewith. There have been lots of discrepancy between the evidence of Shri Ghosh and Shri Bhattacharjee. Shri Ghosh's evidence appears to the Tribunal to be more straightforward although he said that he noticed Shri Santiram taking leading part in this strike. That is not an improbable story. Shri Ghosh sent written reports to the police in the morning and also had talks with the D.C. and A.C., South and O.C., of Tollygunge police-station over the phone. Office copies of these reports are missing. The management has not been summoned as witnesses on behalf of the management in this case. The police made no arrest. The police were not shown any disorderly activities on the part of the workmen and no attempt on their part to remove machineries or machine parts or dislocating them in any way. The notices issued from time to time as exhibits in this case. They do not speak anything about these workmen taking any leading part in the matter of illegal activities including damaging the machineries in any way. The Tribunal cannot for a moment believe that the workmen remained inside the workshop for about 15 hours without raising any slogan or without moving and there. Admittedly, there was direct talk between the Director-in-charge and the workmen. The evidence so far does not establish any act of violence on the part of these workmen during their strike on 14th June 1954. No property was damaged and there was no complicity of any violent act against any of these workmen to the police. Shri Das Gupto made a pointed reference to the workmen who were employed after the strike on expressing regret to the company to the effect that they were led by others to join the illegal strike. This cannot be accepted as good and reliable evidence against these workmen for their statements were not made contemporaneously to the authorities entitled to investigate into the case. Our conclusion is that these three workmen participated in the strike along with other workmen of the company over the dismissal of Shri Laxminarayan Das. The fact that these workmen remained in the workshop after the working hours against the wishes of the management after repeated warnings and issued notice of dismissal is sufficient to establish the strike to be an illegal strike. There is an element of trespass in this strike. Accordingly, the Tribunal must hold that these three workmen along with others participated in an illegal strike.

The next question is whether the strike was justified or unjustified. Shri Das Gupto says that since Laxminarayan Das was rightly dismissed, the strike is absolutely unjustified. Shri Pathak, on the other hand, says that the strike is justified in the sense that the workmen had a right grievance to place before the management for the dismissal of Shri Laxminarayan Das was dismissed without a charge-sheet and without an enquiry. The workmen did not consider this act of the management to be proper. They took it to be an arbitrary act which should be meted out accordingly, after the working hours of 12th June 1954 (Saturday). Shri Santiram Ghosh saw the Director-in-charge on behalf of the workmen with a request to reconsider Laxminarayan's case and to direct his reinstatement. He met with refusal. On the next day, 13th June, the workmen met together and decided to approach the management once more before resorting to a strike and this they did on 14th June 1954 (Monday). They came to the workshop but did not resume work. Shri Santiram Ghosh saw the Director-in-charge once again. Of course, this evidence is not accepted by the Director-in-charge but it is there. In all probabilities, Shri Santiram Ghosh must have seen the Director-in-charge before resorting to a strike. This time, according to

Santiram, the management refused to reconsider the. At that time, when all avenues for amicable settlement of the failed, the workmen resorted to strike. And our conclusion evidence is that the strike was on the whole peaceful, re was no violent activities on the part of the participants as they were in the company's premises. I have in view the cases on this point, viz., the Full Bench Decision of the Labour e Tribunal in Ramkrishna Iron Foundry of Gour Gobinda ane, Salkia, Howrah vs. their workers' reported in 1954, L.A.C., and two other cases of the said learned Tribunal reported in 1953, page 1 and 1953, L.A.C., page 31. A strike, legal or illegal, automatically put an end to the relationship of employer and e. But it affects some of the rights and obligations flowing at relationship. Their Lordships in the Punjab National Bank 53, L.A.C., page 1, at page 16, said, "Moreover, having regard onditions of the labouring class and of labour relaiton as is y prevalent in India now, it would not, in our opinion, be re to industrial peace. If an employer is given a right and a an unfettered right to dismiss a workman for his absence due to e participation in such a strike..... If, however, the ar workmen who joined the strike is guilty of violent acts or of ve activities such as destruction or attempted destruction of rs' property, intimidation or coercion on loyal employees, etc., r would be different but in such cases the workmen should be ly dealt with and the particular workman should be appraised precise charge against him and should be given a chance to have in the matter before he can be dismissed." In this particular ese three workmen along with others were summarily dealt with charged by notice without giving any one of them any reasonable nity to meet the charges against them. As the Tribunal found that none of them was guilty of violent or subversive of tampering the loyalty of the other workmen in this strike, the ic termination of services of these three workmen cannot be d. It has been contended by Shri Das Gupto that there is e against Shri Santiram Ghosh at least to show that he prevented al workers from resuming work and therefore the case of n stands on a different footing. To my mind, the mere request citation from one worker to another not to work during without move does not amount to intimidation or coercion of that At least no such evidence is forthcoming in this case against e of these three workmen. In the opinion of the Tribunal, there n a clear violation of the principles of natural justice in this far as these three workmen are concerned. They were not given arge-sheet or any reasonable opportunity to put their defence their dismissal from service. Their service records have not been before me. Shri (ghosh explained that there was not regular record maintained in his company. He is trying his best to a register showing service record of each workman. Shri (ghosh : did not say that the service records of these three n are in any way particularly bad. The Tribunal, therefore, is in scrutinising the cases of these three workmen (*vide* 1952, page 490), and to decide for itself whether their dismissal was . The evidence, as already stated above, does not support the penalty by dismissal in this case. Their dismissal is not legal ed. The normal remedy in these cases of wrongful dismissal of reinstatement. I fail to see why these three workmen should reinstated in service. There is not any remotest suggestion that

these three workmen have forfeited the confidence of the em joining this strike. They are, of course, not entitled to any only for the strike period but also for the period of their unem. One of them says that he is still unemployed, a fact very difficult to verify and/or accept. The industry, as I hav the outest, is still in its infancy and has received protection Government. The Tribunal does not like to impose any heavy burden on it by allowing any part of back wages to any of th workmen. The three workmen will report themselves to duty week from the date of the publication of this award when they reinstated by the company. The entire period of their absence fi shall be treated as leave without pay for the purpose of cont service. I award accordingly.

is an application under section 33A of the Industrial Disputes Act, filed by five workers of the Company, and filed by the President Workers' Union for full wages for the period of forced unemployment as a result of lock-out declared by the Company since 17th March

is stated that the lock-out has been declared without notice and in violation of section 23 of the Industrial Disputes Act. A case is pending before this Tribunal regarding a dispute between the parties. Learned Advocates of both sides, Shri D. L. Sen Gupta, for the Union and Shri S. C. Sen for the Company. A lock-out is not a condition precedent and as such, the declaration of lock-out during the pendency of adjudication proceedings before the Tribunal cannot attract the provisions of section 33 of the Industrial Disputes Act. Section 33A is, therefore, not maintainable.

alleged declaration for lock-out gives rise to a fresh dispute between the parties. It may be illegal under section 23 of the Industrial Disputes Act, but in any event, this Tribunal has no jurisdiction to entertain and decide on that dispute in the present proceedings. The application is, therefore, not maintainable and is rejected.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman*

SHRI S. C. MUKHERJI, *District Judge, Member.*

For the workman: Mr. S. Khan.

For the Company: Mr. W. H. Jacks, Chief Labour Officer of Thomas Duff & Co.

AWARD.

While the aforesaid dispute was pending before the Jute Tribunal Soleman filed the present application under section 33A of the Industrial Disputes Act on the ground that he was a permanent workman No. 5 of the Angus Jute Works, that the Manager, Angus Jute Works

ployer, that during the pendency of the adjudication proceedings he was suspended by way of suspension for four days, from 10th August 1954 to 14th August 1954 but he was not given any charge-sheet or any opportunity to explain his conduct, and that the order was made without permission of the Tribunal, it is liable to be set aside.

The preliminary objection taken by the Company is that the Angus Jute Company and its accredited representatives at the Head Office are the employers of the above workmen and not the Manager, Angus Jute Works, as alleged by the petitioner.

The point for decision is: Whether the case of the petitioner is covered by the present reference.

DECISION.

The principal contention and the only contention of the employer is that the Angus Company and its accredited representatives are the employers of the above workmen and not the Manager of the Angus Jute Works. So, given our thought over the matter and we are of opinion that the party before us is the Angus Company and not Angus Jute Works. In the petition the name of Angus Jute Works appears, but this is a misnomer which does not go to the root of the case because the Union at the Angus Jute Company is the employer and the Angus Jute Works has entered appearance through the Indian Jute Mills Association. We hold that the Manager, Angus Jute Works, means the Manager, Angus Jute Company and so it has been understood by all concerned. Consequently the employers of these workmen mean the Manager, Angus Jute Company, this Company is a party before us. The case of the petitioners, is covered by the present reference.

The petitioner last contended that the petitioners are workmen of the Thomas Duff and Co. But this really makes no difference for the purpose of our reference. Thomas Duff and Co. are only managing agents of the Angus Company. They are under the managing agents are for all purposes the employees of the Angus Company itself. This is elucidated by the fact that in the employment notices issued by the Company and even in the warning notice itself, the name of Angus Jute Works or the Angus Company appears in the place of employers. This shows that Thomas Duff & Co. used only to look after day to day management and whatever they did they did in the name of the Angus Company with their finance. We, therefore, hold that the Angus Company is a party to the Tribunal and the case of the above workmen is covered by the present reference. We, therefore, decide the preliminary objection in favour of the applicant.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, by Soleman, Dandy, against Angus Jute Mill, Ltd., out of an Industrial Dispute between 100 Jute Mills in West Bengal, their workmen referred by Government orders Nos. 1988Dis. 48(A)/53, dated 7th April 1954, 3393Dis./D/3A-10/54, dated 12th July 1954 and 3537Dis./D/7L-47/54, dated 21st July 1954.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Chairman.*

SHRI S. C. MUKHERJI, *District Judge, Member.*

For the workmen: Mr. S. Khan.

For the Company: Mr. W. H. Jacks, Chief Labour Officer of Thomas Duff & Co.

AWARD.

While the aforesaid dispute was pending, the petitioner Soleman made the present application under section 33A of the Industrial Disputes Act, 1947, alleging that he was employed as a permanent workman in Bout No. 100 of Angus Jute Works, that during the pendency of the adjudication proceedings, the petitioner was punished with suspension for 4 days from 1st August to 13th August 1954 but was never given any charge-sheet or opportunity to explain his conduct, that the employer did not send

ness permission in writing from the Tribunal under clause (b) of section 33 of the Industrial Disputes Act, that in the circumstances the suspension order should be illegal and should be set aside, that appropriate relief should be given to the employee.

Notice of the aforesaid petition having been served, the Company filed objection on 16th September 1955 alleging that the petitioner was illegally warned after being duly charge-sheeted and was found guilty of conduct for habitual absence and insubordination under the rules applicable to the River Transport Staff, that the application is misconceived, that the warning is not a punishment and does not amount to a violation of section 33 of the Industrial Disputes Act.

DECISION.

On behalf of the Company no witness was examined but they cross-examined the P.Ws. The petitioner is a Dandi under P. W. 2 who is a Majhi of Boat No. 5. P.W. 2 admitted that he reported to the office that W. 1 and another Tawakul had been absent without leave on 2nd of August. P.W. 1 Soleman admitted that he was called to the Head Office on 9th of August where Tawakul and P. W. 2 also were present. He admitted that he put his thumb-impression on a charge-sheet. Charge-sheet (Ext. 1) shows that it was duly served on Soleman and he gave his explanation on the same day. Soleman said that he did not know what the Labour Officer wrote on the charge-sheet. By this he evidently refers to the explanation written on the charge-sheet as also to the statement made before the Labour Officer (Ext. A). But we have no reason to believe Ext. A or that the explanation on Ext. 1 is not Soleman's explanation.

So we believe that the charge-sheet was submitted and the explanation given by him and an enquiry was held and where Soleman said in a high tone that "he had nothing to say and the Labour Officer may do whatever he thinks." Whereas before us he simply said that he did not see Majhi on that day and that the Majhi wanted to get rid of him. This shows that he was present, and we do not believe that the Majhi has created a false case against him in order to get rid of him. So, the principle of natural justice was observed and it further appears that initially the company did not punish him with suspension in the long run, but simply gave him warning notice. P.W. 1 admitted that Shri Mukherji, Labour Officer, did not give an order of suspension. The witness P.W. 2 admitted that if any suspension order was made, it should have gone against him and that there is no order that Soleman was suspended for 4 days.

He further admitted that on 9th Tawakul was simply warned in his absence. As regards Soleman his own version is that Shri Mukherji told him verbally that he was suspended for 4 days. In view of the admissions by the witnesses that suspension order should be made in writing and communicated to the majhis, this verbal suspension order if made on the day is nothing but taking P.W. 1 to task for his fault. Actually he was warned in the long run. The charge-sheet which was with the company is also filed along with the charge-sheet which was filed by the witnesses. Both these show that in the case of light punishment the columns suspension, etc., are crossed through the typing machine. It does not show that there was any punishment at all. On the other hand, it shows whatever the Labour Officer might have said verbally no order for punishment was actually made. An order for warning is not a punishment. There was no violation of the conditions of service or any punishment in the meaning of section 33 of the Industrial Disputes Act. Besides the petitioner has not been made to suffer. The Company took a lenient view of the petitioner who absented himself for 3 days on the plea that Mukherji told him verbally that he was suspended for 3 days. He

ought not to have done this without looking to the actual order. Still Company gave him pay for the said 3 days and also the pay of the immediately preceding holiday which was an *Id* day. So there was no violation of section 33 of the Act and the applicant did not suffer in any way, although he acted in a wrong way by absenting himself for the said 3 days. In the circumstances, we hold that there was no violation of section 33 of the Act and as such the petition under section 33A is not tenable and as such is rejected.

that under sections 7 and 10 of the Industrial Disputes Act, 1947 (Act of 1947), the Government of West Bengal, Labour Department, by No. 12Dis. D/10L-157/53, dated Calcutta, the 5th January 1954, referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the said Order of Reference.

SCHEDULE.

1. Are the workers entitled to wages for the lock-out period from the date the stay-in-strike was called off on 29th September 1953?

2. The dismissal of the workers justified? To what relief are the workers entitled?

3. Scales and grades of wages.

4. Paga Bonus for the year 1952.

5. To what retrenchment relief Shri Santinath Ballabh and Shri Chittaranjan Mallik, two workers in the Machine Shop, are entitled?

AWARD.

Issue No. 1.—Are the workers entitled to wages for the lock-out from the date the stay-in-strike was called off on 29th Sept 1953? Is the dismissal of the workers justified? To what relief are the workers entitled?

From the evidence it is clear that the stay-in-strike continued the 19th September 1953, up to the 28th September 1953 and that during this period a large number of workmen remained inside the factory in complete occupation of the plant and buildings. The lock-out period never continued up to the 11th November 1953. In this present reference I am not called upon to decide whether the workers are entitled to wages for the stay-in-strike period up to the 28th September 1953. On the 24th September 1953, the management dismissed all the workmen on the ground of the said stay-in-strike. The question is whether the continuation of the lock-out after the strike was called off was justified or not and whether the workers are entitled to wages for that period. The evidence it is clear that the occasion of the strike was a justified one. The workers were claiming a month's wages as bonus sometime before the strike. It is admitted that the management did not give any reply to the letter addressed by the Union. I do not believe that the management gave any oral reply to the said letter. This attitude on the part of the management was certainly an unfair labour practice. At the same time I cannot but hold that the manner in which the strike was continued was highly illegal. Unless the discharge of the workmen on the 24th September 1953 is shown to be illegal or unjustified, the said workmen cannot claim reinstatement and the issue as to whether the workers are entitled to wages for the period of lock-out after the said discharge order was passed, depends upon the decision of the important question as to whether the discharge order is to be maintained or to be reversed. If the discharge order is maintained, the question of payment of wages will not arise. The right to reinstatement depends upon the question as to whether the strike was or was not caused or prolonged by the employer's unfair labour practice and also upon the question whether the strike was illegal. A workman cannot be dismissed for joining a strike which is not illegal but which is simply unjustified and it has been held by the Full Bench in 1964, 2 L.L.J., page 372 that—

“the employer will however have the right to dismiss a workman joining an unjustified strike—

- (a) when the strike itself was not *bona fide*,
- (b) when the strike was launched on other extraneous considerations and not solely with a view to better the condition of the labour.

In the present case the strike was launched with a view to better the condition of labour and the strike itself was not wanting in *bona fide* character. The workmen had already addressed a letter to the management and the latter did not care to give any reply thereto. But it was a stay-in-strike continued for several days together and the evidence shows that during this period the occupation of the plants and buildings by the strikers, they caused damage to the property of the company. They burnt coal of the company for the purpose of preparing meals for the strikers, and it was found that some patterns or dies were also broken. The evidence also shows that the Manager of the company Shri Bishnu Pada Dutta, attempted to enter the factory on the 24th September 1953, but the strikers mobbed him there and he was turned out. On the 25th September 1953, i.e., on

day, the Manager, the Directors, Police and the Assistant Labour Commissioner, Howrah, came to the factory and the witness says that at time those damages were noticed. Ludwig Teller says that—

"Sit down strike is defined as occurring whenever a group of employees or others interested in obtaining a certain objective in a particular business forcibly take over possession of the property of such business, establish themselves within the plant, stop its production and refuse access to the owners or to the others desiring to work. Sit-down strike should more accurately be defined as a strike in the traditional sense to which is added the element of trespass by the strikers upon the property of the employer. All the cases have uniformly outlawed the sit-down strike".

"The Fansteel decision has placed a quietus upon further indulgence by labour in the sit-down strike."

Fansteel case is to be found reported in U.S.A. Supreme Court in 9, pages 305-307. The following extract from the said judgment will highly relevant in this case.

"The Company was guilty of unfair labour practice, but reprehensible as was that conduct of the company, there is no ground for saying that it made the company an outlaw or deprived it of its legal rights to the possession or protection of its property. The employees had the right to strike but they had no license to commit acts of violence or to seize their employer's plant. The seizure and holding of the buildings was itself a wrong apart from any act of sabotage. But in its legal aspect the ousting of the owner from lawful possession is not essentially different from an assault upon the officers of an employing company or the seizure and conversion of its goods, or the despoiling of its property or other unlawful acts in order to force compliance with demands. To justify such conduct because of the existence of a labour dispute or of an unfair labour practice would be to put a premium on resort to force instead of legal remedies and to subvert the principles of law and order which lie at the foundations of society. As the company's unfair labour practices afforded no excuse for the seizure and holding of its buildings, company has its normal rights of redress. Those rights include the right to discharge the wrongdoers from its employ."

"Those who were not actual sit-down strikers but aided and abetted the sit-down strikers—are not in a better position. So they also cannot as of right claim reinstatement."

this view of the law and regard being had to the circumstances of present case discussed above, I am of opinion that the sit-down strike is illegal and therefore the Management had the right to dismiss the strikers. From the evidence it is clear that all the workmen commenced sit-down strike and many came out at the close of the working hours of that day and still a large number continued to remain in occupation of the plants and buildings of the company for several days together. The workmen who actually did not remain inside the factory after the 19th September 1953 did not approach the management to attend to their duty in the factory during the stay-in-strike. The circumstances show that all the workmen were aiding and abetting the said stay-in-strike. Therefore my conclusion is that the dismissal of the workmen was justified and that the

workers are not entitled to get any relief nor they are entitled to get wages for the period of lock-out after the stay-in-strike was called off the 29th September 1953.

Issue No. 3.—Puja Bonus for the year 1952.

I find that the year ends with *Chaitra* corresponding to March. Therefore the claim for the Puja Bonus in September 1953 was for the year (April 1952—March 1953) corresponding to the year ending with *Chaitra* 1359 B.S. The balance-sheet produced by the company shows gross profit during that year at Rs. 5,688-2-6.

On behalf of the workmen it is claimed that “we claim bonus as condition of service”. It has not been shown that such bonus was uniformly paid for sufficient number of years or irrespective of profit and loss by the company. So I hold that the claim for bonus for the year 1952 has not been established.

Issue No. 2.—Scales and grades of wages.

In view of the findings under issue No. 1, issue No. 2 becomes immaterial inasmuch as the workmen concerned are not entitled to retrenchment. Moreover in view of the extent of profit earned by the company in recent years, I do not think it would be proper to make any long term arrangement such as scales and grades of wages.

Issue No. 4.—To what retrenchment relief Shri Santinath Ballabh and Shri Chittaranjan Mallik, two workers in the machine shop, are entitled?

It appears from the evidence that Santinath and Chittaranjan were both workmen in the lathe and that Santinath was an apprentice although he worked for about two or three years. It appears from the evidence that the Machine Department has been stopped and the state of things is still continuing. The proprietors have got another business, viz., Hope Engineering Works, the factory of which is close to this factory in question. It appears from the evidence that the machine work for this Howrah Foundry Works is being done in the machine department of Messrs. Hope Engineering Works. In these circumstances an apprentice cannot claim a retrenchment relief.

Chittaranjan Mallik was a workman in Hope Engineering Works about four months' before his discharge in question, he was transferred to this Howrah Foundry Works from the said Hope Engineering Works as he succeeded one Ashutosh who was transferred from Howrah Foundry Works to Hope Engineering Works.

It appears from the evidence that the stopping of the machine department in Howrah Foundry Works was an act of rationalisation because Santinath himself admits that even when he and Chittaranjan were working in the lathe in the Howrah Foundry Works, many things of the Howrah Foundry Works used to be taken to the Hope Engineering Works for being done in the lathe over there, and that there are eight or ten lathe machines in that factory. Chittaranjan's total period of service including that rendered in Hope Engineering Works is not in evidence. So as to retrenchment relief he should get three months' wages including dearness allowance, if any, less what may have been already paid by the company.

to him. Payment to be made within seven days from the date of publication of the award in the *Calcutta Gazette*.

Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta and their workmen represented by Kohinoor Rubber Works Workers' Union, 14, Girish Chandra Bose Road, Calcutta-14, regarding the matters specified in the schedule thereto was referred for adjudication to the Second Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, complaint was filed before it against the said Company by Dud Mian and 366 other workmen of the said Company alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

the matter of an application under section 33A of the Industrial Disputes Act, filed by Dud Mian and 366 others, C/o. Kohinoor Rubber Works Workers' Union, 14, Girish Chandra Bose Road, Calcutta-14, against their employers Messrs. Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, arising out of Government order No. 4534Dis./D/10L-173/54, dated 23rd September 1954 (Case No. 193 of 1954).

FORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

For the Company: Shri Sailes Ch. Sen, Advocate.

For the Union: Shri D. L. Sen Gupto, Advocate with Shri Santi Sen, President.

AWARD.

This is an application under section 33A of the Industrial Disputes Act, filed by Dud Mian and 366 other workmen of Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, against their employers for full wages for

the period from 2nd October to 13th October 1954 alleging among other things that the Company had illegally closed the factory during the said period and thereby altered the conditions of their service and punished them for their active association with the newly formed union. It further alleged that even if the closure was taken to be a *bona fide* case of lay off, employers were bound to pay them 50 per cent. of the wages for that period as lay off compensation under the Act.

The Company resisted this application mainly on the ground that it was not maintainable for the alleged action did not contravene the provisions of section 33 of the Industrial Disputes Act. The factory was closed for genuine trade reasons for that period.

Shri S. C. Sen, learned advocate for the Company, at the time of opening of the case said that the application was not maintainable for the Company in declaring a lockout in the circumstances of the case did neither alter the conditions of service or punish the workmen by dismissal or otherwise as mentioned under section 33 of the Industrial Disputes Act. Shri D. Sen Gupto, learned Advocate for the Union, contended that even in a case of lay off, the workers could be punished and in that way, the facts of the case attracted the provisions of section 33 of the Act. At the time of argument, the learned Advocate however did not press the application as suggested that the decision in the case should not stand in the way of their getting a reference under section 10 of the Industrial Disputes Act from the appropriate Government.

The facts are not disputed. It appears from the notice, Annexure to the application that due to huge accumulation of stock, the management was compelled to announce that the factory would remain closed from 2nd October 1954 to 12th October 1954. The factory would reopen on 13th October 1954. That the factory was closed during this period is admitted on both sides. That in the circumstances, establishes a case of lockout and also a case of lay off. It has been held by the Labour Appellate Tribunal in the case of *Colliery Mazdoor Congress, Asansol* that lockout does not come within the ambit of section 33 of the Industrial Disputes Act (1952, L.A.C., page 219). In the view of the matter, the workers' application under section 33A of the Industrial Disputes Act is not maintainable in law. The workers will, so advised, have the liberty to approach the State Government for reference of the matter in dispute under section 10 of the Industrial Disputes Act, if it is not amicably settled in the meantime. The application is, therefore, rejected.

in the matter of an industrial dispute between Messrs. Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, and their four workmen, represented by Kohinoor Rubber Works Workers' Union, 14, Girish Chandra Bose Road, Calcutta-14.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI M. N. GAN, *Judge, Second Industrial Tribunal.*

for the Union: Shri D. L. Sen Gupto, Advocate with Shri Santi Sen, President.

for the Company: Shri Sailesh Ch. Sen, Advocate.

AWARD.

This industrial dispute between Messrs. Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, and their four workmen represented by Kohinoor Rubber Works Workers' Union, 14, Girish Chandra Bose Road, Calcutta-14, regarding their dismissal from service was referred to this Tribunal for adjudication under Government of West Bengal, Labour Department, order No. 4534Dis./D/10L-173/54, dated the 23rd September 1954.

Both parties filed their written statements.

In the workers' written statement, the workmen stated that since the formation of the present Union of workers with Shri Santi Sen as its president, the workmen held public meeting near the factory gate. Janab Abdul Rezzak, Rahman, Baduruddin and Akbar, four workmen, organised the meeting and collected subscriptions from the members of the Union. The management did not take this with good grace and all on a sudden discharged Abdul Rezzak from service on 25th May 1954 without giving him any chargesheet and any opportunity to put up his defence. Akbar and Baduruddin were discharged in the same way on 7th June 1954 and Rahman on 14th June 1954. This action on the part of the company was most arbitrary and in violation of the principles of natural justice. The workmen, therefore, prayed for their reinstatement with back wages for the entire period of their unemployment.

The Company in its written statement denied the Union's case, contested it and contended *inter alia* that the four workmen and few others were found intimidating the workmen for subscription of the Union and behaved insolently with their supervisors whenever the latter asked them to do their business within the factory. The management severely warned these workmen. After being warned, the workmen absented themselves from duty and joined with outsiders and raised slogans and intimidated the other workmen apprehending disciplinary action from the management.

The Company expressed their inability to take back these workmen service.

The issue is—

- (1) Is the termination of service of (1) Janab Abdul Rezzak Rahman, (3) Badruddin, and (4) Akbar justified? To what are they entitled?

FINDINGS.

Abdul Rezzak, Rahman, Badruddin and Akbar have deposed in case in support of their claim for reinstatement with back wages. Of Rezzak and Badruddin are members of the executive committee of workers' Union. The remaining two are ordinary members of the Union. They denied having ever collected any subscription by force from the men or having collected it within the factory premises during work hours. They however said that the Manager, Aziz Saheb took them to and warned them with threats of dismissal for their joining the workers' Union. They denied having absented themselves from duty as alleged the side of the management for fear of disciplinary action for misconduct. This evidence is *ex parte*. They were cross-examined by Shri S. C. Sen, learned Advocate for the company, who suggested that they absented themselves from work for fear of disciplinary action and that the management did not dismiss them. This suggestion is not evidence has not been accepted by the witnesses. Shri S. C. Sen, in the circumstances disclosed in his petition, withdrew from the case on the day of its argument as he failed to produce any witness on behalf of the management in the case. In all probabilities, the story of the management that the workmen absented themselves from duty or voluntarily resigned for fear of disciplinary action is not true. The Manager, Aziz Saheb, dismissed them without assigning any reason whatsoever and without a chargesheet enquiry. This is a clear violation of the principles of natural justice. The Tribunal is, therefore, competent to go into the merits of the case and see for itself whether the action of the management is justified or not. The evidence is recalled. It establishes the workers' case and disproves the case of the management. It may be mentioned here that mere absence from work as alleged by the management does not automatically terminate the service unless the Standing Orders specifically provide for it. The management did not make any endeavour to prove any such case. On a scrutiny of the entire evidence, the Tribunal finds that the termination of service of the four workmen is wholly unjustified.

The normal relief in all cases of wrongful dismissal is reinstatement on the facts and in the circumstances of the case, the four workmen should be reinstated. Three of them are without any employment and one is on temporary work now and then since discharge. As the action of the management is arbitrary and illegal, the workmen are entitled to full wages to be calculated on the average earnings of the last three months before dismissal for the entire period of their unemployment. They will be required to return to duty in the office of the factory within seven days from the date of the publication of this award or when the factory is reopened, whichever is later. This is my award.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, filed by Basanti Musammat, a workman of Imperial Jute Press, under Shew Govin Tewari alias Bal Govinda Tewari, Labour Contractor, Salkia, Howrah, against the aforesaid Labour Contractor, represented by Jute Press Workers' Union, 1, Joy Bhattacharjee Lane, Calcutta (Case No. 182/33A/53).

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL,

PRESENT:

SHRI MOTILAL CHAKRAVATTI, District Judge, Judge, Sixth Industrial Tribunal.

Appearances.

For the workman: Shri Panchanan Bhattacharjee, President, Jute Press Workers' Union.

For the Labour Contractor: None.

The original reference out of which this case has arisen was made under Government order No. 2180Dis./D/7L-44/52, dated the 8th August 1952, read with addendum No. 3062Dis./D/7L-44/52, dated the 10th November 1952, read with Government order No. 4740Dis./D/7L-32/53, dated the 12th December 1953.

Petitioner Basanti Musammat alleges that she was a workman in Imperial Jute Press under the Labour Contractor Shri Sew Govinda Bal Govinda at Rs. 60 per month and that she had put in 35 years of service and that she has been discharged on 27th August 1953, i.e., during pendency of the reference case, without any reason whatsoever. She petitioned for reinstatement and for payment of full emoluments for the period of forced unemployment. The Labour Contractor Sew Govinda contends his written statement that he is a contractor not of Messrs. Imperial Jute Press but to Messrs. Fibre Manufacturer and Exporter Company, Limited for supply of labour to the said firm as balers of Messrs. Imperial Jute Press and that Basanti Musammat was a daily rated labourer on the system of "work, no pay" and that she herself left the work on 27th August 1953 of her own accord and that the opposite party, viz., Sew Govinda will never employ if Basanti Musammat likes to take up employment and continue her service under him even now.

AWARD.

The opposite party did not adduce any evidence and did not turn up for the hearing. The evidence of Basanti Musammat goes unchallenged. She deposed in a straight forward manner and from her testimony I find that originally she was a daily rated worker but for the last nine years she was a monthly rated labourer under the Jute Press contractor Sew Govinda Bal Govinda (which is the name of his deceased brother). The contention of the contractor that he is a contractor to the Jute Press and not to the Fibre Manufacturer and Exporter Company, Limited has not been at all made out by any sort of evidence. The evidence adduced negatives the contention of the opposite party. I find that Basanti Musammat was a monthly rated labourer under Sew Govinda Bal Govinda and that the said contractor was a party to the reference case in question and I also find that Basanti Musammat has been summarily discharged on 27th August 1953, without any reason whatsoever. There is no evidence to show that she is entitled to reinstatement and also to her full wages for the period of forced unemployment up to the date of reinstatement. She is now out of employment since the said discharge. Payment and reinstatement be made within seven days from the date of publication of the award in the *Calcutta Gazette*.

ANNEXURE.

In the matter of an industrial dispute existing between Messrs. Imperial Tobacco Co., Ltd., 37, Chowringhee, Calcutta-16 and one of their employees, Shri G. C. Boral, as represented by the Imperial Tobacco Co., Indian Employees' Union, 212, Maharshi Debendra Road, Calcutta-7.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

PRESENT:

SHRI MOTILAL CHAKRAVATTI, *District Judge, Judge, Sixth Industrial Tribunal.*

Appearances.

For the Company: Shri Dhanji Jalbhai Dhanbhora, Manager, Legal Department and Shri Anand Mohan Sharma, Labour Adviser, Messrs. Imperial Tobacco Company of India, Limited, Calcutta.

For the employee Shri G. C. Boral: Shri S. K. Acharya, Counsel, Shri P. C. Borooah and Shri J. Pandey, an officer of the Tobacco Workers' Union of B.P.N.T.U.C.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Government of West Bengal, Labour Department, by order no. 2288Dis./D/111-33/54, dated Calcutta, the 29th April 1954, referred the fore-said dispute for adjudication to me regarding the matters specified in the schedule to the said Order of Reference.

SCHEDULE.

- (1) Is Shri G. C. Boral entitled to a special retiring benefit at Rs. 250 per month as promised by Mr. R. G. Baker in his letter, dated 26th June 1935?
- (2) To what compensation is he entitled for his service in the Company from July 1935 up to the date of termination of his service?

Shri G. C. Boral contends that he was appointed by Messrs. Imperial Tobacco Company of (India), Limited, in July 1923 on Rs. 35 per month and in 1927 he was promoted as a Cashier on Rs. 100 per month and that in 1935, when there was a great agitation in the country in favour of boycott of British goods including cigarettes, the Imperial Tobacco Company decided to start a new Company under the style of All India Tobacco Company, Limited and in order to give a complexion that it was an Indian concern altogether, G. C. Boral was set up as its one of the Directors and it was agreed in writing that he was a mere *benamdar* of Raleigh Investment Company, Ltd., of Great Britain, the actual financier of the said All India Tobacco Company, Limited and that the shares ostensibly in the name of G. C. Boral virtually belong to Raleigh Investment Company, Limited. Shri G. C. Boral also contends that Mr. Baker, the then Chairman of Imperial Tobacco Company gave an assurance in writing to G. C. Boral by a private and confidential letter

(Annexure B to the written statement of Shri G. C. Boral) that Shri Boral, as a consideration for his services to the said All India Tobacco Company, Limited, as aforesaid will be paid at the rate of Rs. 250 a month time on his retirement from service. Boral contends that in 1941, he promoted to the post of Chief Cashier in Messrs. Imperial Tobacco Company and that as Cashier he was placed under the direct supervision of the Office Manager, who was the representative of the Accountant for the purpose of "checking of the cash, cash book, and all other matters concerning which Shri Boral was concerned".

Shri G. C. Boral alleges that he used to make advances out of the company fund kept with him to the Office Manager, Mr. Pereira under the latter's orders, against slips and also against cheques held in abeyance, and that on the 28th July 1952, such advances against cheques and slips made over to the said Office Manager Mr. Pereira, amounted to Rs. 6,750 (cheques Rs. 3,600 and slips Rs. 3,150). In paragraph 21 of the written statement, Shri Boral alleges—

"the said amount by way of advances against the said Office Manager was abnormal and that the said advances had remained unrecalled for too long a time".

Boral contends that on the 28th July 1952, Ext. 11, he brought it to the notice of the Chairman of Messrs. Imperial Tobacco Co., that—

"the office Manager took a sum of Rs. 6,750 against cheque and slips and vouchers and whenever I (G. C. Boral) asked him for the amount he asked me in writing to hold them over as he took the amount on account of the Company. I require vouchers for adjustment towards proper items of expenditure. Please do needful".

On the 29th July, the Chairman of the Company (Imperial Tobacco Company) called G. C. Boral to his office and indicated his "disapproval of the procedure of making such advances to Mr. Pereira" and that immediately the Chairman dispensed with his services and that G. C. Boral further threatened that he would be made over to the Police on a charge of defalcation and that he would forfeit his retiring benefits and that by this Shri G. C. Boral to such fear a resignation letter was obtained from him by coercion and undue influence. Boral contends that the Chairman asked to pay down the sum of Rs. 3,585 and odd, i.e., the amount not covered by any cheques and that in default G. C. Boral would not be permitted to receive himself of the retiring benefits and that accordingly Boral paid down the sum under protest. He contends that his termination of service by the Company was wrongful and unjustified and that Boral is innocent and that he has been victimised for the acts of omissions and commissions on the part of the Office Manager Mr. Pereira and that the Company acted mala fide in not recognising the slips given by the said Office Manager Mr. Pereira to him as valid authority for making such advances. Boral contends that Mr. Pereira and that Boral was not given any charge-sheet and that principles of natural justice have been violated. He claims Rs. 62,567 as compensation for loss of service, representing the amount which Shri Boral might expect to receive for a period of six years had there been no such unlawful termination of his service. He also claims gratuity at the rate of Rs. 365 per month for 35 years of service, rendered by him and he also claims Provident Fund Special Gift equivalent to six months basic pay at the rate of Rs. 365 per month, (total Rs. 2,190) and he also claims refund of the amount of Rs. 3,150 which has been realised from him by the Company although Mr. Pereira is responsible for it. He also claims Rs. 48,000 (at the rate of Rs. 250 per month) for the period from 1935 to 1950 and bonus Rs. 1,095 for 1952 and Rs. 1,130 as leave salary.

The contentions of the Company are that (1) as the dispute is an industrial one, the Tribunal has no jurisdiction to adjudicate nor had the Government any jurisdiction to make reference to the Tribunal, (2) Boral's claim for compensation as a Director of All India Tobacco Company, Limited, is not an industrial dispute between Messrs. Imperial Tobacco Company and its workmen and therefore the reference is bad in law and (3) further Boral's claim arose after the termination of his services on the basis of voluntary resignation, therefore there is no industrial dispute within the meaning of Industrial Disputes Act. It is contended by the Company (4) that Boral is a nominee of Raleigh Investment, Limited, the real holder of the shares sensibly in the name of Boral and that Imperial Tobacco Co., Limited, has sensibly in the name of Boral and that Imperial Tobacco Co., Limited, has no concern with All India Tobacco, Limited. It is contended (5) that the Chairman Mr. Baker had no authority to bind the Company by making an assurance which is attributed to him by Shri Boral in Annexure B. The delegations of Imperial Tobacco Co., Ltd., are that (6) as a cashier Boral was not bound to make any payment against slips or against cheques held in his possession and that such payment out of the Company's fund in the absence of a valid voucher signed by the Office Manager was entirely irregular and improper. The Company contends that on the 29th July 1952, it discovered as a result of a surprise check that Shri G. C. Boral had advanced money against cheques and slips and that (7) Boral tried to conceal those facts from the knowledge of the Company. (8) The Company denies that Boral was threatened or that any coercion or undue influence was exercised on him. The Company states that (9) as Shri G. C. Boral has not left the services of the Company "in good standing" he is not entitled to receive any of the items claimed by him. It also denies that Boral was told that he could be permitted to "avail of the retiring benefits provided he refunded Rs. 3,585-9-3" and that Boral did not produce any slips of Mr. Pereira when a shortage of Rs. 3,585 was detected.

AWARD.

There are only two issues in this reference. Issue No. 1 and Issue No. 2 appear to relate to the same thing, viz., the services rendered by Shri G. C. Boral to All India Tobacco, Limited, relying on the alleged letter of Mr. Baker, dated 26th June 1935. The said letter of Mr. Baker is now stated to be missing and Boral could not produce it before the Tribunal nor an authentic copy thereof. In course of hearing the Issue No. 1 was given by Board's lawyer in view of the abovementioned circumstances. Moreover, Shri G. C. Boral could not produce any document to show that Mr. Baker had any authority to issue such assurance to Shri G. C. Boral on behalf of the Company Messrs. Imperial Tobacco Company in connection with the services to be rendered by Shri G. C. Boral to All India Tobacco, Limited. Issue No. 2 also harps on the same string as Issue No. 1. Issue No. 1 seems to be the contractual liability whereas Issue No. 2 appears to be equitable relief arising out of the same matter covered by Issue No. 1. It is admitted that Shri G. C. Boral has been paid up his Provident Fund including the Company's contribution thereto, in full. There is no question before me as to whether Shri G. C. Boral is to be reinstated or not or whether he is entitled to because of his wrongful termination of services whether he is entitled to any gratuity for the services rendered to Imperial Tobacco Limited. In Issue No. 2 only the service from July 1935 up to the date of termination of service has been mentioned, although the fact remains that Shri G. C. Boral served the Imperial Tobacco Company, Limited, from July 1935 up to the date of his alleged resignation. However the issues which have been canvassed at the hearing were whether Shri G. C. Boral made any allegation of Company's money, whether he was guilty for the advances made by him to Mr. Pereira against cheques and slips, whether the letter of

resignation was forcibly taken from him, whether Shri G. C. Boral was any opportunity to explain his conduct.

The objection that the dispute is an individual one is ruled out. The of Shri G. C. Boral was taken up by the Imperial Tobacco Co. Ltd. Employees Union, moreover the dispute has been held by the Government to be an industrial dispute existing between Messrs. Imperial Tobacco Limited and Shri G. C. Boral, represented by the Union. Section 10 of Industrial Disputes Act provides—

“Where the appropriate Government is of opinion that any industrial dispute exists or is apprehended,.....”

This clearly indicates that the existence of the basic facts which give power of reference to the Government is left to the *subjective satisfaction* of the said authority concerned and *not to the judicial determination* of authority. Moreover the Tribunal is not a court of law and therefore has no jurisdiction to examine whether the basic facts to ground such subjective satisfaction of the Government are wanting or not. The Supreme Court has not decide in *State of Madras vs. C. P. Sarathy*, 1953, 1 L.L.J., page 484 that—

it would be open to a party to a reference to show before the Tribunal adjudicating the reference itself that what was referred by Government was not an industrial dispute within the meaning of the Act.

In the said reported case the award passed by the Tribunal was impugned before a court of law and not before the Adjudicating Tribunal. The next contention of the Company is that as Boral claims to be a Director of All India Tobacco Company, Limited, he is not a workman and the award against him is not maintainable before the Tribunal. I need not decide this question because obviously G. C. Boral was a Director of Messrs. All India Tobacco Company, Limited, which is a different concern altogether. It is no body's case that he was a Director of Messrs. Imperial Tobacco Company of India, Limited. All India Tobacco Company, Limited, is not a party to this reference case. So the question whether Boral was a Director of All India Tobacco Company, Limited, is not relevant in this present proceeding. The third contention of the company is that the present claims of Shri Boral arose at a point of time long after the termination of his service and therefore the resignation letter and therefore the claims do not make out an industrial dispute within the meaning of Industrial Disputes Act. I have already observed that it is the absolute jurisdiction of the Government and not of the Tribunal to form any opinion as to whether the dispute in this case is an industrial dispute or not. When the Government has referred this dispute to the Tribunal being of the opinion that it was an industrial dispute and that such a dispute exists, the Tribunal cannot examine that point while adjudicating the dispute referred by the Government. It has been held in the above reported case *State of Madras vs. C. P. Sarathy*, that by making a reference under Section 10, the Government is doing an administrative act. This Tribunal has no jurisdiction to sit in judgment over the said administrative act of the Government. However, I should decide the question on merits as follows. According to the written statement of the Company, the company had no knowledge before the 29th July 1952, that there was any shortage of money in the hands of the cashier Shri G. C. Boral. The Company's contention is that on that very date shortage of Rs. 3,585-9-3 was detected as against Shri Boral and on that very date an investigation was made after the said shortage was detected. Explanation of Shri G. C. Boral was taken on that very date. The letter of resignation was obtained from Shri Boral on that very date. The alleged shortage of money was recovered from Shri Boral on the 29th July 1952 and on that very date Boral was paid his Provident Fund under Ext. C and his salary and dearness allowance for July 1952.

Ext. C(1). Everything from beginning to end was finished on that very date.

Boral's contention is that he was compelled to sign receipts Exts. C and C(1) and also the letter of resignation. In this setting of facts it appears to be highly strange that the report of the Accountant Mr. Hunter which disclosed the shortage of Rs. 3,585-9-3 in the contingent cash in the hands of the cashier Shri G. C. Boral and which according to the Company Boral could not account for, was submitted by Mr. Hunter on the 31st July 1953 Ext. B). It was like putting the cart before the horse. Everything was done in an inordinate hurry and I am convinced that Shri G. C. Boral was not given even a jot of time to think over the question, of submitting any letter of resignation. Boral contends that on that very date, viz., 29th July 1952, he produced some slips issued to him by Mr. Pereira, and on the basis of which he contends, he made advances to him but the Company's Directors did not take any cognizance of the said slips. In the evidence the Company's case is that no slip was ever produced before the Directors of the Company and that these are all forgeries or fabrications, but in this connexion I may refer to paragraph 17 of the written statement of the Company wherein the Company states—

"The Company made surprise check on the 29th July 1952 and discovered the discrepancies in the cash and came to know that Shri Gour Chand Boral advanced money *against cheque and slips*".

It is now too late for the company to contend that on the 29th July, Boral did not produce any slip at all. In these circumstances I accept the contention of Shri Boral that the written statement (Ext. A), dated 29th July 1952, was not entirely voluntary and that the expression "I paid Mr. Pereira a further sum of Rs. 3,660 *against which I hold no note of hand*" was an inspired one and it was thrust upon Shri G. C. Boral by Mr. Hunter, Company's witness Mr. St. John, Finance Director, deposed that Exts. 5, 6 and 7 appear to him to bear the initials of Mr. Pereira. Mr. Pereira is not in service. It appears from the evidence that on the 29th July 1952, a resignation letter was obtained from him without any attempt being made at all to recover from him the money which Shri Boral alleged to have advanced to him out of the Company's contingent cash. Palpably the Company did not make out evenhanded justice as between Shri Boral and Mr. Pereira. I should say that the Company was rather biased in favour of Mr. Pereira. I believe the slips to be genuine and I hold that Shri G. C. Boral made advances out of the contingent cash to Mr. Pereira on the basis of the cheques and slips in question and thus there was the abovementioned shortage of money.

In view of the circumstances discussed above I cannot hold that the expression in the receipt Ext. C(1) that Shri Boral received the money stated therein in full and final settlement against the Company was a voluntary statement of Shri G. C. Boral. It was the statement of the Company itself and I hold that Shri Boral was compelled to sign it.

In these circumstances I must hold that the claim for compensation against the Company which is now the subject matter of the reference case actually arose at the time of his termination of his service and not later on. It is a dispute connected with the "non-employment and the terms of employment" of Shri G. C. Boral. Boral was not given any time at all to demand compensation and other compensation at the time of his forced resignation. In view of the facts proved in this case I hold that the present claims arose out of the termination of the services of Shri G. C. Boral and not at any point of time after the said termination of service. So, the technical objection raised by the Company fails. From the evidence and from the statement

in the written statement of Shri Boral it appears clearly that he advanced money out of the contingent cash in his hands to Mr. Pereira knowing full well that Mr. Pereira was taking the said money for his personal use. Shri Boral could not explain satisfactorily why he advanced money to Mr. Pereira on cheques although Mr. Pereira had instructed him to present the same to any Bank for encashment. Shri Boral could not explain satisfactorily why he did not bring such irregular and improper conduct of Mr. Pereira to the notice of the higher authorities. It has been argued on behalf of Boral that he believed that Mr. Pereira was taking the money for the purpose of the Company. I cannot accept this contention to be true. Shri Boral himself produced in evidence a copy of letter Ext. 11 which clearly shows that Shri Boral knew that the moneys which he had advanced to Mr. Pereira were not taken by Mr. Pereira for the purposes of the Company. Shri Boral knew very well that the said money was to be recovered from Mr. Pereira and therefore Boral's case is that he asked Mr. Pereira to return the said money from time to time. In paragraph 21 of his written statement Boral states:—

“that the said money remained unrealised too long a time”,

and therefore, Boral thought it fit to bring it to the notice of the Chairman of the Company without any further delay. All these circumstances established that Boral knew from the outset that Mr. Pereira had been taking money from him by cheques (held in abeyance) as well as by slips on understanding that he would refund the same. This sort of payment of contingent cash to the Office Manager Mr. Pereira for his personal use is clearly a gross misconduct on the part of Shri G. C. Boral. It was his weakness that he could not report against Mr. Pereira to the higher authorities at the proper time because Mr. Pereira was the person entrusted with the duty of checking of the cash in the hands of the cashier Shri G. C. Boral and was Mr. Pereira himself was requesting Boral for such money out of the contingent cash. Boral thought that he was safe in the hands of Mr. Pereira. This weakness on the part of Boral (the cashier), cannot be held to be a justification for making such improper advances of money out of the company cash. It is true that Shri Boral has been landed into such plight by his Office Manager Mr. Pereira, but the fact remains that Boral was really guilty that he parted with the company's cash in favour of Mr. Pereira for his private purposes. I hold that his termination of service is, therefore, just although it was done in hurry. It appears that the company took some lenient view and therefore did not withhold payment of the Company's contribution to the Provident Fund of Shri Boral. The said contribution interest thereon have been paid down to Shri Boral at the time of termination of his services, although under the law the Company could have withheld payment.

Issue No. 1 has not been canvassed at the hearing and it was given up by Boral's lawyer and I find that there is no evidence to show that Mr. Boral gave any assurance to Shri G. C. Boral for payment of any retainer fee at the rate of Rs. 250 per month for the services to All India Tobacco Company. Mr. Baker gave such assurance as the Director or Chairman of Imperial Tobacco Company, Limited, or that he had any authority to give any assurance at all binding upon the company, viz., Imperial Tobacco Company of India, Limited.

Under Issue No. 2 I hold that Boral is not entitled to any compensation from Imperial Tobacco Company for his services in All India Tobacco Company, Limited, from July 1935 up to the 29th July 1952, i.e., the date of his termination of service. As Shri G. C. Boral is guilty of improper conduct as cashier of the company he is not entitled to get any compensation from the company for his past services as cashier to Imperial Tobacco Company of India, Limited, nor as the office bearer in All India Tobacco

company, Limited, so far as the present reference proceeding is concerned, or his services to All India Tobacco Company, Limited, he may go to Civil Court if so advised, but the Tribunal cannot give any relief to Shri G. C. Boral under either of the two issues in the present reference case. As the order of resignation was taken from Boral by undue influence and coercion, the fact is that it was not a voluntary resignation but a dismissal. Admittedly the dismissal was not preceded by any formal charge-sheet. It has not been shown to me that there is in existence any Standing Orders of this Company requiring any such charge-sheet to be given before dismissal for serious misconduct. It is not a case of mere shortage of money. It is the contention of Shri Boral that he was not given time to explain how such shortage occurred. This argument would have been relevant if it were a case of mere shortage of cash. On the other hand, it was rather admitted by him that the shortage was due to his having made advances out of the contingent fund (cash) to Mr. Pereira. The evidence shows that Boral knew all the time that Mr. Pereira was taking such money from him out of the said cash for his personal use. If really Boral had understood that Mr. Pereira was taking the money from Company's purposes, certainly Boral would not have the idea that the money was to be refunded by Mr. Pereira and in that case Boral would not have asked Mr. Pereira for such refundment. I do not decide the question whether Shri G. C. Boral is under the law entitled to recover from the company the amount covered by the slips issued by Mr. Pereira, i.e., amount which the Company has realised from him (G. C. Boral) by receipt Ext 9; That is a matter to be decided by the Civil Court. It is not the case of a single instance of misconduct on the part of the Cashier (Shri Boral). Shri Boral knowingly lent himself to be a party to the collusion and conspiracy and I hold that Boral's misconduct was a very serious one which called for summary dismissal. Summary dismissal for misconduct on a single occasion only was held to be justified in *Boston Deep Sea Fishing & Ice Company versus Ansell* (1888), 39 Ch.D. 339. It has been held by the Privy Council that—

"Summary dismissal is a drastic step and if it is to be excused, the acts or neglects of the servant of which complaint is made must be of a serious nature and such as to show that he is not carrying out his part of the bargain in a manner going to the root of the contract".

(AIR 1940 P.C. 101.)

The conclusion is that summary dismissal was quite proper and adequate punishment for Shri Boral in view of the series of misconduct on his part discussed above. So he is not entitled to get any gratuity or any retiral benefits for any part of his service under Messrs. Imperial Tobacco Company Limited.

DECISION.

Issue No. 1.

The 25 workmen as named in list "A" were retrenched, out of who bearing serial Nos. 1 to 22, with effect from 31st December 1953, and remaining 3, bearing serial Nos. 23 to 25, prior to amendment of the Industrial Disputes Act introducing section 25F. During hearing Howrah Loha Karkhana Mazdur Congress (hereafter called the Mazdur Cong) representing the workmen, abandoned claim for reinstatement and put only claim for compensation. So the question whether the retrenchment was justified ceased to be material and is not gone into.

Mazdur Congress contended that those who were retrenched with effect from 31st December 1953 were eligible to compensation as provided in section 25F of the Act and those three who were retrenched prior to introduction of the said section should be given compensation analogous to the one provided under the said section.

Of the 22 workmen retrenched with effect from 31st December 1953, workman, Shri Sew Shankar (Serial No. 6) and workman, Shri K. Mondal (Serial No. 17), have since the reference died. As there is no provision for substitution for heirs and as there can be no award in favour of dead persons, claim relating to them cannot be sustained.

The evidence further shows that out of 22 retrenched workmen, namely, Asharfilal (Serial No. 3), Jung Bahadur (Serial No. 8), Nag (Serial No. 11), Sarat Chandra Patro (Serial No. 13), Kamala (Serial No. 17) and Narendra Nath Majhi (Serial No. 18), were since taken back in employment by the Company. The fact of subsequent re-employment, in my opinion, makes no difference. The workmen have still a right to compensation under section 25F if they fulfil the necessary condition of re-employment cannot, therefore, deprive those workmen of their legitimate compensation.

To be eligible to the benefits of section 25F, the first condition to be fulfilled is that, a workman must have been in continuous service for not less than one year. The Company contended that most of the workmen have not continuous service but breaks. In support, the Company submitted statement (Ext. D) showing the period of service of each of these 22 workmen. From the said statement it was said that most of the workmen were not eligible to the benefits under section 25F as they had no continuous service of one year or more. The contention of the Company cannot be upheld. The Company did not take such plea notwithstanding the assertions by the workmen in their written statement that they had been in continuous service for the period as shown in the annexure to their written statement. "Continuous service" as defined in clause (a) of section 2 of the Act means "uninterrupted service, and it

service which may be interrupted merely on account of sickness or authorised leave or an accident or a strike which is not illegal, or a lock-out or a cessation of work which is not due to any fault on the part of the workman." Section 25B of the Act defines what is one year of continuous service. It lays down that for the purposes of section 25C and 25F, a workman who during a period of twelve calendar months, has actually worked in an industry for not less than two hundred and forty days shall be deemed to have completed one year of continuous service in the industry. In view of these provisions, it cannot be said merely from the gaps as shown in Ext. D that the workers concerned had not been in continuous service for a period of one year or more before retrenchment. The interruptions, if any, might as well be due on account of sickness or authorised leave or an accident or a strike which is not illegal, or a lockout or a cessation of work which is not due to any fault on the part of the workmen. In any case, when the Company did not plead these interruptions, the workmen concerned owned no responsibility to explain them. In the written statement as also in their evidence the workmen claimed that they had continuous service. In the circumstances it was on the Company to prove that the interruptions were not due to any of the factors which did not interrupt employment. When the Company has not adduced evidence to show that the interruptions were not due to those factors, I accept the case and evidence of the workers that they had been in continuous employment before retrenchment. Judged by the standard laid down in section 25B, it appears even from the statement, Ext. D, that all the workmen concerned except Shri Sarat Chandra Patro (Serial No. 13) had been in continuous service for not less than one year before retrenchment. Thus these workmen fulfilled the first ingredient of section 25F.

No doubt all the 22 workmen were temporary hands and were not permanent though according to Standing Orders, on which the Company relies, they became eligible to be made permanent by length of service, but this would make no difference. Whether a workman is temporary or permanent is not a relevant consideration regarding applicability of section 25F. Any workman whether temporary or permanent doing continuous service for not less than one year will be eligible to the rights under section 25F.

Then under clause (a) of section 25F, a workman who has been in continuous service for not less than one year is, before retrenchment, entitled to one month's notice or one month's wages in lieu of notice. In the present case the Company did not admittedly serve such notice or pay one month's wages in lieu of such notice. The Company claimed to have posted a notice (Ext. B) on the notice board on 28th December 1953 terminating employment of the 22 workmen from 31st December 1953. The learned counsel on behalf of the Company contended that when there was provision in Standing Orders for 48 hours notice for termination of employment, the provisions in clause (a) of section 25F would not apply. I am unable to uphold the said contention. There is nothing to show that the Standing Orders sought to be enforced were certified and became service conditions for the employees. Besides the provisions as laid down in clause (a) of section 25F, would, in my opinion, override the provisions in the Standing Orders even if they were certified and applicable to the employees. It was contended on behalf of the Company on the basis of the proviso to clause (a) of section 25F, that no notice was necessary as there had been an agreement between the parties on 24th November 1953.

To understand the contention it will be necessary to state certain facts leading to the dispute. The workmen of this Company made a demand on 19th January 1953 regarding festival holidays (*vide* Annexure "C" to Company's written statement). Thereafter the workers submitted on 26th March 1953 a charter of demands regarding various subjects including one demanding that the temporary workers who had served between 1 and 5 years should be made permanent. The said demand for permanency is embodied in item No. 7 of the charter of demands (*vide* Annexure "D" to the Company's written statement). The Company in reply to the demand regarding permanency of the temporary workmen stated that it was passing through a slump in the business owing to general trade depression and that it could not make these workmen permanent and that, on the contrary, there would be no improvement in the position of the business. By the end of April 1953, it would be under painful necessity of retrenching the workmen by 50 per cent. and that in that case the principle of "last come, first go" as recommended in the award of Shri P. R. Mukherji would be followed (*vide* Annexure "E" to the Company's written statement). Then conciliation proceedings started before the Labour Officer. The parties were duly represented. The workers, it appears, were represented by the President of the Mazdur Congress. There were discussions about the demands of the workers on various dates and ultimately there was an agreement on 24 November 1953 which was signed by the workers' representative, Company representative and the Conciliation Officer (Ext. A). Item No. 5 in the said agreement reads as follows:—

"A few workmen not made permanent according to Standing Orders, the Company will either be made permanent or will be retrenched with due retrenchment benefits by the end of 1953. Certificates would be issued to those retrenched."

The Company contended that the 22 workmen concerned were retrenched with effect from 31st December 1953 on the basis of the above provision in item No. 5, and as it was so done on the basis of an agreement no notice was necessary. The Mazdur Congress, on the other hand, contended that item No. 5 had no reference to the workmen retrenched. Having regard to the background in which the agreement was effected on 24th November 1953, Company's claim that item No. 5 had reference to these 22 temporary workmen seems to me more probable. But nonetheless I am unable to uphold the contention of the Company that the provision in item No. 5 enabled the Company to retrench the workmen concerned without one month's notice or without payment of one month's wages in lieu of notice as provided in clause (a) of section 25F. Firstly, the provision in item No. 5 of the agreement did not provide exclusively for retrenchment. So the workmen cannot be said to have been stuck with the notice of retrenchment. Besides, proviso to clause (a) of section 25F requires that when the agreement specifies a date for the termination of service, no notice would be necessary. In item No. 5 no such date was mentioned but it was stated that the workers should either be made permanent or retrenched by the end of 1953. Therefore, the proviso upon which the Company relies has no application. I am, therefore, of opinion that the workmen concerned who had been in continuous service for not less than one year before retrenchment are entitled to one month's wages in lieu of notice under clause (a) of section 25F.

Then under clause (b) of section 25F a workman would be entitled to 15 days' average pay for every completed year of service or any part thereof in excess of six months. Judged by the standard laid down in section

and having regard to the period of service as noted in the statement, Ext. D, the workmen shall be deemed to have completed years of service as below :—

22. Shri Panchkori Das—3 years.

is more or less in accord with the length of service claimed by the workmen in annexure filed with their written statement.

Although otherwise stated in the written statement, the Company admitted during hearing that it did not make any payment in terms of section 25F to the workmen before retrenchment. The Company claimed to have paid only wages minus two days' wages for 29th and 30th December and of another day subsequently by money-order.

The Company is accordingly directed to pay the workmen who were retrenched with effect from 31st December 1953, except Shri Sew Shankar (Serial No. 6), Shri Kamala Mondal (Serial No. 17) and Shri Sarat Chandra Patro (Serial No. 13), one month's wages in lieu of notice, and compensation at the rate of 15 days' average pay for every completed year of service and any part thereof in excess of six months in terms of section 25F of the Act. The word "average pay" would mean as defined in clause (aa) of section 2 of the Act. The payment is to be made within one month from the date the award becomes enforceable.

As regards the three workmen, bearing serial Nos. 23 to 25, referred prior to the amendment of the Industrial Disputes Act introducing section 25F, it appears that they were temporary workmen. It further appears that none of them had served even up to one year. In the circumstances, the claim for compensation cannot be upheld.

Issue No. 2.

During hearing the parties agreed that the 10 workmen as named in list "B" were laid-off from 1st February 1954 for five months at the first instance and not from 30th January 1954 as noted in the order of reference. It appears that out of the said 10 laid-off workers, Shri Satyacharan S. (Serial No. 3) has since resigned. So, his case is left out of consideration.

The Mazdur Congress alleged that at the time of lay-off there was a paucity of work and that the workmen were unnecessarily laid-off. The Company, on the other hand, contended that there was no sufficient work for them and thus the workers had to be laid-off.

On giving careful consideration to the evidence and circumstances, I accept the Company's version of the case. Ext. A, which was marked as an annexure to the Company's written statement, shows that the Company was receiving lesser orders year by year since 1951. The balance-sheets filed by the Company also revealed that the financial position of the Company was anything but satisfactory. The allegation of the workmen that new hands were recruited in place of those who were laid-off has not been substantiated. The workmen, who deposed in this respect, had in a way admitted that new hands which were taken since the lay-off were not taken from the departments from which the workers were laid-off. They further admitted that the new recruits had also left one by one. So, on the materials before this Tribunal, I find that the lay-off was justified. No one was resort to lay-off unless compelled to do so as it involves financial liability under the amended Act.

Section 25C, introduced as a result of the amendment of the Industrial Disputes Act, effective from 24th October 1953, provides for grant of compensation compulsorily to the workmen laid-off. The evidence shows that and it is not disputed during hearing that before the lay-off in question notice as in annexure "A" was pasted on the notice board on 28th January 1954. The workmen also admitted in evidence that for the first period of lay-off for five months from 1st February 1954 to 30th June 1954 they had received wages for full 30 days, though of course in different instalments. The said payment, it appears, is what the workmen are entitled to under section 25C in respect of the lay-off for the first 5 months from 1st February 1954. In the circumstances, I find that the laid-off workmen are not entitled to any relief for the period of lay-off for five months from 1st February 1954, besides what was given to them by the Company. I do not enter into the question of lay-off for the subsequent periods as being outside the scope of the reference.

Issue No. 3.

The 22 workmen concerned, who were retrenched with effect from December 1953, did not admittedly attend duty on 29th and 30th December 1953 (*vide* P. W. 5, Shri Banamali Rakshit). According to the Company, after it pasted the notice dated 28th December

Ext. B) on the notice board terminating employment of 22 workmen from 31st December 1953, these workmen deliberately refrained from attending duty on 29th and 30th December 1953. The workmen, on the other hand, contended that there was no individual notice and that they did not attend duty on 29th and 30th December 1953, as they were told on 28th December 1953, that their services were no longer required.

On giving careful consideration to the evidence and circumstances, I am unable to accept the case of the workmen. When there is no dispute between the parties that the retrenchment was to be effective from 31st December 1953, it is obvious that the Company could not tell the workmen on 28th December 1953 that their services were not required during the intervening days. Whether at the time conciliation proceedings were pending or not, the fact cannot be disputed that the workmen were made known that their employment would cease from 31st December 1953 and that on having been so apprised of, they approached the Conciliation Officer for intervention and that he did, as a matter of fact, intervene and that he requested the management over the phone to maintain the *status quo*. It further appears that the Conciliation Officer had also directed the workmen to attend to their normal duties. These would, therefore, belie the version of the workmen that they absented on 29th and 30th December 1953, as they were told not to come. It rather seems to me more probable and natural that because of the notice of retrenchment, they abstained from attending duty on 29th and 30th December 1953. Whether the conciliation proceedings were pending at the time or not the workmen had no justification whatever to refrain from attending duty. When they did not admittedly work on 29th and 30th December 1953 and when there is no justification for the same, I find that they are entitled to wages for those two days.

Regarding claim of the Company for recovery of Rs. 1,000 by way of wages for the loss said to have been sustained due to sudden cessation of work on 29th and 30th December 1953 and for set-off of the said sum against the dues awarded in favour of the workmen, it is suffice here to note that such claims cannot be said to be industrial disputes or they do not come within the scope of the present reference or they cannot be said to be matters relevant to the points of dispute for adjudication. These are accordingly taken into and are left open.

Now, in terms as aforesaid, I make my award in respect of the issues.

Appearances.

For the Company: Shri Sunil Kumar Dhar, Pleader

For the Workman: Shri Jiten Banerjee.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the Government of West Bengal, Labour Department, by order No. 725Dis./D/10L-154/53, dated Calcutta, the 16th February 1954, referred the aforesaid dispute for adjudication to me regarding the matters specified in the schedule to the Order of Reference.

SCHEDULE.

- (i) To what benefit the retrenched workman, Shri Hemanta Kumar Mallick is entitled and whether in computing the benefit, his services with the previous employer, viz., India Weighing Scales & Engineering Co., Ltd. are to be taken into account?

AWARD.

India Weighing Scales & Engineering Co. was a proprietary concern and was purchased by the Company styled India Weighing Scales & Engineering Co., Ltd. in 1951. At that time an agreement was effected between the vendor and the vendee. On the basis of the agreement the vendor undertakes to pay certain liabilities of the said proprietary business for the period prior to the date of purchase.

the sale. From the evidence I find that Hemanta Mallick was a workman of the said business since 1931. He was not discharged or removed when the said Company as aforesaid became the owner in 1951, on the other hand, it appears that Hemanta was allowed to continue in service under the vendee company. In 1952 the Company appointed some other employees on high salaries. It also appears from the evidence that two other employees were retrenched before the retrenchment of Hemanta Kumar Mallick. Hemanta was given notice of retrenchment on 26th June 1953 but he did not accept it at that date and he insisted on having payment of his salary for the month of July 1953. Accordingly on the 11th July 1953, he was paid his salary for the month of July 1953 as "full and final settlement" and at that time he received the retrenchment notice and acknowledged it, under his signature at that date. On this point I believe the evidence on the side of the Company to be true. It appears from the Register of Wages that Hemanta Mallick received his full salary for the month of June 1953 and the receipt Ext. 1 produced by the Company, dated 11th July 1953 clearly shows that Hemanta Mallick received his salary for the month of July 1953 (being the notice month) as "full and final settlement." Hemanta Mallick's story that he has not been paid for 11 days in July 1953, i.e., from 1st July to 11th July 1953 is not true. It has been argued on behalf of Hemanta Mallick that what has been paid for the month of July 1953, was for the notice period and not for the period of his actual duty during that month. There is no basis for this contention. By "notice period" is not meant that the employee is to be paid wages for one month without doing any work and that if he actually does any work during that period of notice, he is to be paid for that period again as notice period. Under the law an employee sought to be retrenched is to be given a month's notice and this notice is to be given one month ahead. It does not mean that during the said month covered by the notice, the employee is not to do any duty. Therefore the contention of Hemanta Mallick that he has not been paid any wages due is without foundation. Under the issue I have to decide simply the question as to what benefit Hemanta Mallick is entitled to get on account of retrenchment and if for the purpose of calculating the said benefit his services under the vendee employer, i.e., the vendor of the Company are to be taken into account. This being the state of things I do not enter into the question whether principle of "last in, first go" has been followed or not. I need not enter into the question whether the retrenchment of Hemanta Mallick was justified or not. The question before me is what retrenchment benefit he is entitled to get and it is the period of the services for which such benefit is to be awarded. From the evidence it transpires that the Company did not earn much profit since its purchase of the business from its vendor. So it cannot but be that the retrenchment of Hemanta Mallick was for justifiable reasons for which Hemanta Mallick of course was not responsible. Under the law therefore he is entitled to get retrenchment benefit.

It has been contended on behalf of the Company that Hemanta Mallick has received the wages for the notice period as full and final settlement, and cannot prefer any claim for payment of gratuity at this late stage and that his belated claim is to be dismissed. It appears from the evidence that Hemanta took this matter (regarding payment of gratuity) to the Labour Commissioner, Howrah, by a letter, dated 14th July 1953. This shows that the claim was not a belated one, on the other hand, I should hold that the claim was made since his retrenchment took effect. As a matter of fact Hemanta had been in the office and rendered service to the Company up to 11th July 1953, it may be that by the expression "full and final settlement" it was sought to mean that the payment of Rs. 150 would be treated as the pay for the notice period although Hemanta Mallick had done work for 10 days within the said period. I do not think the expression "full and final settlement"

in Ext. 1 means that Hemanta Mallick gave up the claim for gratuity for the past long service rendered by him to this Company (business) since 1931. There is of course no Standing Order that in case of retrenchment of an employee, he is to be paid any gratuity for the past services, but the question is whether on principles of social justice Hemanta Mallick is to be paid an retrenchment benefit on the line of gratuity. His retrenchment took effect before the amendment of 1953 but the amendment itself is a recognition of the principles of social justice which the Industrial Tribunals had been applying from before such amendment. In *Rashtriya Mill Mazdoor Sangh, Bombay versus Gold Mohur Mills, Ltd., Bombay, 1953, F.J.R., Volume V, page 64* it has been observed that—

“where it is conceded that the closure of a department of an industry was a *bona fide* act as a measure of economy which the industry was properly entitled to resort to the only question that remains is as to compensation for the workmen who are retrenched”.

In *Gaslton Colliery versus workmen, 1954, 1, L.L.J, page 144*, the Appellate Tribunal held that—

“according to the normal rules the concerned workmen should have been given six months’ wages and allowances as retrenchment relief and that one of the considerations for giving compensation by way of retrenchment relief is that a workman so discharged should be provided for during the period he may require to find a suitable job elsewhere”.

The case of *Associated Rubber and Plastic Works versus their workmen, 1954, 6 F.J.R., page 195*, corresponding to *1954, 1 L.L.J, page 182*, is distinguishable. There the entire business was closed down. So it was held that as the management has the right to close down the business there can be no question of retrenchment and the question of compensation would arise only when the closure is approved to be *mala fide*.

The present case is not one of closure of business. The business is continuing. Only certain employees have been retrenched on the ground of economy and the retrenched workman Hemanta Mallick is not at all responsible for such retrenchment.

On the evidence I find that Hemanta Mallick was in service since 1931. The business simply changed hands. It is nobody’s case that at the time of the purchase of the business by the present company any retrenchment benefit or any benefit for the past services (welfare benefit) was given to the employee Shri Hemanta Mallick. It was held by the Madras High Court in *Artisan Press versus Appellate Tribunal, 1954, 2 L.L.J page 24*, that—

“a limited Company which took over business run by partnership concern, as a running business must be held to be liable to pay bonus even for the period before its taking over such business. So long as the management continues and there is an identity so far as business itself is concerned, the mere change of management does not affect the rights of the workmen”.

From this proposition of law it would appear that unless there is a contract to the contrary the purchasing company impliedly takes upon itself all the liabilities of the business arising out of the past services rendered by the employees. The agreement of purchase which has been exhibited in this case does not show that the present Company, viz., the vendee, expressly or impliedly avoided any such liability for the past services of the workmen prior to the said purchase. So my conclusion is that Hemanta Mallick’s past

ties with the previous employer, viz., India Weighing Scale & Engineering Company are to be taken into account.

Retrenchment benefit payable to Hemanta falls under two heads, viz.—

(i) Loss of employment

(ii) Compensation for length of service, i.e., a form of welfare benefit.

Hemanta admits that he is now aged old (50 years old) and he says that though he applied for job elsewhere, he could not get any as he is now fairly advanced in age. Regard being had to the short period Hemanta Mallick served in the past, I hold that he should get three months' basic wages as compensation for loss of employment. He shall also get welfare benefit for past services since 1931 at the rate of 10 days' basic wages per year of service subject to the maximum of 15 months. I did not allow him 15 days' basic wages per year in view of the financial position of the Company. The above payments shall be made by the Company within 10 days from the date of publication of the order in the *Calcutta Gazette*.

For the workmen: Shri Patit Paban Pathak, President of the Union.

The original reference out of which this case has been arisen was made under Government order No. 714Dis./D/111-3/54, dated Calcutta, the 15th February 1954.

AWARD.

Nineteen workmen have been retrenched by the company on the ground of trade and economic reasons. Twelve out of them have made this application under section 33A of the Industrial Disputes Act and their contention is that the retrenchment is illegal inasmuch as no permission was obtained from the Tribunal before the retrenchment was effected and it is also urged that the principle of "last come, first go" has not been followed and that junior hands have been retained whereas senior hands have been included in the retrenchment. The workmen also contend that the company removed away some moulds from the factory and was getting the work done from outside and as a matter of fact there was no paucity of work in the factory for which such retrenchment might be called. During the pendency of the Section 33A application two of the applicants, viz. Shyam Bhattacharjee and Debu Shaw filed a petition before the Tribunal stating that they have settled the matter amicably with the company and they have been paid up all their dues and that the retrenchment was effected as a matter of necessity due to *bona fide* trade reasons and they have now nothing to obtain from the company by the aforesaid application under section 33A of the Industrial Disputes Act.

On the 29th October 1954, however, these two petitioners filed another petition stating that Shri Khemani, the Director of the company obtained their signatures on several typed papers without giving them to understand or know the contents thereof and that subsequently they came across such paper in the office of the Union of the workmen and they were then informed that the said paper contained such and such facts as have been

disclosed in the said petition, dated 17th September 1954. Accordingly I examined Shri Debu Shaw and Shyam Bhattacharjee and I find from their evidence that before the said petition of the 17th September 1954 was signed by them they were paid some amounts by the company and I also find that they received one month's wages as notice pay from the company. From the testimony of Shyam Bhattacharjee it also appears that he was paid in excess of one month's wages and dearness allowance. He explains that the excess was paid to him because he required it in re-constructing his hut and that Debu Shaw also received money from the company because of the serious illness of his mother. The evidence of Shyam Bhattacharjee is discrepant with that of Debu Shaw. On careful consideration of their statements I am convinced that their statements in the petition dated 17th September 1954 were correct and that the contention which they later on made in the petition, dated the 29th October 1954, are not true.

The company filed a list showing the dates of appointment of the workmen and the names of workmen who have been retrenched have been marked with red asterisks. Debu and Shyam were appointed in August 1948. The company contends that these two were retrenched by way of weeding out the less efficient operators. As Debu and Shyam Bhattacharjee have been held by them to have already settled the matter with the company, on receiving payment from it, I need not consider whether they were less efficient or not. Their claim for reinstatement and for payment of compensation is to be rejected. Ghare Shaw and Ravi Ray were appointed in 1948. These two are alleged to have been included in the retrenched by way of weeding out the inefficient hands. They have not deposed in the case nor there is any evidence on the side of the workmen that these two were efficient. In the above circumstances I hold that it cannot be said that the principle of "last come, first go" has not been followed by the company so far as the law wants it. It is admitted that before these retrenchments there was a strike and later on when the strike was called off a settlement was arrived at between the company and the workmen on 11th December 1953. This agreement shows clearly that the business was then in a very bad state and that a retrenchment was in the offing. On the basis of negotiation between the two parties, it was stated in the agreement thus—

"As management contend that they are not in a position to offer employment to all workers due to loss of market the entire complement of workers will be divided into two batches and each batch will work for a fortnight in each month and remain idle for the other fortnight. This idle period will be treated as leave without pay and workers will claim no pay or allowances for the same. This system of rotation of work will continue for a period of three months on the expiry of which management may have to retrench some hands for *bona fide* reasons if the business of the company does not improve".

Shortly after the expiry of the said period of three months this retrenchment was effected by the company and the unchallenged evidence of Shri Ghemam is that in 1954, the company suffered loss to the extent of Rs. 81,000. So I conclude that the retrenchment was justified and I also find that the retrenchment did not offend the principle of "last come, first go" so far as the law required it. I also find that all the retrenched workmen except K. P. Chatterjee, Ghare Shaw, Jayanta Santra, Ramloot and Kashi Prasad have received payment of their wages due and so the wages for the leave period due and also notice pay and dearness allowance, after the retrenchment. Therefore there is no substance in the

application under Section 33A of the Industrial Disputes Act. It rejected. Amongst the workmen who have not yet received payment of their dues as aforesaid I find that Ramloot happens to be one of the petitioners. So he is to be paid his dues as have been calculated and noted the Ext. E (Rs. 94-8-0). The rest of the claims are rejected.
